Mayor James opened the Public Hearings.

Albert Jones, 722 SW 3rd Street, questioned if we were setting a precedent with all the variances requested. He is in favor of the project.

City Attorney Ansbrosio read the title of Resolution #2018-016, Resolution #2018-017 and Resolution #2018-018, as they relate to the same property.

Corinne Lajoie, Planning & Zoning Manager, described the plat amendment, plat and site plan for the proposed Saratoga Crossings housing development.

Marissa Neufeld, Greenberg Traurig, P.A., representing the applicant, noted she has 33 letters of support from residents, and a letter of support from St. Ruth Missionary Baptist Church, which she will submit to the clerk for the record.

Mayor James opened the Public Hearings.

Nefertiti Jones, 1155 W Dania Beach Boulevard, Apt. B, did not want to speak.

Cecilia Brown, representing Jennifer, 725 Dania Beach Boulevard, Apt. B, spoke in support of the project.

Tamora Brown, 1125 W Dania Beach Boulevard, Apt. C, spoke in favor of the development, but questioned why the community is not advised of job opportunities with all the development in the City.

Mayor James noted the information is out there; the community has to get more engaged.

Commissioner Grace addressed Ms. Brown's concern. The only thing she objects to is using taxpayer dollars to help build the development.

Mayor James said it is not the City's responsibility to give money to HUD, this is a loan; it is not our property.

Commissioner Brandimarte requested clarification in that tonight's hearings are not for funding. City Attorney Ansbro confirmed tonight is not about funding. Commissioner Brandimarte said they better come up with the funding because she will not approve it.

Albert C. Jones, 722 SW 3rd Street, spoke in support of the project.

Seeing as there was no one else to speak in favor or opposition, Mayor James closed the Public Hearings.

Commissioner Grace said we heard everyone tonight and understand the plight of having affordable housing in the City. She noted we are not anti-housing, and spoke of the Dania Economic and Development Corporation housing and everything she did to bring affordable housing to Dania Beach. We are not in the business of giving money to people to build housing that the City has no authority over.

Commissioner Brandimarte commented it is amazing it had to get to this point before anything was done to improve the living conditions. She is in favor of the project, but not in favor of providing funding.

Mayor James questioned the parking spaces, as some residents will have more than one vehicle. She noted not all of the units are vouchers.

Ms. Neufeld responded that a study found that the requested parking is sufficient; it is a tried and true formula.

10. Discussion and Possible Action

10.1 HR/Risk Re-organization

City Manager Baldwin reviewed the memo provided in the agenda packet. We are not adding any positions, but upgrading the current positions.

Assistant City Manager Donnelly described the three proposed positions for the HR Department (HR Director, Risk Specialist, and HR Specialist). An Administrative Assistant could be added during the budget process to bring the total positions to four.

Commissioner Grace noted it is apparent we need to hire someone ASAP; there is no one who can help the retirees. She questioned how many people have applied for the vacant positions and what the pay would be.

Assistant City Manager Donnelly addressed the applications received and the salary ranges for the positions.

Commissioner Salvino questioned why a Department Director is needed if there is an HR Specialist and Risk Specialist.

City Manager Baldwin responded that with a Director, there would be less involvement from the City Manager's Office.

Vice-Mayor Harris questioned the pay scale.

Assistant City Manager Donnelly explained the origins of the pay scales for the three proposed positions, and noted they could be vetted through the process of the pay and class study.

Commissioner Salvino motioned to hire an HR Director, seconded by Commissioner Grace. The motion passed unanimously.

10.2 Recruitment and Selection of City Manager – City Manager Baldwin

City Manager Baldwin recommended the Commission engage the services of a professional management recruitment company, which would provide a turnkey process including advertising to attract candidates, selection criteria and interview processes, and a variety of recommendations and input to bring forth a qualified city manager. He thought the process could be completed in 90 days.

Commissioner Salvino suggested the recruitment company not be local in order to avoid any bias. He thinks it would be a good idea for future vacancies to be given extra points for being Dania Beach residents.

Commissioner Grace asked the City Manager if he would be comfortable with the Commission putting a Department Head in the position, or if he would stay until another manager is hired.

City Manager Baldwin said it would be better to proceed with his recommendation to hire a headhunter.

Commissioner Brandimarte wants the City Manager to stay on as a consultant until the new city manager is trained.

City Manager Baldwin noted the Commission should proceed with his recommendation to look for a recruiter. He needs to look for other employment opportunities; he cannot commit to stay until someone else is hired and trained. It could take 60-90 days to fill the position.

Vice-Mayor Harris said the \$25,000 cost for a headhunter would be better served by hiring a full-time employee in the Parks Department. We should get a qualified current employee who could be the city manager and save our money. It could be very expensive to pay for travel and relocation costs.

Commissioner Grace questioned if this would be similar to what we did for the CRA Director. City Manager Baldwin noted it was done through HR. Commissioner Grace commented we might have qualified people who work in the City of Dania Beach, but we do not want to do favorites.

Mayor James does not see anything wrong with an interim, if we are going with a headhunter. We have to be careful when we automatically disqualify anyone who works for us currently. She indicated an interim city manager would have an opportunity to show us if they are qualified and could fill the position while we are looking for a city manager.

Vice-Mayor Harris agreed with allowing an interim who knows the streets and alleys of the City, and what we have been through, especially in the past year. This gives them a chance to prove themselves.

Mayor James noted we have a lot of vacancies and will go through a lot of change. There will be a period of adjustment. With all of the vacancies, we need to be careful of everyone being new at the same time because there is a lot of possibility for chaos.

Commissioner Salvino said we do not know if any of the department heads want to take the position. Anyone who wants to apply from within should give their application to City Manager Baldwin before we go out and get a headhunter. He believes in hiring from within, but the person needs to be qualified for the job.

City Manager Baldwin will speak to the employees if the Commission approves a headhunter.

Commissioner Brandimarte said there is not one department head that the Commissioners have not talked bad about to the City Manager. Anyone hired from within will get a lot of crap from her, because the Commissioners should not have the right to personally know someone they hire. We should use a headhunter.

Vice-Mayor Harris said no headhunter. If there is already someone here who is qualified for the job, they should have it.

Vice-Mayor Harris motioned not to hire a headhunter and we talk to interested candidates. Motion died for lack of a second.

Commissioner Grace said it is a hard decision that will affect the City as a whole. Maybe we need to think outside the box and wait to see what we are going to get.

Commissioner Salvino questioned why we cannot do both, as he recommended. Let the people apply and have a headhunter to back up. The City Manager could make a recommendation within 7-10 days, and we could give them an interview. It is not set in stone; it is just an interview, an opportunity to speak.

Vice-Mayor Harris motioned to hire from within and not hire a headhunter. The motion died for lack of a second.

Commissioner Brandimarte motioned to hire an independent headhunter who is not familiar with us. The motion died for lack of a second.

Commissioner Salvino motioned to give City employees an opportunity to submit an application until the next meeting, and if it does not work, then we hire a headhunter; seconded by Commissioner Grace. The motion carried on the following 4-1 Roll Call vote:

Commissioner Brandimarte	No	Vice-Mayor Harris	Yes
Commissioner Grace	Yes		
Commissioner Salvino	Yes		

Mayor James questioned the process.

Commissioner Salvino clarified he would like the opportunity to interview the candidate from the City.

Vice-Mayor Harris wants a letter of interest attached to the résumé and qualifications.

Commissioner Grace wants to do it before the next commission meeting.

City Manager Baldwin confirmed that candidates would have one week to respond and then the Commission can interview individually, then discuss at the next meeting. If no one qualifies or can garner three votes, then we move to the headhunter.

Mayor James voted yes.

11. Commission Comments

11.1 Commissioner Brandimarte

Commissioner Brandimarte noted she enjoyed the MLK events.

11.2 Commissioner Grace

Commissioner Grace noted that this MLK event was the best in a very long time. She thanked the outgoing and new committee for working with the City. Next year we will have twice as many people in the parade. The dinner will have more people and be held at DCOTA or Gallery of Amazing Things. She noted we also should have a prominent guest speaker.

Commissioner Grace wants more money next year for Gracefully Aging and the Seniors program.

Commissioner Grace thanked Public Services Director Kaine and his group for making sure the City was clean for MLK. He is her employee of the month.

11.3 Commissioner Salvino

Commissioner Salvino had no comments.

11.4 Vice-Mayor Harris

Vice-Mayor Harris noted he received calls from the Morrison Hotel developer and owner. He will call BSO Battalion Chief Brown and fast track their fire inspections.

Commissioner Grace wants to go on record that she is not insensitive to the needs of the residents at Saratoga Crossings. There should be something the Commission could do to send a letter to let them know that those residents should be treated humanely.

11.5 Mayor James

Mayor James said she needs clarification on Saratoga Crossings. She remembers needing help when she was a little girl and we have to make sure our residents are taken care of. She would be in favor of providing funds if all of her conditions are met. She has a lot of issues with the Housing Authority Board and will attend their next meeting, and added there are no training programs for the residents.

Mayor James noted she is proud of the Gracefully Aging program; it came from her sister. She invited Commissioner Brandimarte's Seniors to attend Gracefully Aging.

Mayor James commented the MLK event was amazing.

Mayor James noted life is too short to harbor hate in your heart.

12. Appointments

12.1 Dania Beach Housing Authority

Mayor James - 1 appointment for a 4-year term of a resident who is current in rent in a housing project, or a person of low income who is receiving rent subsidy through a project administered by the Authority (Tiffany Carlisle's term expired October 31, 2017, and she has expressed a desire to remain on the board)

Mayor James appointed Tamora Brown.

12.2 Education Advisory Board

City Attorney Ansbro reviewed the information provided in the agenda packet regarding the appointments made by then-mayor Salvino to the Dania Beach Housing Authority.

Commissioner Grace said we will correct that with the next election.

Commissioner Grace noted four cities are putting together resolutions about the President's comments about immigrants. She wants the City Attorney to look if we should adopt one also.

Dear Mayor, Vice Mayor and Commissioners:

I greet you in peace and joy. It has been my honor to work with the community of Dania Beach, FL for almost two years now. I am grateful for all of the inroads we have all been able to establish for the betterment of our community. I not only write this letter representing the St. Ruth Church, but I also give executive leadership to the Dania Beach Clergy Alliance, which is an alliance of pastors that represent eight different churches in the city of Dania Beach.

We all are neighbors to the Saratoga Apartments and many of us have had concerns about the condition of such old housing facilities. The director of the Dania Beach Housing Authority, Ann Castro, willingly met with us to explain the current status of the apartments and the possibility of a future project which has the potential to become a soon reality. In short, we support the plan by DBHA to demolish the Saratoga Apartments, as we know them, in order to replace them with the new \$30 million development that will take the property from a meager few dozen units to over 170 units. We believe this development will enhance the cosmetic status of the area while also blessing so many more with affordable housing. Furthermore, we will be able to foster more community with the amenities that the development will be providing.

It is our sincere prayer this project will solicit the support of all of our city officials.

With the community in mind,

J.C. Howard
Senior Pastor - St. Ruth Missionary Baptist Church
President - Dania Beach Clergy Alliance

**PETITION IN SUPPORT OF APPROVING THE SARATOGA CROSSINGS PROJECT LOW INCOME HOUSING
TAX CREDIT DEVELOPMENT**

(REPLACING SARATOGA PUBLIC HOUSING APARTMENTS)

To Whom It May Concern:

I currently live at Saratoga Apartments. I support the plan to be relocated using a Section 8 voucher and demolishing the Saratoga Apartments to rebuild newer units, which are consistent with current laws including disability and hurricane requirements. The units have many structural issues, including poor construction, thin walls, sagging floors, poly piping that leaks, and more.

We have had many meetings and the Dania Beach Housing Authority has consulted with us many times over the past three years. There have been resident meetings, annual meetings, DBHA Commission board meetings and we have always been invited to speak directly with the Executive Director. Most recently we had an open house with the Developer and Relocation company that would assist us with finding the best place to live when we are issued a voucher as part of the relocation plan.

Also, there will be more units build, replacing 39 3 bedroom/2 bathroom units with 172 units of 1, 2, and 3 bedrooms. In addition, the new development for extreme low income, low income, and moderate income will have units for the elderly and families with amenities such as a computer library, weight room, playground, meeting room, and nurses station. Further, I understand that I will be notified when construction is complete and allowed to move back into the new development. Please support this project by voting YES on the site plan and YES on the loan agreement. We want better lives and living conditions.

**PETITION IN SUPPORT OF APPROVING THE SARATOGA CROSSINGS PROJECT LOW INCOME HOUSING
TAX CREDIT DEVELOPMENT**

(REPLACING SARATOGA PUBLIC HOUSING APARTMENTS)

To Whom It May Concern:

I currently live at Saratoga Apartments. I support the plan to be relocated using a Section 8 voucher and demolishing the Saratoga Apartments to rebuild newer units, which are consistent with current laws including disability and hurricane requirements. The units have many structural issues, including poor construction, thin walls, sagging floors, poly piping that leaks, and more.

We have had many meetings and the Dania Beach Housing Authority has consulted with us many times over the past three years. There have been resident meetings, annual meetings, DBHA Commission board meetings and we have always been invited to speak directly with the Executive Director. Most recently we had an open house with the Developer and Relocation company that would assist us with finding the best place to live when we are issued a voucher as part of the relocation plan.

Also, there will be more units build, replacing 39 3 bedroom/2 bathroom units with 172 units of 1, 2, and 3 bedrooms. In addition, the new development for extreme low income, low income, and moderate income will have units for the elderly and families with amenities such as a computer library, weight room, playground, meeting room, and nurses station. Further, I understand that I will be notified when construction is complete and allowed to move back into the new development. Please support this project by voting YES on the site plan and YES on the loan agreement. We want better lives and living conditions.

I support the plan to be relocated using a Section 8 voucher and demolishing the Saratoga Apartments to rebuild newer units, which are consistent with current laws including disability and hurricane requirements. The units have many structural issues, including poor construction, thin walls, sagging floors, poly piping that leaks, and more.

We have had many meetings and the Dania Beach Housing Authority has consulted with us many times over the past three years. There have been resident meetings, annual meetings, DBHA Commission board meetings and we have always been invited to speak directly with the Executive Director. Most recently we had an open house with the Developer and Relocation company that would assist us with finding the best place to live when we are issued a voucher as part of the relocation plan.

Also, there will be more units build, replacing 39 3 bedroom/2 bathroom units with 172 units of 1, 2, and 3 bedrooms. In addition, the new development for extreme low income, low income, and moderate income will have units for the elderly and families with amenities such as a computer library, weight room, playground, meeting room, and nurses station. Further, I understand that I will be notified when construction is complete and allowed to move back into the new development. Please support this project by voting YES on the site plan and YES on the loan agreement. We want better lives and living conditions.

Re: Projects

We are getting back on track with the numerous projects that are currently underway. This is an update of several of these projects. Most of them are capital projects and infrastructure-related; however, a number of them are related to studies and service-oriented projects.

1. Budget Priorities. We are continuing to process and implement the City Commission's budgetary priorities for FY17/18. Among those items:
 - a. Adding 3 new Firefighter/Paramedic positions to create a three-paramedic med unit at Station 17. This is now completed. An additional Firefighter/Paramedic position will be added in April. I expect to present an updated BSO Fire Rescue contract that reflects the staffing changes.
 - b. Adding 2 new Deputy Positions. The 2 new positions authorized for October 1, 2018 are being recruited. BSO is actively filling the four new open positions as quickly as possible. The three additional Deputy positions that were approved for April are not included in the four active recruitments.
 - c. Adding 1 Lifeguard. This position was added to provide lifeguard protection north of the pier. This position is filled. The tower is now being constructed.
 - d. Adding an Athletic Director and Facilities Manager. Parks has just completed their review of 84 candidates. HR will soon be setting up interviews.
 - e. Adding 3 full-time Recreation Assistants from 3 part-time positions. These positions are now filled.
 - f. Opening parks on Mondays. This has been implemented.
 - g. Conducting a Citywide Classification and Pay Analysis. A kick off meeting was held January 12, 2018 with Evergreen Consulting. Staff is compiling the requisite information for Evergreen. The project completion date is slated for May 15, 2018.
 - h. Conducting a Parks and Recreation Facilities Study. The bid documents are expected to be finalized and advertised during the week of January 29, 2018.
 - i. Grant Writer – An RFP has been issued for grant writers. Responses are due to the City on February 1.
 - j. Oasis 15 – SW 25 Terrace – Staff identified this location and it is in the design phase.

2. Bus Shelters. A kick off meeting with the contractor was held. Plans will be submitted for permits next week.
3. Smith's Store. The store has been demolished. The appraisals have been completed for adjacent residential properties. A tentative agreement has been reached which is being reviewed by the City Attorney. It will then be brought to the City Commission for action.
4. Oasis 12 (NW 8th Avenue). The contractor is working and the job is expected to be completed by the end of the month with exceptions of the decorative street signs.
5. Oasis 13 (NE 1st Street). The project is under way and the contractor is expected to be completed by the end of next week with the exception of the solar lights and decorative street signs.
6. Oasis 14. Staff has identified the location for Oasis 14 as SE 13 Terr.; SE 13 Street, and SE 14 Street, This project location is in-line with the City Commission's previous direction. This will be a CDBG funded project. It is now being designed.
7. 4-Way Stop Sign on Bryan Road. Broward County has informed us that the City could place a 4-way stop sign on Bryan Road, providing Bryan Road "became a City street." Presumably, the City would have to approach Broward County to transfer the County jurisdiction to the City, and the City would take the responsibility for improvements and incur liability for the roadway, similar to other City streets. The City will do an analysis of the advantages/disadvantages of taking over the jurisdiction. A meeting is being scheduled including Broward County Traffic Engineering, City Manager, Public Services and the Vice Mayor.
8. Olsen Middle School Property. Broward School submitted three appraisals for the site and all were multi-million dollar appraisals. Following a December conference call between the City and Broward Schools it appears that they have reverted to their old position of two years ago.
9. Commission Offices. The Building Department has issued a Certificate of Completion. The contractor needs to address some minor items. Staff is seeking additional furniture vendor proposals and anticipates providing options for the Commission's review presently. .
10. SW 26th Terrace Stormwater Project. Project is 100% complete.
11. SE Stormwater Project. Final bid documents are with City Attorney's office and require review by the project consultant. Bidding will be open for approximately 75 days.

12. Beach Revitalization. Construction documents are being prepared for the second beach bathroom. This should take approximately six months. We are waiting on contract from FPL for the underground wiring.
13. Taylor Lane Roadway Improvement. The storm water improvements have been completed and appear to be working as designed. A guard rail is being installed and the final paving of the road will follow in February.
14. Melaleuca Gardens Water Main. The bids were received and exceeded the engineer's estimate. The award of the contract and a request for additional funding will go to the City Commission at the February 26, 2018 Commission meeting.
15. Hurricane Action Plan. We will be preparing a Hurricane debriefing and action plan to evaluate our response to Hurricane Irma. The City will be using a contractor to conduct employee after action interviews. The plan will incorporate improvements and recommendations concerning our hurricane preparedness and response pre-, during, and post hurricanes. The structure analysis City Hall has been completed and we are awaiting the report. Many elements of the plan to be scheduled and implemented prior to next hurricane season.
16. Mold Report – A follow up mold report was completed in December 2017 at City Hall. Mold returned in one non occupied area and the initial remediation is complete. Further cleaning and testing will be on-going
17. Solar Light Repairs – Recently, 87 Solar lights have been repaired, 14 batteries replaced and the Estates of Fort Lauderdale lights are repaired.
18. FDOT funded Bus Shelters – FDOT is funding seven new bus shelters on Federal Highway. These are to supplement, not replace existing shelters. Public Services is reviewing shelter designs that meet the City's requirements for size, maintenance and consistency of design. We are awaiting a report to send to the City Commission.
19. Additional properties are being appraised for negotiation and purchase.
20. The 2018 Asphalt Microsurfacing Project will be presented to the City Commission during the meeting of February 12, 2018.
21. The next Oasis Clean-up Day is being scheduled for April 29, 2018.
22. The Dania READY Hurricane Preparedness Conference is being scheduled for Saturday, June 2, 2018.
23. The Whisky Creek Dredging Project is in design. A Florida Inland Navigation District grant application is being prepared to offset the cost of the dredging. A

resolution authorizing the grant will be before the City Commission in February 2018.

24. Water Use Permit - The Administration continues to seek a long term solution to the City's water supply needs.

25. Entryway Sign - The bid documents have been prepared for the Abbate design. Staff and the Consultants have been meeting with permitting agencies to receive their initial comments. Subsequently, meetings with Redline and the Commission have indicated a desire to incorporate the City's new logo. Staff and the Consultants will be meeting with Redline in the upcoming weeks to coordinate design alternatives and an approval by the City Commission. Further action pending City Commission consensus on the final design.

These are several of the projects currently underway. The administration will provide more projects and attendant costs later in the fiscal year. Please let me know if there are other projects or information that you would like included. If you have any questions, please call.
