MEMORANDUM

Date: April 14, 2026

To: Mayor Joyce L. Davis
Vice Mayor Marco A. Salvino, Sr.
Commissioner Lori Lewellen
Commissioner Luis Rimoli
Commissioner A. J. Ryan IV

From: Ana M. Garcia, ICMA-CM, City Manager

Subject: Manager's Report

As we prepare for Blues and BBQ, our last Dania after Dark event of the calendar year, and in anticipation of our Country's 250th birthday, this 4th of July we have replaced our 120th banner with a banner that honors our beloved USA. I want to thank our Marketing and Communications Division Director Nannette Rodriguez, who worked closely with me drafting 2 dozen renditions until we got it right. The banner compliments our community plaza area and our Veteran's Park and mural. Our entire campus at City Hall has been transformed with the final piece being the upcoming renovation of our central campus fountain. A true before and after the we can all take great pride in.

We continue our investment in our Parks and augmenting the recreational opportunities for all in Dania Beach. Many of our residents wanted pickleball at Frost Park and we certainly delivered! I have included the before and after photos of the courts for your perusal. Another great project that certainly compliments this very popular park. We will work closely with Maxine to schedule our celebratory ribbon cutting. Kudos to our Parks and Recreation Director for overseeing the construction of yet another successful Park's project.

This past Thursday, April 2nd, former Commissioner Chickie Brandimarte and more than 100 seniors honored my time at the City and my/ our commitment to our seniors, particularly the significant renovations at IT Parker Community Center and the total transformation of this premier waterfront facility. I want to thank former Commissioner Brandimarte, all our seniors and Commissioners Lewellen and Rimoli who also attended. We are currently working on a new promotional game plan for IT Parker Center and looking into the enhancement of the acoustics.

On Thursday, March 26th, Mayor Davis and I participated in the Broward County Superintendent of Schools strategic roundtable discussion. The district has lost almost 40 thousand students since the 2017-2018 school year. The unprecedented decline in student numbers equates to a loss of

$352 million in funding. Additionally, the financial challenges were exacerbated due to a failure to reduce full-time employees. Now our current superintendent has commenced the process of eliminating full-time employees. I have included some slides from the meeting in my report including the proposed referendum. The referendum will seek via public vote to levy 1 mill in property taxes from January of 2027 to December 31, 2030.

This past Saturday, April 4th, we held our Annual Spring Egg Hunt. More than 1,500 kids and their families enjoyed the festivities. Every year we augment and enhance this special event.

Another great event celebrating its 6th year anniversary is our Earth Day beach cleanup. Mark your calendars and join us on Monday, April 20th, at our beach by the Quarterdeck restaurant from 4:00 p.m. – 6:00 p.m.

As we transition to fill current key openings and the anticipated retirement of our esteemed Public Services Director, we have worked diligently with our Human Resources Team to recruit and hire two new Team members. On March 31st, Marketing and Communications Manager Natalie Mattis officially joined Team Dania Beach. Natalie joins us from Florida's largest County, Miami-Dade. During her previous 13 years she has achieved notable success and accolades for her work. Natalie holds a bachelor's degree in public relations and marketing from the University of Miami and a master's degree in media management from the University of Arkansas. I had the pleasure of meeting and engaging with Natalie and she will certainly be a great addition to our Marketing and Communications Team.

We have also hired our next Public Services Director Oscar Vasquez whom I also had the great pleasure of meeting and interviewing alongside our Deputy City Manager. Oscar holds a master's degree in environmental engineering from FIU and is currently working on his Doctorate degree. Oscar will be starting with us on April 27th and overlap with Director Rodriguez for 90 days to ensure a very seamless transition. Oscar currently is the Deputy Director of Public Works in Florida's 5th largest City, Hialeah. Hialeah has over 240 thousand residents and the area he works with is over 23 square miles. Oscar also enjoyed much success during his tenure in Miami-Dade County Water and Sewer Department.

We are very happy to report the completion of the SW 34th Terrace storm water project adjacent to my Big Fat Greek Restaurant. This area was extremely impacted by the storms of 2023 where the water levels exceeded more than 2 feet. With the rain we have experienced lately, the project has been tested post construction completion and drainage is working properly!

The Historic Women's Club house construction project is underway. We anticipate a ribbon cutting late fall.

We are working on various budget scenarios, awaiting State budget projections and front and center is continuing to be financially sound via ways to save money and bring in additional revenues. Our team is running on all cylinders and exhibiting much innovation and resolve. Soon we will be sending some dates for a budget workshop.

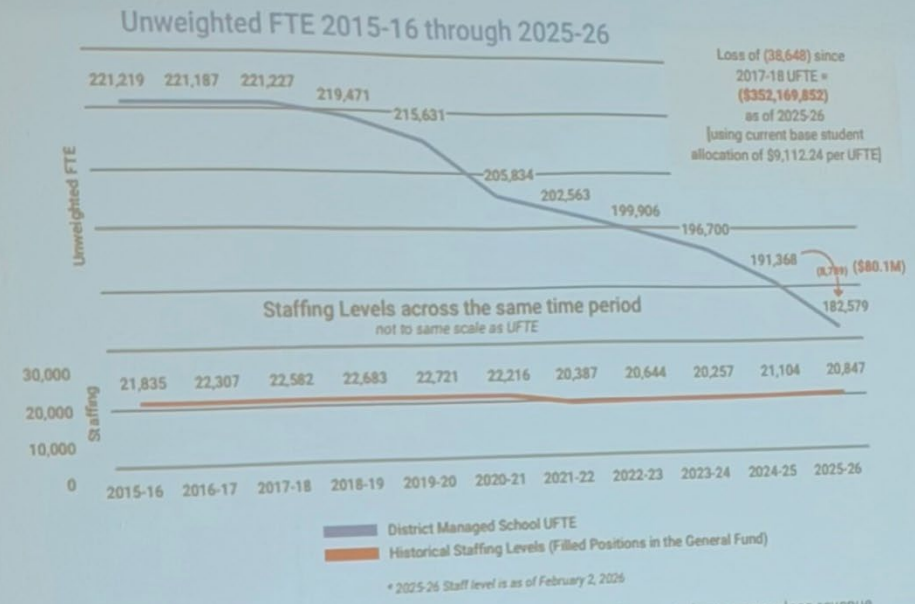
A KEY REALITY: ENROLLMENT HAS FALLEN FASTER THAN STAFFING



What this Chart Shows

- District-managed UFTE fell from 221,227 in 2017-18 to 182,579 in 2025-26.
- That is a loss of about 38,648 students, equal to roughly $352.2 million at the current base student allocation.
- Staffing levels also declined, but more gradually, which helps explain why one-time savings are not enough.
- Expenses currently exceed revenue

Florida school funding is driven primarily by student enrollment. Fewer students means less revenue.

12. **SECOND READING ORDINANCES**

12.1 ORDINANCE NO. 2025-_____

AN ORDINANCE OF THE CITY COMMISSION OF THE CITY OF DANIA BEACH, FLORIDA, APPROVING THE APPLICATION REQUEST (RZ-034-24, MADE BY ROD A. FEINER, ESQ., ON BEHALF OF 2700 GRIFFIN HOLDINGS LLLP, A FLORIDA LIMITED LIABILITY LIMITED PARTNERSHIP FOR PROPERTIES GENERALLY LOCATED AT 4901 SW 27th TERRACE AND 4880 SW 28th AVENUE IN THE CITY OF DANIA BEACH, FLORIDA, AS LEGALLY DESCRIBED IN EXHIBIT "A," A COPY OF WHICH IS ATTACHED TO THIS ORDINANCE; TO REZONE THE PROPERTIES FROM TWO-FAMILY RESIDENTIAL DISTRICT (RD-8000) AND SINGLE-FAMILY 6000 RESIDENTIAL (RS-6000) TO PLANNED RESIDENTIAL DEVELOPMENT DISTRICT (PRD-1), SUBJECT TO CERTAIN RESTRICTIONS; PROVIDING FOR CONFLICTS; PROVIDING FOR SEVERABILITY; AND FURTHER, PROVIDING FOR AN EFFECTIVE DATE. *(Community Development)*

This item was taken with item 10.2.

City Attorney Boutsis read the title of the resolution and swore in anyone wishing to testify on the item. She asked for any disclosures from the Commission and Mayor Davis, Commissioner Lewellen, Commissioner Rimoli, and Commissioner Ryan stated that they either attended the community meeting, spoke to residents and/or the developers but could remain impartial.

Deputy Director of Community Development Corinne Lajoie introduced the item and commented that the applicants have submitted a new proposal, and staff has not had the time to review the revised proposal and is therefore asking for a continuance of the item.

Mayor Davis clarified with Attorney Boutsis that the ordinance was incorrect in stating that the city's Planning and Zoning Board, acting as the local planning agency, held a properly noticed public hearing on January 21, 2026, and determined that the proposed rezoning is consistent with the goals and objectives of the City of Dania Beach Comprehensive Plan and recommended

DRAFT

approval of rezoning case RZ034-24. She noted the Planning and Zoning Board did not recommend rezoning; it was a 4–1 vote against it. It appears that the ordinance as written is incorrect and needs to be corrected.

City Attorney Boutsis responded affirmatively indicating that the ordinance does need to be corrected, and Mayor Davis commented that the city should not move forward until it has been corrected.

Attorney Rod Feiner speaking on behalf of the applicants presented a map of the new proposal and stated that he does not feel that a continuance is necessary as the correction could be made on the dais and all review can be done during the permitting review.

City Attorney Boutsis commented that she was not provided with the revised proposal.

Attorney Feiner reviewed the revised proposal and explained the proposed modifications.

City Attorney Boutsis stated that the city has never approved a substituted site plan that has never been reviewed and said that it is reasonable for staff to ask for time to review it.

Mayor Davis opened the floor to public comments and the following spoke:

- Chandni Chishti – 5105 SW 27th Terr.
- Alina Yllanes – 4937 SW 27th Terr.
- Jennifer Stewart – 4891 SW 28th Ave.
- Kirsty Forgie – 5111 SW 27th Terr.
- Shawn DeRosa – 408 SE 5th St.

Mayor Davis asked City Attorney Boutsis to clarify Mr. DeRosa's question about the compliance and approval process from a legal standpoint. Attorney Boutsis explained the process.

- Robert Kirshgraber – 2725 Treasure Cove Dr.
- Mary Jane Myscich – 4731 SW 43 Ave.

Attorney Feiner stated that the applicant is willing to defer to the second meeting in April and hold one more public outreach meeting if staff agrees to a set date and time as to not incur more advertising expenses.

Deputy Director Lajoie responded that April 28, 2026 would work provided that the applicant has the complete package and is ready to proceed.

Commissioner Rimoli asked if this would go back to first reading and City Attorney Boutsis explained that the ordinance that is currently at second reading would simply be continued to April 28th and it would not restart the process. The site plan resolution only requires one reading. The Commission would still have the option to delay or move forward at the next date.

Commissioner Rimoli expressed appreciation to the residents who came out to speak to the attorney and developer and thanked the developer and attorney for meeting with residents and having candid conversations to reach a resolution.

DRAFT

SUBJECT: **AUTHORIZATION FOR REIMBURSEMENT OF CDBG YEAR 48 FUNDS TO BROWARD COUNTY**

Request:
Approval of a Resolution authorizing the reimbursement of Community Development Block Grant (CDBG) Year 48 funds to Broward County in the amount of $159,817.50, ensuring continued eligibility for, and facilitating access to, future funding allocations beginning with CDBG Year 52 and beyond.

Background:
The Community Development Block Grant (CDBG) program funds a variety of eligible public improvement projects, including neighborhood drainage improvements, streetscape and beautification enhancements, roadway and pedestrian safety improvements, and public lighting infrastructure.

The City of Dania Beach received $159,817.50 in CDBG Year 48 funding from Broward County for the Solar Lighting Project. This work was awarded in June 2024 and successfully completed in November 2024. The installation of 14 solar lighting units has resulted in enhanced safety and visibility in the City's northwest neighborhoods. The project has been successfully completed and is already delivering measurable benefits to the community, including improved nighttime visibility and increased public safety.

The City has successfully partnered with Broward County for more than 20 years to implement numerous CDBG–funded projects, delivering tangible benefits to residents of Dania Beach. Over the past seven years, the City has received a total of $983,913.43 in CDBG funding. In addition, the City has been awarded funding for CDBG Years 49, 50, and 51, and is currently in the process of finalizing its Year 52 allocation; these upcoming awards are valued at more than $700,000. Combined, this represents close to $1.7 million in CDBG funding over the past seven years. Continued participation in the CDBG program is essential to advancing neighborhood improvements and supporting critical infrastructure investments throughout the City.

During the final reporting and closeout process, Broward County notified the City that certain project activities were initiated prior to the official grant eligibility period established under the

CDBG Year 48 program guidelines. Specifically, the County identified that the Notice to Proceed was not submitted to the County, monthly reports were not completed, and the County was not made aware of construction start and ends dates. As part of Broward County's grant administration and reprogramming process, the County has requested reimbursement of the Year 48 funds in the amount of $159,817.50 (see attached letter).
Although the City respectfully disagrees with Broward County's final determination, the City provided comprehensive documentation during multiple coordination and appeal discussions demonstrating that it adhered to applicable CDBG program requirements related to project implementation, reporting, and financial management.

Unfortunately, Broward County retains final administrative authority over the CDBG program and, after reviewing the submitted information, has determined that reimbursement of the Year 48 funds is required. In consideration of the City's longstanding partnership with Broward County and the importance of maintaining a solid relationship and eligibility for current and future CDBG funding cycles, reimbursement of these funds will allow the County to reallocate the Year 48 funding to the City's CDBG Year 52 program and support continued investment in eligible community projects.

Budgetary Impact
The total reimbursement amount is $159,817.50. Funding will be provided from the General Fund Account No. 001-18-00-519-49-15. Upon approval, a budget transfer will be processed from the Capital projects Fund reserves 301-00-00-389-90-01 to the General Fund GL 001-18-00-519-49-15.

Recommendation
Public Services recommends approval of the Resolution authorizing reimbursement of CDBG Year 48 funds to Broward County.

RESOLUTION NO. 2026-____

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF DANIA BEACH, FLORIDA, AUTHORIZING THE REIMBURSEMENT OF COMMUNITY DEVELOPMENT BLOCK GRANT (CDBG) YEAR 48 FUNDS TO BROWARD COUNTY IN THE AMOUNT OF ONE HUNDRED FIFTY-NINE THOUSAND EIGHT HUNDRED SEVENTEEN DOLLARS AND FIFTY CENTS ($159,817.50); PROVIDING FOR CONFLICTS; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, over the past seven years, the City has received a total of $983,913.43 in CDBG grant funding; and

WHEREAS, based on discrepancies with submittal documentation and timing identified during the final reporting and closeout process, Broward County has requested reimbursement of the Year 48 funds Broward County has requested reimbursement of the CDBG Year 48 funds in the total amount of $159,817.50; and

WHEREAS, the reimbursement of these funds will allow Broward County to possibly reprogram and allocate the funds toward eligible activities under the CDBG Year 52 funding cycle; and

WHEREAS, the City Commission finds that authorizing this reimbursement and reallocation is in the best interest of the City, as it supports continued participation in the CDBG program and allows the City to maximize the use of available grant funding.

RE: Solar Lighting Project – City of Dania Beach
Community Development Block grant (CDBG)
Fiscal Year (FY) October 1, 2022 – September 30, 2023 (48th Year)
Total Allocation: $177,575

Dear Ms. Garcia:

The following is regarding the City of Dania Beach's letter, dated November 4, 2025 (email delivered on November 11, 2025), requesting an Administrative Management Review of the County's Final Monitoring Determination issued on October 7, 2025. The determination that the City is obligated to reimburse the County in the amount of $159,817.50 stands. The funds to be used for the reimbursement must come from non-federal, unrestricted, or internal organizational funds. The invoice for reimbursement along with wire instructions are attached. Please execute reimbursement within 30 days. This final determination does not affect future CDBG eligibility.

While the County Administrative Policies do not provide for an Administrative Management Review procedure beyond what was previously performed and provided to the City, one was performed as courtesy. You are entitled to request an independent review of the project directly from the U.S. Department of Housing and Urban Development (HUD) should you wish to do so.

The County values its partnership with the City of Dania Beach and appreciates the City's continued interest in participating in the CDBG program. We look forward to working collaboratively on future initiatives that advance community development objectives while meeting all federal compliance standards.

Sincerely,
DARBY DELSALLE

SUBJECT: **APPROVAL OF A SOLE SOURCE PURCHASE FROM SOUTHERN SEWER FOR VAC TRUCK PARTS AND REPAIRS**

Request:
PSD is requesting approval to make a purchase from Southern Sewer which will exceed the $50,000 threshold annual single vendor threshold. Southern Sewer is the certified sole source vendor for parts and service on Vac Con trucks.

Background:
PSD has one vac truck that is currently out of service due to significant wear to the debris tank. Although the truck has been properly maintained, the debris tank requires replacement. The estimated cost of repair is approximately $85,000. In addition, we need supplemental funding to cover part purchases for our second vac truck to ensure it remains fully operational and to prevent downtime issues.

Replacing the damaged vac truck entirely would cost approximately $525,000. Given that the chassis and other major components of the existing truck remain in good condition, replacing the debris tank represents a cost-effective option and will extend its useful life.

Budgetary Impact
Funding will be appropriated from Stormwater Account No. 403-38-01-538-46-10.

Recommendation
PSD recommends approval of a sole source purchase from Southern Sewer for Vac Con parts and service.

RESOLUTION NO. 2026-_____

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF DANIA BEACH, FLORIDA, AUTHORIZING THE EXPENDITURE OF FUNDS BY THE PUBLIC SERVICES DEPARTMENT FOR THE PURCHASE OF PARTS AND SERVICES FROM SOUTHERN SEWER WHICH WILL EXCEED THE ANNUAL SINGLE VENDOR THRESHOLD OF FIFTY THOUSAND DOLLARS ($50,000.00); AUTHORIZING SUCH PURCHASES TO BE MADE WITHIN THE PUBLIC SERVICES DEPARTMENT'S APPROVED ANNUAL BUDGET APPROPRIATIONS; PROVIDING FOR CONFLICTS; FURTHER, PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Charter of the City of Dania Beach, Part III, Article 3, Section 4, Subsection (j), authorizes the City Manager to purchase supplies, services, equipment and materials for the City government in amounts in excess of the established monetary threshold without competitive bidding and without advertisement for bids if she is authorized to do so in advance by a resolution adopted by the City Commission; and

WHEREAS, the Dania Beach Code of Ordinances, Chapter 2, Article 1, Section 2-10, "Monetary thresholds for certain purchases and payment disbursement authorizations", subsection (a), sets the monetary threshold at Fifty Thousand Dollars ($50,000.00) for a vendor for each fiscal year; and

WHEREAS, one of the Public Services Department's main vacuum trucks requires major repairs to its debris tank to avoid total vehicle replacement, and additional parts are required for miscellaneous repairs to other vac trucks; and

WHEREAS, the estimated cost to repair this vacuum truck is $85,000.00 and supplemental funding is needed to properly maintain and repair a second vacuum truck; and

WHEREAS, funding will be appropriated from the Stormwater Management account #403-38-01-538-46-10; and

WHEREAS, Southern Sewer was certified as sole source vendor for Vac Con parts and services; and

WHEREAS, the Public Services Department is seeking approval to exceed Fifty Thousand Dollars ($50,000.00) for necessary parts and repairs with funds being appropriated from the Stormwater Fund in the current budget year and made in accordance with the City of Dania Beach Purchasing Policy for each fiscal year.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF DANIA BEACH, FLORIDA:

Section 1. That the above "Whereas" clauses are ratified and confirmed, and they are made a part of and incorporated into this Resolution by this reference.

Section 2. That the City Commission authorizes the purchase of parts and repairs from Southern Sewer which will exceed the City's annual amount of Fifty Thousand Dollars ($50,000.00) purchase threshold for a single vendor for the 2025-2026 fiscal year.

Section 3. That all purchases shall be subject to and made within the Public Services Departments approved level of its annual budget appropriations and in accordance with the City of Dania Beach Purchasing Policy for each fiscal year

Section 4. That all resolutions or parts of resolutions in conflict with this Resolution are repealed to the extent of such conflict.

Section 5. That this Resolution shall be effective 10 days after passage.

SUBJECT: **AUTHORIZATION TO DECLARE VEHICLES AND EQUIPMENT AS SURPLUS AND SELL VIA AUCTION**

Request:
The Public Services Department (PSD) is requesting approval of a resolution declaring 24 vehicles and pieces of equipment (listed in the resolution) as surplus and authorizing their sale at auction.

Background:
The vehicles and equipment proposed for auction have either been replaced with new units or have been assessed and confirmed to be obsolete, worn out, or beyond economical repair.

When fleet assets reach this stage, it is no longer cost-effective to continue operating and maintaining them. Accordingly, PSD has implemented a structured and well-planned fleet replacement process. As equipment is replaced over time, surplus vehicles and equipment naturally accumulate. To manage this surplus efficiently, it is prudent to conduct an auction every few years. The total estimated value of the surplus inventory recommended for auction is $107,950.

The Royal Auction Group (RA Group) is an approved, specialized vendor that provides removal, transportation, and storage of assets during the auction process. In addition, the RA Group provides an online list of live onsite bidding, allowing optimal exposure to potential buyers while limiting liability to the City during the inspection period of the auction.

Budgetary Impact
The proceeds from the auction cannot be accurately estimated, as they do not necessarily reflect the estimated value of the equipment sold. The RA Group will administer the entire auction process at no cost to the City. The fee to RA Group will be paid by the purchasers of the fleet asset pieces in the form of a percentage over and above the amount of their purchase.

Recommendation
PSD recommends City Commission authorization for the items listed in the attached resolution

to be declared surplus and sold at auction utilizing the services of the RA Group.

RESOLUTION NO. 2026-_____

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF DANIA BEACH, FLORIDA, AUTHORIZING THE CITY TO DECLARE A GROUP OF 24 VEHICLES AND PIECES OF EQUIPMENT AS SURPLUS PROPERTY AND TO AUTHORIZE THEM TO BE SOLD AT AUCTION UTILIZING AN APPROVED VENDOR, THE ROYAL AUCTION GROUP; PROVIDING FOR CONFLICTS; FURTHER, PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Public Services Department's fleet management function includes the annual replacement of vehicles and equipment that have reached the end of their useful life or are in poor condition: and

WHEREAS, over several years this replacement program results in the accumulation of vehicles and equipment pieces that need to be sold via auction to both benefit from the resulting sale's proceeds and clearing storage space in the Public Services facility; and

WHEREAS, a specialized auction vendor, The Royal Auction Group, has been previously approved by the City Commission to fully manage the auction at no cost to the City.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF DANIA BEACH, FLORIDA:

Section 1. That the above "Whereas" clauses are ratified and confirmed, and they are made a part of and incorporated into this Resolution by this reference.

Section 2. That the City Commission approves the recommendation of City Administration to declare vehicles and equipment listed below, which are no longer required for service, to be declared as surplus and sold via auction:

REVENUE SERVICE AGREEMENT FOR AUCTIONEER SERVICES

THIS AGREEMENT, made this 26th day of ~~May~~ June 2023, is by and between the City of Fort Lauderdale, a Florida municipality ("City"), whose address is 100 North Andrews Avenue, Fort Lauderdale, Florida 33301-1016, and Royal Auction Group, Inc., a Florida corporation ("Contractor") whose address is 7061 Alico Road, Fort Myers, Florida 33912; Email: gfrazier@royalauctiongroup.com; Phone: (239) 936-4121, (collectively, "Parties").

NOW THEREFORE, for and in consideration of the mutual promises and covenants set forth herein and other good and valuable consideration, Contractor agrees to provide to the City Auctioneer Services (the "Work"), and the City and the Contractor further covenant and agree as follows:

WITNESSETH:

I. DOCUMENTS

The following documents (collectively "Contract Documents") are hereby incorporated into and made part of this Agreement:

(1) Event 21 - Auctioneer Services, including any and all exhibits and addenda prepared by the City of Fort Lauderdale, ("Exhibit A").

(2) The Contractor's response to Event 21, dated January 30, 2023, ("Exhibit B").

(3) The Contractor's response to the Negotiations Term Sheet, dated March 6, 2023 ("Exhibit C").

All Contract Documents may also be collectively referred to as the "Documents." In the event of any conflict between or among the Documents or any ambiguity or missing specifications or instruction, the following priority is established:

A. First, this Agreement dated June 26, 2023 and any attachments.
B. Second, Exhibit A.
C. Third, Exhibit B.
D. Fourth, Exhibit C.

II. SCOPE

The Contractor shall perform the Work under the general direction of the City as set forth in the Contract Documents.

Unless otherwise specified herein, the Contractor shall perform all Work identified in this Agreement. The Parties agree that the scope of services is a description of Contractor's obligations and responsibilities, and is deemed to include preliminary considerations and prerequisites, and all labor, materials, equipment, and tasks which are such an inseparable part of the work described that exclusion would render performance by Contractor impractical, illogical, or unconscionable.

Contractor acknowledges and agrees that the City's Contract Administrator has no authority to make changes that would increase, decrease, or otherwise modify the Scope of Services to be provided under this Agreement. Any change orders to the Scope of Services or amendments to the Contract Documents must be authorized by the City Manager, or his designee, and approved by the City Commission whenever required in compliance with the Charter and Code of Ordinances for the City of Fort Lauderdale.

By signing this Agreement, the Contractor represents that it has thoroughly reviewed the documents incorporated into this Agreement by reference and that it accepts the description of the work and the conditions under which the Work is to be performed.

III. TERM OF AGREEMENT

The initial term of this Agreement shall commence on May 2, 2023 and shall be end on May 1, 2026. The City reserves the right to extend this Agreement for two (2) additional one (1) year terms, provided all terms, conditions and specifications contained herein remain the same, and the extension is mutually agreed to in writing and signed by both Parties. In the event the term of this Agreement extends beyond the end of any fiscal year of City, to wit, September 30th, the continuation of this Agreement beyond the end of the City's fiscal year shall be subject to and conditioned upon both the appropriation and the availability of funds.

IV. COMPENSATION

The Contractor agrees to provide the services and/or materials as specified in the Contract Documents at the cost specified in Exhibit B. It is acknowledged and agreed by Contractor that this amount is the maximum payable and constitutes a limitation upon City's obligation to compensate Contractor for Contractor's services related to this Agreement. This maximum amount, however, does not constitute a limitation of any sort upon Contractor's obligation to perform all items of work required by or which can be reasonably inferred from the Scope of Services. Except as otherwise provided in the solicitation, no amount shall be paid to Contractor to reimburse Contractor's expenses.

V. METHOD OF BILLING AND PAYMENT

The City will accept invoices no more frequently than once per month. Each invoice shall fully detail the related costs and shall specify the status of the particular task or project as of the date of the invoice with regard to the accepted schedule for that task or project. Payment will be made within forty-five (45) days after the City's receipt of the Contractor's proper invoice, as provided in the Florida Local Government Prompt Payment Act, as may be amended from time to time. To be deemed proper, all invoices must comply with the requirements set forth in this Agreement and must be submitted on the form and pursuant to instructions prescribed by the City's Contract Administrator. Payment may be withheld for failure of Contractor to comply with a term, condition, or requirement of this Agreement. If, at any time during the Agreement, the City shall not approve or accept the Contractor's work product, and agreement cannot be reached between the City and the Contractor to resolve the problem to the City's satisfaction, the City shall negotiate with the Contractor on a payment for the work completed and usable to the City. If billed monthly, an original invoice plus one copy is due within fifteen (15) days of the end of the month except the final invoice which must be received no later than sixty (60) days after this Agreement expires. Invoices shall designate the nature of the services performed and/or the goods provided.

Notwithstanding any provision of this Agreement to the contrary, City may withhold, in whole or in part, payment to the extent necessary to protect itself from loss on account of inadequate or

defective work that has not been remedied or resolved in a manner satisfactory to the City's Contract Administrator or failure to comply with this Agreement. The amount withheld shall not be subject to payment of interest by City.

VI. GENERAL CONDITIONS

A. Indemnification

Contractor shall protect and defend at Contractor's expense, counsel being subject to the City's approval, and indemnify and hold harmless the City and the City's officers, employees, volunteers, and agents from and against any and all losses, penalties, fines, damages, settlements, judgments, claims, costs, charges, expenses, or liabilities, including any award of attorney fees and any award of costs, in connection with or arising directly or indirectly out of any act or omission by the Contractor or by any officer, employee, agent, invitee, subcontractor, or sublicensee of the Contractor. The provisions and obligations of this section shall survive the expiration or earlier termination of this Agreement. To the extent considered necessary by the City Manager, any sums due Contractor under this Agreement may be retained by City until all of City's claims for indemnification pursuant to this Agreement have been settled or otherwise resolved, and any amount withheld shall not be subject to payment of interest by City.

B. Intellectual Property

Contractor shall protect and defend at Contractor's expense, counsel being subject to the City's approval, and indemnify and hold harmless the City from and against any and all losses, penalties, fines, damages, settlements, judgments, claims, costs, charges, royalties, expenses, or liabilities, including any award of attorney fees and any award of costs, in connection with or arising directly or indirectly out of any infringement or allegation of infringement of any patent, copyright, or other intellectual property right in connection with the Contractor's or the City's use of any copyrighted, patented or un-patented invention, process, article, material, or device that is manufactured, provided, or used pursuant to this Agreement. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the bid prices shall include all royalties or costs arising from the use of such design, device, or materials in any way involved in the work.

C. Termination for Cause

The City may terminate this Agreement for cause if the Contractor has not corrected the breach within ten (10) days after written notice from the City identifying the breach. The City may also terminate this Agreement upon such notice as the City Manager deems appropriate under the circumstances in the event the City Manager determines that termination is necessary to protect the public health or safety. The Parties agree that if the City erroneously, improperly, or unjustifiably terminates for cause, such termination shall be deemed a termination for convenience, which shall be effective thirty (30) days after such notice of termination for cause is provided.

This Agreement may be terminated for cause for reasons including, but not limited to, Contractor's repeated (whether negligent or intentional) submission for payment of false or incorrect bills or invoices, failure to perform the work to the City's satisfaction; or failure to continuously perform the work in a manner calculated to meet or accomplish the objectives as set forth in this Agreement.

D. Termination for Convenience

The City reserves the right, in its best interest as determined by the City, to cancel this Agreement for convenience by giving written notice to the Contractor at least thirty (30) days prior to the effective date of such cancellation. In the event this Agreement is terminated for convenience, Contractor shall be paid for any services performed to the City's satisfaction pursuant to the Agreement through the termination date specified in the written notice of termination. Contractor acknowledges and agrees that it has received good, valuable, and sufficient consideration from City, the receipt and adequacy of which are hereby acknowledged by Contractor, for City's right to terminate this Agreement for convenience.

E. Cancellation for Unappropriated Funds

The City reserves the right, in its best interest as determined by the City, to cancel this Agreement for unappropriated funds or unavailability of funds by giving written notice to the Contractor at least thirty (30) days prior to the effective date of such cancellation. The obligation of the City for payment to a Contractor is limited to the availability of funds appropriated in a current fiscal period, and continuation of the Agreement into a subsequent fiscal period is subject to appropriation of funds, unless otherwise provided by law.

F. Insurance

As a condition precedent to the effectiveness of this Agreement, during the term of this Agreement and during any renewal or extension term of this Agreement, the Contractor, at the Contractor's sole expense, shall provide insurance of such types and with such terms and limits as noted below. Providing proof of and maintaining adequate insurance coverage are material obligations of the Contractor. The Contractor shall provide the City a certificate of insurance evidencing such coverage. The Contractor's insurance coverage shall be primary insurance for all applicable policies. The limits of coverage under each policy maintained by the Contractor shall not be interpreted as limiting the Contractor's liability and obligations under this Agreement. All insurance policies shall be from insurers authorized to write insurance policies in the State of Florida and that possess an A.M. Best rating of A-, VII or better. All insurance policies are subject to approval by the City's Risk Manager.

The coverages, limits, and endorsements required herein protect the interests of the City, and these coverages, limits, and endorsements may not be relied upon by the Contractor for assessing the extent or determining appropriate types and limits of coverage to protect the Contractor against any loss exposure, whether as a result of this Agreement or otherwise. The requirements contained herein, as well as the City's review or acknowledgement, are not intended to and shall not in any manner limit or qualify the liabilities and obligations assumed by the Contractor under this Agreement.

The following insurance policies and coverages are required:

Commercial General Liability

Coverage must be afforded under a Commercial General Liability policy with limits not less than:

- $1,000,000 each occurrence and $2,000,000 aggregate for Bodily Injury, Property Damage, and Personal and Advertising Injury
- $1,000,000 each occurrence and $2,000,000 aggregate for Products and Completed Operations

Policy must include coverage for contractual liability and independent contractors.

The City, a Florida municipal corporation, its officials, employees, and volunteers are to be covered as an additional insured with a CG 20 26 04 13 Additional Insured – Designated Person or Organization Endorsement or similar endorsement providing equal or broader Additional Insured Coverage with respect to liability arising out of activities performed by or on behalf of the Contractor. The coverage shall contain no special limitation on the scope of protection afforded to the City, its officials, employees, and volunteers.

Garage Keepers Legal Liability
Coverage shall be purchased for the Contractor's liability for damage or other loss, including comprehensive and collision risks, to the vehicles while in the care, custody, and control of the Contractor. Coverage form must be on a direct primary basis with limits equal to the highest possible replacement cost value of vehicles in the care, custody, and control of the Contractor at any one time.

Business Automobile Liability
Coverage must be afforded for all Owned, Hired, Scheduled, and Non-Owned vehicles for Bodily Injury and Property Damage in an amount not less than $1,000,000 combined single limit each accident.

If the Contractor does not own vehicles, the Contractor shall maintain coverage for Hired and Non-Owned Auto Liability, which may be satisfied by way of endorsement to the Commercial General Liability policy or separate Business Auto Liability policy.

Workers' Compensation and Employer's Liability
Coverage must be afforded per Chapter 440, Florida Statutes. Any person or entity performing work for or on behalf of the City must provide Workers' Compensation insurance. Exceptions and exemptions will be allowed by the City's Risk Manager, if they are in accordance with Florida Statute.

The Contractor waives, and the Contractor shall ensure that the Contractor's insurance carrier waives, all subrogation rights against the City, its officials, employees, and volunteers for all losses or damages. The City requires the policy to be endorsed with WC 00 03 13 Waiver of our Right to Recover from Others or equivalent.

The Contractor must be in compliance with all applicable State and federal workers' compensation laws, including the U.S. Longshore Harbor Workers' Act and the Jones Act, if applicable.

Insurance Certificate Requirements
a. The Contractor shall provide the City with valid Certificates of Insurance (binders are unacceptable) no later than thirty (30) days prior to the start of work contemplated in this Agreement.
b. The Contractor shall provide to the City a Certificate of Insurance having a thirty (30) day notice of cancellation; ten (10) days' notice if cancellation is for nonpayment of premium.
c. In the event that the insurer is unable to accommodate the cancellation notice requirement, it shall be the responsibility of the Contractor to provide the proper notice. Such notification will be in writing by registered mail, return receipt requested, and addressed to the certificate holder.

d. In the event the Agreement term goes beyond the expiration date of the insurance policy, the Contractor shall provide the City with an updated Certificate of Insurance no later than ten (10) days prior to the expiration of the insurance currently in effect. The City reserves the right to suspend the Agreement until this requirement is met.
e. The Certificate of Insurance shall indicate whether coverage is provided under a claims-made or occurrence form. If any coverage is provided on a claims-made form, the Certificate of Insurance must show a retroactive date, which shall be the effective date of the initial contract or prior.
f. The City shall be named as an Additional Insured on all liability policies, with the exception of Workers' Compensation.
g. The City shall be granted a Waiver of Subrogation on the Contractor's Workers' Compensation insurance policy.
h. The title of the Agreement, Bid/Contract number, event dates, or other identifying reference must be listed on the Certificate of Insurance.

The Certificate Holder should read as follows:
City of Fort Lauderdale
100 N. Andrews Avenue
Fort Lauderdale, FL 33301

The Contractor has the sole responsibility for the payment of all insurance premiums and shall be fully and solely responsible for any costs or expenses as a result of a coverage deductible, co-insurance penalty, or self-insured retention; including any loss not covered because of the operation of such deductible, co-insurance penalty, self-insured retention, or coverage exclusion or limitation. Any costs for adding the City as an Additional Insured shall be at the Contractor's expense.

If the Contractor's primary insurance policy/policies do not meet the minimum requirements, as set forth in this Agreement, the Contractor may provide evidence of an Umbrella/Excess insurance policy to comply with this requirement.

The Contractor's insurance coverage shall be primary insurance as applied to the City and the City's officers, employees, and volunteers. Any insurance or self-insurance maintained by the City covering the City, the City's officers, employees, or volunteers shall be non-contributory.

Any exclusion or provision in the insurance maintained by the Contractor that excludes coverage for work contemplated in this Agreement shall be unacceptable and shall be considered breach of contract.

All required insurance policies must be maintained until the contract work has been accepted by the City, or until this Agreement is terminated, whichever is later. Any lapse in coverage shall be considered breach of contract. In addition, Contractor must provide to the City confirmation of coverage renewal via an updated certificate should any policies expire prior to the expiration of this Agreement. The City reserves the right to review, at any time, coverage forms and limits of Contractor's insurance policies.

The Contractor shall provide notice of any and all claims, accidents, and any other occurrences associated with this Agreement shall be provided to the Contractor's insurance company or companies and the City's Risk Management office as soon as practical.

It is the Contractor's responsibility to ensure that any and all of the Contractor's independent contractors and subcontractors comply with these insurance requirements. All coverages for independent contractors and subcontractors shall be subject to all of the applicable requirements stated herein. Any and all deficiencies are the responsibility of the Contractor.

G. Environmental, Health and Safety

Contractor shall place the highest priority on health and safety and shall maintain a safe working environment during performance of the Work. Contractor shall comply, and shall secure compliance by its employees, agents, and subcontractors, with all applicable environmental, health, safety and security laws and regulations, and performance conditions in this Agreement. Compliance with such requirements shall represent the minimum standard required of Contractor. Contractor shall be responsible for examining all requirements and determine whether additional or more stringent environmental, health, safety and security provisions are required for the Work. Contractor agrees to utilize protective devices as required by applicable laws, regulations, and any industry or Contractor's health and safety plans and regulations, and to pay the costs and expenses thereof, and warrants that all such persons shall be fit and qualified to carry out the Work.

H. Standard of Care

Contractor represents that it is qualified to perform the Work, that Contractor and subcontractors possess current, valid state and/or local licenses to perform the Work, and that their services shall be performed in a manner consistent with that level of care and skill ordinarily exercised by other qualified contractors under similar circumstances.

I. Rights in Documents and Work

Any and all reports, photographs, surveys, and other data and documents provided or created in connection with this Agreement are and shall remain the property of City; and Contractor disclaims any copyright in such materials. In the event of and upon termination of this Agreement, any reports, photographs, surveys, and other data and documents prepared by Contractor, whether finished or unfinished, shall become the property of City and shall be delivered by Contractor to the City's Contract Administrator within seven (7) days of termination of this Agreement by either Party. Any compensation due to Contractor shall be withheld until Contractor delivers all documents to the City as provided herein.

J. Audit Right and Retention of Records

City shall have the right to audit the books, records, and accounts of Contractor and Contractor's subcontractors that are related to this Agreement. Contractor shall keep, and Contractor shall cause Contractor's subcontractors to keep, such books, records, and accounts as may be necessary in order to record complete and correct entries related to this Agreement. All books, records, and accounts of Contractor and Contractor's subcontractors shall be kept in written form, or in a form capable of conversion into written form within a reasonable time, and upon request to do so, Contractor or Contractor's subcontractor, as applicable, shall make same available at no cost to City in written form.

Contractor and Contractor's subcontractors shall preserve and make available, at reasonable times for examination and audit by City in Broward County, Florida, all financial records, supporting documents, statistical records, and any other documents

pertinent to this Agreement for the required retention period of the Florida public records law, Chapter 119, Florida Statutes (2022), as may be amended from time to time, if applicable, or, if the Florida Public Records Act is not applicable, for a minimum period of three (3) years after termination of this Agreement. If any audit has been initiated and audit findings have not been resolved at the end of the retention period or three (3) years, whichever is longer, the books, records, and accounts shall be retained until resolution of the audit findings. If the Florida public records law is determined by City to be applicable to Contractor and Contractor's subcontractors' records, Contractor and Contractor's subcontractors shall comply with all requirements thereof; however, Contractor and Contractor's subcontractors shall violate no confidentiality or non-disclosure requirement of either federal or state law. Any incomplete or incorrect entry in such books, records, and accounts shall be a basis for City's disallowance and recovery of any payment upon such entry.

Contractor shall, by written contract, require Contractor's subcontractors to agree to the requirements and obligations of this Section.

The Contractor shall maintain during the term of the Agreement all books of account, reports and records in accordance with generally accepted accounting practices and standards for records directly related to this Agreement.

K. Public Entity Crime Act

Contractor represents that the execution of this Agreement will not violate the Public Entity Crime Act, Section 287.133, Florida Statutes (2022), as may be amended from time to time, which essentially provides that a person or affiliate who is a contractor, consultant, or other provider and who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid on a contract to provide any goods or services to City, may not submit a bid on a contract with City for the construction or repair of a public building or public work, may not submit bids on leases of real property to City, may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under an Agreement with City, and may not transact any business with City in excess of the threshold amount provided in Section 287.017, Florida Statutes (2022), as may be amended from time to time, for category two purchases for a period of 36 months from the date of being placed on the convicted vendor list. Violation of this Section shall result in termination of this Agreement and recovery of all monies paid by City pursuant to this Agreement and may result in debarment from City's competitive procurement activities.

L. Independent Contractor

Contractor is an independent contractor under this Agreement. Services provided by Contractor pursuant to this Agreement shall be subject to the supervision of the Contractor. In providing such services, neither Contractor nor Contractor's agents shall act as officers, employees, or agents of City. No partnership, joint venture, or other joint relationship is created hereby. City does not extend to Contractor or Contractor's agents any authority of any kind to bind City in any respect whatsoever.

M. Inspection and Non-Waiver

Contractor shall permit the representatives of City to inspect and observe the Work at all times.

The failure of the City to insist upon strict performance of any other terms of this Agreement or to exercise any rights conferred by this Agreement shall not be construed by Contractor as a waiver of the City's right to assert or rely on any such terms or rights on any future occasion or as a waiver of any other terms or rights.

N. Assignment and Performance

Neither this Agreement nor any right or interest herein shall be assigned, transferred, or encumbered without the prior written consent of the other Party. In addition, Contractor shall not subcontract any portion of the work required by this Agreement, except as provided in the Schedule of Subcontractor Participation. City may terminate this Agreement, effective immediately, if there is any assignment, or attempted assignment, transfer, or encumbrance, by Contractor of this Agreement or any right or interest herein without City's prior written consent.

Contractor represents that each person who will render services pursuant to this Agreement is duly qualified to perform such services by all appropriate governmental authorities, where required, and that each such person is reasonably experienced and skilled in the area(s) for which he or she will render his or her services.

Contractor shall perform Contractor's duties, obligations, and services under this Agreement in a skillful and respectable manner. The quality of Contractor's performance and all interim and final product(s) provided to or on behalf of City shall be comparable to the best local and national standards.

In the event Contractor engages any subcontractor in the performance of this Agreement, Contractor shall ensure that all of Contractor 's subcontractors perform in accordance with the terms and conditions of this Agreement. Contractor shall be fully responsible for all of Contractor's subcontractors' performance, and liable for any of Contractor's subcontractors' non-performance and all of Contractor's subcontractors' acts and omissions. Contractor shall defend at Contractor's expense, counsel being subject to City's approval or disapproval, and indemnify and hold City and City's officers, employees, and agents harmless from and against any claim, lawsuit, third party action, fine, penalty, settlement, or judgment, including any award of attorney fees and any award of costs, by or in favor of any of Contractor's subcontractors for payment for work performed for City by any of such subcontractors, and from and against any claim, lawsuit, third party action, fine, penalty, settlement, or judgment, including any award of attorney fees and any award of costs, occasioned by or arising out of any act or omission by any of Contractor 's subcontractors or by any of Contractor's subcontractors' officers, agents, or employees. Contractor's use of subcontractors in connection with this Agreement shall be subject to City's prior written approval, which approval City may revoke at any time.

O. Conflicts

Neither Contractor nor any of Contractor's employees shall have or hold any continuing or frequently recurring employment or contractual relationship that is substantially antagonistic or incompatible with Contractor's loyal and conscientious exercise of judgment and care related to Contractor's performance under this Agreement.

Contractor further agrees that none of Contractor's officers or employees shall, during the term of this Agreement, serve as an expert witness against City in any legal or administrative proceeding in which he, she, or Contractor is not a party, unless compelled by court process. Further, Contractor agrees that such persons shall not give sworn

testimony or issue a report or writing, as an expression of his or her expert opinion, which is adverse or prejudicial to the interests of City in connection with any such pending or threatened legal or administrative proceeding unless compelled by court process. The limitations of this section shall not preclude Contractor or any persons in any way from representing themselves, including giving expert testimony in support thereof, in any action or in any administrative or legal proceeding.

In the event Contractor is permitted pursuant to this Agreement to utilize subcontractors to perform any services required by this Agreement, Contractor agrees to require such subcontractors, by written contract, to comply with the provisions of this Section to the same extent as Contractor.

P. Schedule and Delays

Time is of the essence in this Agreement. By signing, Contractor affirms that it believes the schedule to be reasonable; provided, however, the Parties acknowledge that the schedule might be modified as the City directs.

Q. Materiality and Waiver of Breach

City and Contractor agree that each requirement, duty, and obligation set forth herein was bargained for at arm's-length and is agreed to by the Parties in exchange for *quid pro quo*, that each is substantial and important to the formation of this Agreement and that each is, therefore, a material term hereof.

City's failure to enforce any provision of this Agreement shall not be deemed a waiver of such provision or modification of this Agreement. A waiver of any breach of a provision of this Agreement shall not be deemed a waiver of any subsequent breach and shall not be construed to be a modification of the terms of this Agreement.

R. Compliance With Laws

Contractor shall comply with all applicable federal, state, and local laws, codes, ordinances, rules, and regulations in performing Contractor's duties, responsibilities, and obligations pursuant to this Agreement.

S. Severance

In the event a portion of this Agreement is found by a court of competent jurisdiction to be invalid or unenforceable, the provisions not having been found by a court of competent jurisdiction to be invalid or unenforceable shall continue to be effective.

T. Limitation of Liability

The City desires to enter into this Agreement only if in so doing the City can place a limit on the City's liability for any cause of action for money damages due to an alleged breach by the City of this Agreement, so that its liability for any such breach never exceeds the sum of $1,000. Contractor hereby expresses its willingness to enter into this Agreement with Contractor's recovery from the City for any damage action for breach of contract or for any action or claim arising from this Agreement to be limited to a maximum amount of $1,000 less the amount of all funds actually paid by the City to Contractor pursuant to this Agreement.

Accordingly, and notwithstanding any other term or condition of this Agreement, Contractor hereby agrees that the City shall not be liable to Contractor for damages in an

amount in excess of $1,000 which amount shall be reduced by the amount actually paid by the City to Contractor pursuant to this Agreement, for any action for breach of contract or for any action or claim arising out of this Agreement. Nothing contained in this paragraph or elsewhere in this Agreement is in any way intended to be a waiver of the limitation placed upon City's liability as set forth in Section 768.28, Florida Statutes (2022), as may be amended or revised.

U. Jurisdiction, Venue, Waiver, Waiver of Jury Trial

The Agreement shall be interpreted and construed in accordance with, and governed by, the laws of the state of Florida. The Parties agree that the exclusive venue for any lawsuit arising from, related to, or in connection with this Agreement shall be in the state courts of the Seventeenth Judicial Circuit in and for Broward County, Florida. If any claims arising from, related to, or in connection with this Agreement must be litigated in federal court, the Parties agree that the exclusive venue for any such lawsuit shall be in the United States District Court or United States Bankruptcy Court for the Southern District of Florida. **BY ENTERING INTO THIS AGREEMENT, THE PARTIES HEREBY EXPRESSLY WAIVE ANY AND ALL RIGHTS EITHER PARTY MIGHT HAVE TO A TRIAL BY JURY OF ANY ISSUES RELATED TO THIS AGREEMENT. IF A PARTY FAILS TO WITHDRAW A REQUEST FOR A JURY TRIAL IN A LAWSUIT ARISING OUT OF THIS AGREEMENT AFTER WRITTEN NOTICE BY THE OTHER PARTY OF VIOLATION OF THIS SECTION, THE PARTY MAKING THE REQUEST FOR JURY TRIAL SHALL BE LIABLE FOR THE REASONABLE ATTORNEYS' FEES AND COSTS OF THE OTHER PARTY IN CONTESTING THE REQUEST FOR JURY TRIAL, AND SUCH AMOUNTS SHALL BE AWARDED BY THE COURT IN ADJUDICATING THE MOTION.**

V. Amendments

No modification, amendment, or alteration in the terms or conditions contained herein shall be effective unless contained in a written document prepared with the same or similar formality as this Agreement and executed by the City's Mayor and/or City Manager, as determined by the City Charter and Ordinances of the City of Fort Lauderdale, Florida, and Contractor, or others delegated authority to or otherwise authorized to execute same on its behalf.

W. Prior Agreements

This document represents the final and complete understanding of the Parties and incorporates or supersedes all prior negotiations, correspondence, conversations, agreements, and understandings applicable to the matters contained herein. The Parties agree that there is no commitment, agreement, or understanding concerning the subject matter of this Agreement that is not contained in this written document. Accordingly, the Parties agree that no deviation from the terms hereof shall be predicated upon any prior representation or agreement, whether oral or written.

X. Payable Interest

Except as required and provided for by the Florida Local Government Prompt Payment Act, City shall not be liable for interest for any reason, whether as prejudgment interest or for any other purpose, and in furtherance thereof Contractor waives, rejects, disclaims and surrenders any and all entitlement it has or may have to receive interest in connection with a dispute or claim based on or related to this Agreement.

Y. Representation of Authority

Each individual executing this Agreement on behalf of a party hereto hereby represents and warrants that he or she is, on the date he or she signs this Agreement, duly authorized by all necessary and appropriate action to execute this Agreement on behalf of such party and does so with full legal authority.

Z. Uncontrollable Circumstances ("Force Majeure")

The City and Contractor will be excused from the performance of their respective obligations under this Agreement when and to the extent that their performance is delayed or prevented by any circumstances beyond their control including, fire, flood, explosion, strikes or other labor disputes, act of God or public emergency, war, riot, civil commotion, malicious damage, act or omission of any governmental authority, delay or failure or shortage of any type of transportation, equipment, or service from a public utility needed for their performance, provided that:

1. The non-performing party gives the other party prompt written notice describing the particulars of the Force Majeure including, but not limited to, the nature of the occurrence and its expected duration, and continues to furnish timely reports with respect thereto during the period of the Force Majeure;

2. The excuse of performance is of no greater scope and of no longer duration than is required by the Force Majeure;

3. No obligations of either party that arose before the Force Majeure causing the excuse of performance are excused as a result of the Force Majeure; and

4. The non-performing party uses its best efforts to remedy its inability to perform. Notwithstanding the above, performance shall not be excused under this Section for a period in excess of two (2) months, provided that in extenuating circumstances, the City may excuse performance for a longer term. Economic hardship of the Contractor will not constitute Force Majeure. The term of the Agreement shall be extended by a period equal to that during which either Party's performance is suspended under this Section.

AA. Scrutinized Companies

Clarification to Vendor question	Event	Question: Should the supplier have their own fleet of trucks for pick up due to the tight spaces and the liability of maneuvering in those spaces at the Ft. Lauderdale facility? Updated Response/Answer: The contractor should plan on transporting assets with their own vehicles or if using a third party transporter, the transporter needs to be identified with the bid proposal. The city, if available, can help assist in loading of assets but the contractor should not plan on that consistently happening and come prepared to load assets themselves.

5.14 **LAWS/ORDINANCES:** The Contractor shall observe and comply with all Federal, state, local and municipal laws, ordinances rules and regulations that would apply to this contract.

NON-DISCRIMINATION: The Contractor shall not, in any of its activities, including employment, discriminate against any individual on the basis of race, color, national origin, age, religion, creed, sex, disability, sexual orientation, gender, gender identity, gender expression, marital status, or any other protected classification as defined by applicable law.

1. The Contractor certifies and represents that the Contractor will comply with Section 2-187, Code of Ordinances of the City of Fort Lauderdale, Florida, (2019), as may be amended or revised, ("Section 2-187"), during the entire term of this Agreement.
2. The failure of the Contractor to comply with Section 2-187 shall be deemed to be a material breach of this Agreement, entitling the City to pursue any remedy stated below or any remedy provided under applicable law.
3. The City may terminate this Agreement if the Contractor fails to comply with Section 2-187.
4. The City may retain all monies due or to become due until the Contractor complies with Section 2-187.
5. The Contractor may be subject to debarment or suspension proceedings. Such proceedings will be consistent with the procedures in section 2-183 of the Code of Ordinances of the City of Fort Lauderdale, Florida.

5.15 **UNUSUAL CIRCUMSTANCES:** If during a contract term where costs to the City are to remain firm or adjustments are restricted by a percentage or CPI cap, unusual circumstances that could not have been foreseen by either party of the contract occur, and those circumstances significantly affect the Contractor's cost in providing the required prior items or services, then the Contractor may request adjustments to the costs to the City to reflect the changed circumstances. The circumstances must be beyond the control of the Contractor, and the requested adjustments must be fully documented. The City may, after examination, refuse to accept the adjusted costs if they are not properly documented, increases are considered to be excessive, or decreases are considered to be insufficient. In the event the City does not wish to accept the adjusted costs and the matter cannot be resolved to the satisfaction of the City, the City will reserve the following options:

1. The contract can be canceled by the City upon giving thirty (30) days written notice to the Contractor with no penalty to the City or Contractor. The Contractor shall fill all City requirements submitted to the Contractor until the termination date contained in the notice.

2. The City requires the Contractor to continue to provide the items and services at the firm fixed (non-adjusted) cost until the termination of the contract term then in effect.

3. If the City, in its interest and in its sole opinion, determines that the Contractor in a capricious manner attempted to use this section of the contract to relieve Contractor of a legitimate obligation under the contract, and no unusual circumstances had occurred, the City reserves the right to take any and all action under law or equity. Such action shall include, but not be limited to, declaring the Contractor in default and disqualifying Contractor from receiving any business from the City for a stated period of time.

If the City does agree to adjusted costs, these adjusted costs shall not be invoiced to the City until the Contractor receives notice in writing signed by a person authorized to bind the City in such matters.

5.16 **ELIGIBILITY:** If applicable, the Contractor must first register with the Florida Department of State in accordance with Florida Statutes, prior to entering into a contract with the City.

5.17 **PATENTS AND ROYALTIES:** The Contractor, without exception, shall defend, indemnify, and hold harmless the City and the City's employees, officers, employees, volunteers, and agents from and against liability of any nature and kind, including cost and expenses for or on account of any copyrighted, patented or un-patented invention, process, or article manufactured or used in the performance of the contract, including their use by the City. If the Contractor uses any design, device, or materials covered by letters, patent or copyright, it is mutually agreed and understood without exception that the bid prices shall include any and all royalties or costs arising from the use of such design, device, or materials in any way involved in the work.

5.18 **ASSIGNMENT:** Contractor shall not transfer or assign the performance required by this ITB without the prior written consent of the City. Any award issued pursuant to this ITB, and the monies, which may become due hereunder, are not assignable except with the prior written approval of the City Commission or the City Manager or City Manager's designee, depending on original award approval.

5.19 **GOVERNING LAW; VENUE:** The Contract shall be governed by and construed in accordance with the laws of the State of Florida. Venue for any lawsuit by either party against the other party or otherwise arising out of the Contract, and for any other legal proceeding, shall be in the courts in and for Broward County, Florida, or in the event of federal jurisdiction, in the Southern District of Florida.

Executive Summary

Royal Auction Group Inc. is Florida's leading Government Surplus auction company. Our company was established in 1970 and has been servicing government contracts since 2015. We acquired the Auctioneer Services Contract from Fort Lauderdale in December of 2017. Therefore, we have the qualifications and experience to produce the required deliverables, including abilities, capacity, skills, and financial strength to service this contract.

Royal Auction Group currently has two locations. Our main location and the location that will service this contract is located in Ft Myers. Our second and newest location is located just east of Tampa in Zephyrhills. Both locations are coved by our corporate staff, but each location is a stand-alone facility.

Our team has only strengthened over the years. The corporate employees who will assist in the contract execution are Brandon Roy (President)(Ft Myers), George Frazier (COO)(Tampa), Buton Keskitalo (CFO)(Tampa), Brandon Cline (District Manager)(Tampa), Cameron Frazier (Auction Manager)(Ft Myers), Amber Sisk (Lead CSR)(Ft Myers), Sid Swinson (Transportation)(Ft Myers), & Carolyn Thurman (Titles)(Tampa). Many in this group have worked together on the current Fort Lauderdale contract since January of 2019. In 2018, Royal Auction Group had 12 employees in Ft. Myers. We since have added an additional location in Tampa and added core employees for a current number of 28 employees with 16 located in Ft. Myers and 12 located in Tampa.

Royal Auction Group Inc. is a full-service auction company that provides both live onsite and live online auction services simultaneously. Royal Auction Group currently holds monthly, one day, multiple ring auctions, but as we grow, our plans are to expand the auction to a two-day, multiple ring auction. The multiple ring auction is designed to allow bidders to be able to participate specifically with items of their interest. If they are interested on work related items, ring one is more convenient to attend. The other rings are designed for the homeowner, business owner and average worker alike to bid on items pertaining to the public in full. Ring one sells more construction and work-related items. Such items include, but are not limited to, buses, medium/heavy duty trucks, vocational trucks and dump trucks, service vehicles, small equipment, cranes, backhoes, excavators, loaders, skid steers, chippers and trailers. The other rings are more geared to vehicles, recreational type assets as well as office and shop equipment. Other ring items include, but are not limited to, cars, light pick-up trucks, vans, boats, golf carts, ATV's and agricultural items

such as lawn and garden equipment. All auctions are performed by a licensed auctioneer with four to six ring-men who help facilitate and capture the bids placed by the live bidders. Additionally, a representative of Proxibid, (The largest On-line Auction Bidding Platform) as well as one or more other on-line bidding platforms are present to facilitate the live on-line public bidding. Both live and on-line auctions happen at the same time and therefore maximize the return for the seller, Royal also collects pre-bids and absentee bids from bidders not able to attend the sale both online and onsite. All items are sold “as is/where is” without warranty expressed or implied.

Royal Auction Group will pick-up and transport all City of Fort Lauderdale assets scheduled for the auction, to our Ft. Myers location, **AT NO CHARGE.** At Royal Auction Group, we realize that you have limited storage space and timeliness is a priority. We can pick up your assets within a day or two of notification and even the same day in some instances. Royal Auction Group will make your assets our top priority every auction.

The COVID-19 pandemic has had a distinct impact on the auction business. However, the impact is not what most people believe. The impact has truly been on most auctions using the pandemic as a cost savings tool. On-line only auctions with absentee or presale bids have become common place for auctions like Manheim, TMA JJ Kane and even Ritchie Brothers. The pandemic has been a convenient excuse due to “crowd restrictions” to cut costs and have on-line auctions only. These auctions have been able to reduce staff by more than half, cut back on or even cut out security, no longer provide concessions to customers and even limit the ability for customers to preview assets prior to the auction. The result has forced the buyer to bid on-line or not at all. Many buyers have chosen not to buy at all. However, Royal Auction Group has continued to hold socially distant on-site auctions since May 2020. Our auctions have continued to provide buyers the same auction experience they are used to while keeping our staff and customers safe.

The results for Royal Auction Group have been a continued increase in our auction participation and positive feedback with buyers who have been extremely happy with being able to bid live on-site. Many first-time buyers have told us that they plan to continue to be “Loyal to Royal” and make us their new auction of choice because they have a choice. Once again, Royal Auction Group has set the “new” standard for conducting auctions.

Experience and Qualifications

Royal Auction Group, Inc. is Florida's leading Government Surplus auction company. We are a veteran owned and operated business, established in 1970 by Frank Land of Fort Myers. Frank built not just an auction company, but a legacy of honesty and integrity that we strive to maintain every day. Frank passed away and handed the business to his grandson Brandon Roy. Brandon is a US Marine Corps infantry veteran, heavy equipment and commercial truck expert appraiser and auctioneer. Brandon has experience hosting auctions and market appraisals for all industries including but not limited to Federal Government, State, and local municipality fleets, large commercial corporations, market-leading equipment rental fleets, utility contractors and real estate.

Royal Auction Group expanded into the current style of auctions in 2015 when Brandon took over the business. Brandon started moving from the estate type sales of houseware, trinket, and tabletop items to conducting public auctions that covered more vehicles and commercial equipment assets. Royal's roots were established and grew in the Fort Myers area. Soon, Brandon decided to morph his auction business from the private sector and start working on obtaining government contracts as well. Auctions started at The Fort Myers Civic Center for a little over a year when Royal outgrew the facility due to their newly acquired contracts with **The City of Fort Lauderdale** and Collier County. Royal moved to the current Fort Myers location at 7061 Alico Rd. and once established in the new, much larger location, Royal changed to an every other month auction format. The every other month format was established and utilized, and Royal grew. Royal Auction Group added numerous government contracts to our growing consignor base including Lee County, Charlotte County, City of Fort Myers, Cape Coral, City of Venice, City of North Port and many more.

In 2020, Royal Auction Group expanded to a second location in the Tampa Bay area. Since opening our second location, Royal Auction Group has conducted monthly auctions, live and online. After opening in Tampa, Royal has expanded our government contact base as well as our commercial contractor base. We currently service over seventy (70) different government entities for auctioneer services including The City of Orlando, City of Tampa, Pasco County, Hillsborough County, Pinellas County, Sarasota County, Pasco County Sheriff Office, Pasco County Schools & also the City of St. Petersburg, and Lake County.

In Summary, Royal Auction Group has been conducting auctions for over 50yrs. We have always conducted both live and on-line, public auctions since Brandon acquired the company from his grandfather. Royal has held monthly auctions since July of 2020 and even had a few online only sales on top of the monthly auctions. The auction results listed below reflects the experience that relates more towards the monthly auctions from the past year.

Approach to Scope of Work

Royal Auction Group, a veteran owned and operated business, has over 50 years of public auction experience dating back to January 1970. Though the years, Royal has perfected its methods of hosting auctions to appeal to not just the local bidders, but bidders throughout the worldwide marketplace. Royal prides itself of creating one of the most competitive auction platforms while bringing more taxpayer value back to cities and counties throughout the state of Florida. Our methods are outlined below.

Royal's 2 Ring Monthly Public Auction – Royal Auction Group Inc. is a full-service auction company that provides both live onsite and live online auction services simultaneously. Royal Auction Group currently holds six one day auctions a year at our Ft. Myers location and six one day auctions at our Tampa location. Our Tampa location opened in March of 2020. We have one day auctions for now, but as we grow, our plans may expand the auction to a two-day, multiple ring, auction. Each auction location spaces the auctions 60 days apart. We conduct an auction every month, rotating the location of the auction each time, therefore our auctions are every other month in both locations. The two-ring auction is designed to allow bidders to be able to participate with their schedule. If they are bidding on work related items, ring one is more convenient to attend or bid online competitively. The ring two sale is designed for the homeowner, business owner and average worker alike to bid on items pertaining to the public in full. The ring one sale sells more construction and work-related items. Such items include, but are not limited to, buses, medium/heavy duty trucks, vocational trucks and dump trucks, service vehicles, small equipment, cranes, backhoes, excavators, loaders, skid steers, chippers, and trailers. The ring two items are more geared to vehicles, recreational type assets as well as office and shop equipment. Ring two items include, but are not limited to, cars, light pick-up trucks, vans, boats, golf carts, ATV's, and agricultural items such as lawn and garden equipment. All auctions are performed by a licensed auctioneer with four to six ring-men who help facilitate and capture the bids placed by the live bidders. All drivable assets may be sold on a ramp driven in front of the crowd to show condition and increase value. Additionally, a representative of Proxibid, (The largest On-line Auction Bidding Platform) as well as one or more other on-line bidding platforms are present to facilitate the live on-line public bidding. Both live and on-line auctions happen at the same time and therefore maximize the return for the seller, Royal also collects pre-bids and absentee bids from bidders not able to attend the sale both online and onsite. All items are sold "as is/where is" without warranty expressed or implied.

Transportation of Property – Royal Auction Group will pick-up and transport all government assets scheduled for the auction, to one of our two, fully secure, properties within five days of notice for pick up. Royal Auction Group owns four tractor trailer combination vehicles and two rollback trucks that enables us to pick up large construction type assets, dump trucks, or several vehicles at one time. The trucks are equipped with winches making picking up assets that do not run a routine process. We also have a transport truck with a fifth wheel hook up used to tow a three-car hauler. Additionally, we have several other pickup trucks with trailers that can be used to pick up a non-running car or landscaping type assets. All government assets that can be driven will be tagged with dealer/ transport tags provided by Royal and driven by qualified drivers. Royal Auction Group employs 6 full time drivers and several part time drivers to make picking up assets in a timely manner a priority. At Royal Auction Group, we realize that you have limited storage space and timeliness is a priority. We can pick up your assets within a day or two of notification and even the same day in some instances. Royal Auction Group will make your assets our top priority every auction. **Because we have our own fleet of transport vehicles and drivers, outside haulers and insurance requirements with outside haulers are not an issue with Royal. Furthermore, Royal does not charge for transportation.**

Advertisement of Auctions – Royal Auction Group uses many facets to advertise each one of our auctions. Please see Marketing Section for details.

Set-up and Staging of Assets – Once the asset reaches our yard, Royal Auction Group starts the set up and staging process. Our Site Manager personally checks in every asset that enters our yard. During the check-in process, each asset is checked for fuel, battery power, tire condition, overall condition of the asset and we record the mileage of each vehicle. A detailed description of the asset is then created for each individual asset. The description compiles of all informational and all additional features that may increase the value of the item and any defects that are known. These descriptions are done by our professional staff who are experts in the auction field (see example below). All county logos are removed professionally with no paint or razors used. Assets are then cleaned out and washed. Pictures are taken of the asset from all sides, ID plates, motor, tires/undercarriage, interior, and all additional components. Then all descriptions and photos are uploaded to the public on-line bidding site(s) and our website. Once the asset is posted online, potential buyers can view the item, ask additional questions about the asset, and even start the bidding process. Royal Auction Group's yard associates then set-up and stage the assets in an area with like items. Customers are encouraged to enter the site and inspect the assets any day up to and including auction day as our yard is open to the public every business day 9AM-5PM. Keys are wired into the vehicles the week of the auction for deeper inspection.

Example of Asset Description:

Registration of Buyers – Royal Auction Group uses a new auctioneering software called Wave Bid to register, clerk, and invoice auction buyers and sellers. Every customer who registers for the auction is provided with an individual paddle number specific to them only. The buyer will utilize the paddle number to bid on each item as the auction progresses. Paddle numbers are given to registers on-line as well. Online bidders are given numbers above below 4000 or above 10,000 so Royal Auction Group can easily identify on-line bidders from on-site bidders. During registration, Royal Auction Group gathers the buyer's information; name, address, phone number and email and stores the information on the Auctioneer Services software. Each buyer receives a copy of our terms and conditions, a map of our site layout for that auction and an inventory catalog with lot numbers and a detailed description of each item. First time buyers are required to place a $500.00 fully refundable deposit.

Auction Day Process – Auction days are full of action and excitement at Royal Auction Group. In Ft. Myers, we have a separate parking lot we use for customer parking. Arrow boards and directional signs are placed instructing auction goers where to park. Two to three Sherriff deputies will also be present. One will help with traffic and the second will monitor the auction site with the third roaming the yard for safety. Royal Auction Group will have auction staff for the aid in parking in a safe and efficient manner. We then provide, at no charge, a short bus ride to and from the auction yard if needed. Tampa has parking at our site, so no bus ride is needed. Catalogs will be available for anyone who did not already receive one. All sale assets will be lined up with a lot number assigned to each which matches the catalog number for easy reference. The auction site often has a large tent where customers can sit in front of the super ramp where all drivable units will be driven across for bidding. TV's are provided with the live bidding on Proxibid pulled up for additional viewing of what is being auctioned off at that time. The TV's also provide a means for customers to see items that are not driven on the ramp while they are being auctioned off. Breakfast & Lunch will be available for purchase and tables will be available under the tent for eating and relaxing. Royal Auction Group also has a list of haulers available that can help in the pickup of assets purchased.

The auction itself is conducted by accredited auctioneers along with four to six ring men. Each asset is assigned a lot number and the auction starts at lot #1 and continues until all assets for that day are sold. All assets are auctioned off one at a time at a pace that allows all bidders to consider the going price and bid accordingly while keeping the pace moving for those interested in upcoming items. All assets are described by the auctioneer, as noted in the catalog, and the bidding starts at or around the current online bid, if any, or the value the auctioneer feels the asset can sell for. All bidding continues until the interest and bidding on that asset slows followed by a final chance to bid before the hammer falls and the item is closed to further bids.

Buyer Processing – Once a buyer is awarded the winning bid, they are able to pay for the asset immediately and pick up on the Monday after the auction. Royal Auction Group accepts cash, credit cards, wire transfers, cashier's checks or approved business & personal checks. The winning bid and the corresponding paddle number is announced by the auctioneer, clerked into our accounting software, recorded on paper by a second clerk and recorded by audio and video to ensure accuracy and to prevent fraud. Upon payment, the buyer is given a receipt and a gate pass that is used to pick up their purchase from the yard. Our staff and two forklifts are available to assist buyers in the loading process.

Disputes – All disputes are handled immediately by our management staff. Each Branch Manager gets involved in disputes if/when they happen. Our managers have the authority to resolve the dispute up to and including a full refund of the customer. Additional credits or disputes that need further attention are handed off to the VP of Operations where they are resolved in full or sent to our attorney and collections if it is a unresolvable payment dispute. Royal Auction Group puts ourselves in the customers position in order to make a sound and customer friendly decision. Our goal is to protect our consignors and government entities, ensure customer satisfaction and retain an excellent reputation.

Title Services – Royal Auction Group employs two full-time title clerks. The title clerks are responsible for ensuring all titles are in hand prior to the auction and to ensure all required signatures and documentation are in order prior to the sale. After payment is complete, all title transfers are processed by Royal Auction Group and are completed by fast title ensuring each buyer receiving the title as quickly as possible. We also have an assistant title clerk who aids in the entire process outlined above to guarantee as few mistakes and delays as possible during the title process.

Royal Auction Group also has the means to process any buyer's request for a temporary tag, plate transfer, or even a permanent tag for a buyer's new vehicle purchase. We have many plates in stock and once an invoice is paid in full, we can process a title and issue a permanent tag the same day of payment. Many customers choose this option as a convenience from the long lines and potential hassle at the local DMV. Out of state temporary tags and tag transfers are also no issue. Many buyers want to take their vehicle home with them the day their invoice is paid, and we give them the ability to do so with our in-house title services.

Additionally, if needed, we have contracted an outside service to process titles in the event our auction exceeds our ability to process tags in a timely manner. We have additional staff that are well versed in title processing for any questions at any time during the auction process. Finally, all title issues are handled quickly by our title clerks and VP of Operations.

Seller Payout – Royal Auction Group will provide all government entities with a proceeds check within twenty one days of the sale date, unless otherwise agreed. Once all the payments have been received from the buyers, Royal Auction Group can process each seller payout. A seller settlement is created, listing each item sold by the seller along with the lot number of the asset, the description of the asset to include the asset number, the sale price of each asset, the total amount of all sold items, the seller commission charged per item, and the final payout to the seller. Royal Auction Group can also provide the buyer's name and address, if requested by the government entity. All records of the auctions are kept for a minimum of 7 years and are available for review anytime.

Reserves – Public consignors are allowed to set selling minimums (reserves). Royal Auction Group protects public reserves by not selling that item unless it reaches the minimum set reserve. We do not allow consignors to bid on their own items to protect their reserves or inflate their returns.

Additional Information – Royal Auction Group records all auctions through both audio and video means. All recordings are available.

Reporting – Once an auction is complete, Royal Auction Group will share the results of the auction with each government agency. This initial report is intended to inform the government of the intended sales. Once all collection efforts are finalized, a final report will be sent out with the proceeds of the sale. Anytime in between, a report can be generated and sent out.

Our reporting system can generate reports with many different types of information. Our standard report will list the following:

- Date of the Auction
- Seller Name and Address
- Asset lot number
- Asset Description including year, make model, VIN, Government asset number, and general description of the asset.
- Selling Price
- Transportation Fees
- Auctioneer Commission Amount (Zero for government agencies)
- Net Price to the Seller
- We can add a signature line or tracing information on the email from which the report was sent showing authorization.
- Any unsold items listed with original bid price. Items will be secured and held over for the next auction.
- We can list the Buyer's Name and information as well upon request.

Our reporting is generated through our auction software called Auctioneer Software. The Auctioneer software is system is set up to have the ability to show more reporting functionality than listed above if needed. If you would like additional information, we can investigate the possibility of adding that information to our report or we can send additional reports as desired.

Marketing & Advertising

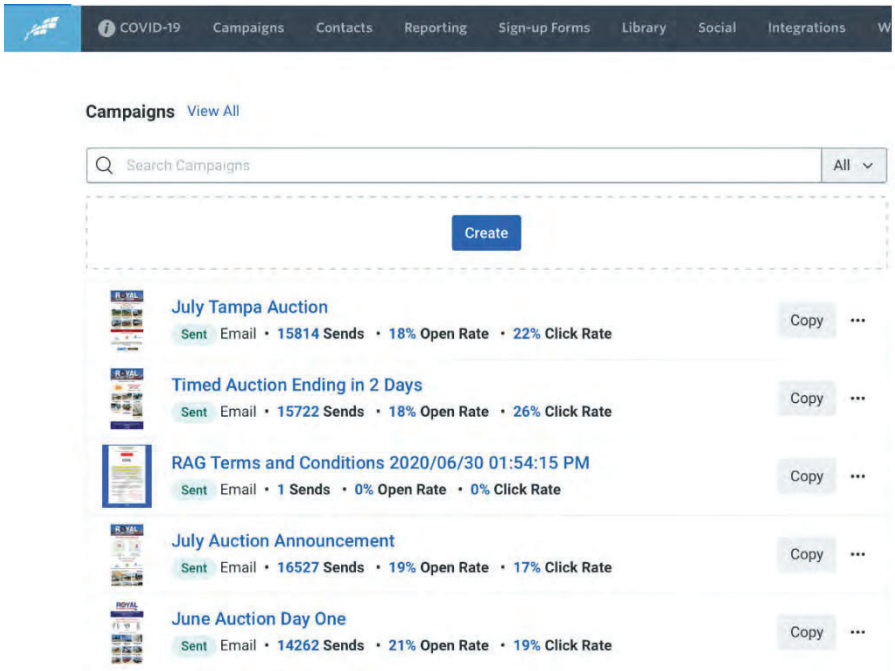
Advertisement of Auctions – Royal Auction Group uses many facets to advertise each one of our auctions. We decide upon the dates of each auction for the entire year at the end of the previous year. All advertisements list the dates of each auction enabling potential sellers and buyers plenty of time to register and attend the auction. When advertising each auction, Royal Auction Group advertises at least thirty days prior to the auction date and we use a five-pronged approach: print, email, social media, radio, TV, and internet.

Print: - Royal Auction Group uses signs, banners, flags, flyers, post cards, and print ads for our print advertising. See examples of our print advertising below and at the end of this section.

Newspaper Ads for Collier County and Sarasota County:

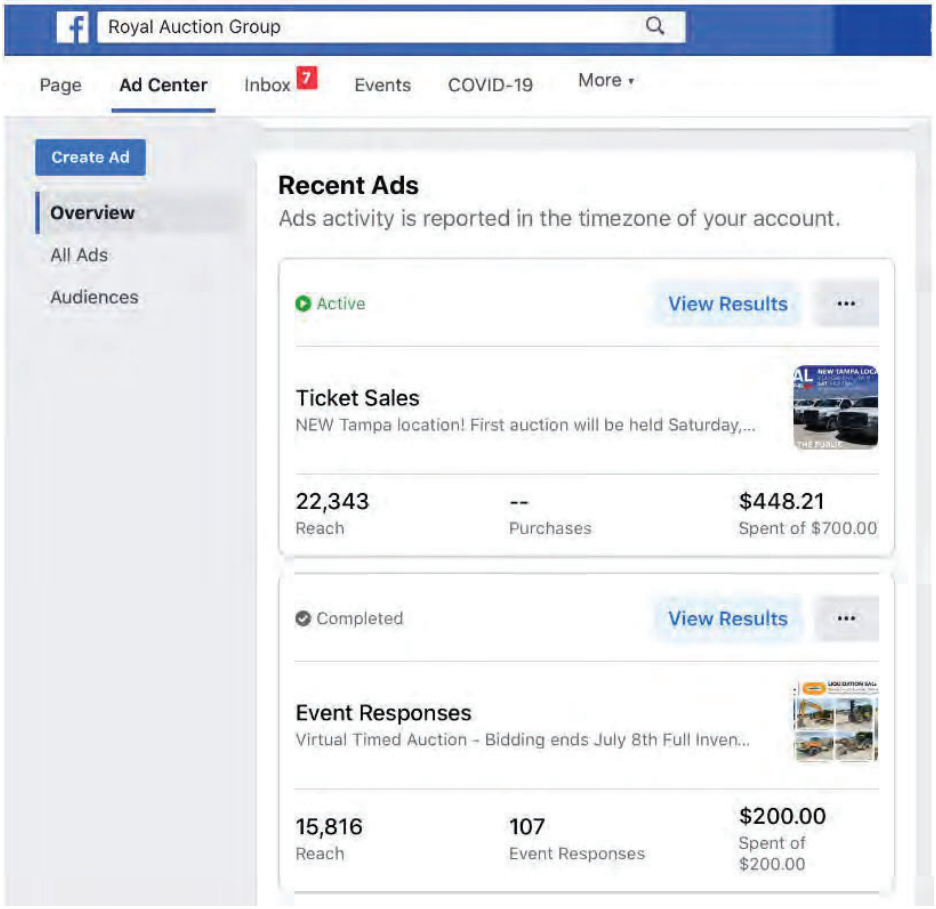
Royal Auction Group mails out over 24,000 post cards at least four times a year to our customers.

Email – Royal Auction Group uses Constant Contact to stay in front of our customers. We use Constant Contact to send out both phone blasts and text blasts to our over twenty four thousand contacts notifying our customers of the upcoming auction. The first notification is sent out about a month from the auction. This notification is followed by two to three others usually two weeks out, one week out and then a day or two from the auction date. Our Constant Contact list is maintained and updated daily by our staff as new guests are registered. Below are some of the blasts that were sent, the number of recipients as well as the open and click rate for each.



Social Media – Royal Auction Group is active and advertising on all the major social media sites including Facebook, Instagram, Twitter, and Linked In. Facebook is our main form of advertisement in the social media realm. Below are examples of our Facebook ads.

Facebook Ad reach:



Radio – Royal Auction Group is currently working on a deal with several radio stations to advertise every auction starting a month out from each auction. Each radio ad will run a minimum of three times daily up until auction day. We will choose additional stations that fit into our desired buyer demographic of business minded individuals. Radio reaches more potential buyers at multiple age demographics than any other form of advertisement.

TV – Royal Auction Group recently launched our first TV commercial with WINK-TV and WXCW-TV in the Ft. Myers area. We ran a thirty second commercial spot 43 times, one week prior to the auction. The commercial ran during the times where our target customer demographic is prevalent. We felt the commercials helped ramp up customers and plan to expand the spot for our next auctions.

Internet – The internet is absolutely our biggest asset in advertisement and our largest potential draw of customers. We advertise and run our auctions through Proxibid. Proxibid is the largest internet auction site for businesses and was owned by eBay. Proxibid allows us to not only reach local customers, but potential buyers from all over the world. We sell items in our auction all across the United States from Pennsylvania to Texas to California and Alaska. During most of our auctions, we sell assets to buyers from more than twenty-six different countries. Royal Auction Group even helps our overseas buyers by loading and securing their purchases in sea containers for shipping. The internet is a huge benefit and allows us to tap into an endless

number of customers. Royal Auction Group also utilizes Equipment Facts, a Sandhills Publishing Company, Machinery Trader & Truck Paper to further expand our reach in internet bidders.

Below are a few examples of the advertising we do on-line through FEATURE ITEM banners on Proxibid.

WEBSITE – Royal Auction Group has spent a lot of time and effort improving our website, RoyalAuctionGoup.com over the past few years. We hired a marketing specialist who has done a tremendous job in increasing our marketing efforts and improving our website, RoyalAuctionGroup.com.

Our website promotes all our upcoming auctions on the front page. Everyone who logs into the website is encouraged to sign up for our email and flyer list. This enables Royal to increase our footprint of customers for our print and social media platforms. Every day our list is updated with the new additions. Flyers and emails go out during auction time to promote the dates of the auction and highlight certain items that will be available for auction.

Another major feature of the website is our Inventory tab. The inventory is where buyers can go to find a list of all the assets we have listed for an upcoming sale. The buyer simply selects the specific auction they are interested in, and each item is listed with numerous pictures and a description of the items. Buyers can search by any word combination to shorten the list to the item they are interested in.

Additionally, on our website, one can find more information out about Royal Auction Group, Inc. Here they can find information about our locations, detail instructions on how to sign up as a buyer, how to sign up to be a consignor, information about our employees and frequently asked questions. We are always updating the site and listen to our customers about what they would like to see and how we can improve.

Both locations can accommodate large auctions assets including large construction equipment, large commercial vehicles, cranes, and over 500+ vehicles. Ft. Myers is where our corporate office is located and where we will hold auctions on-site for Ft. Lauderdale. Our Zephyrhills (Tampa Area) location covers the northern have of our operational area.

Our third location, planned to open in the 4th quarter 2023, will be located just north of Orlando. Once open, we will be the only government focused auction company that has three locations covering all of Florida.

FT. MYERS:

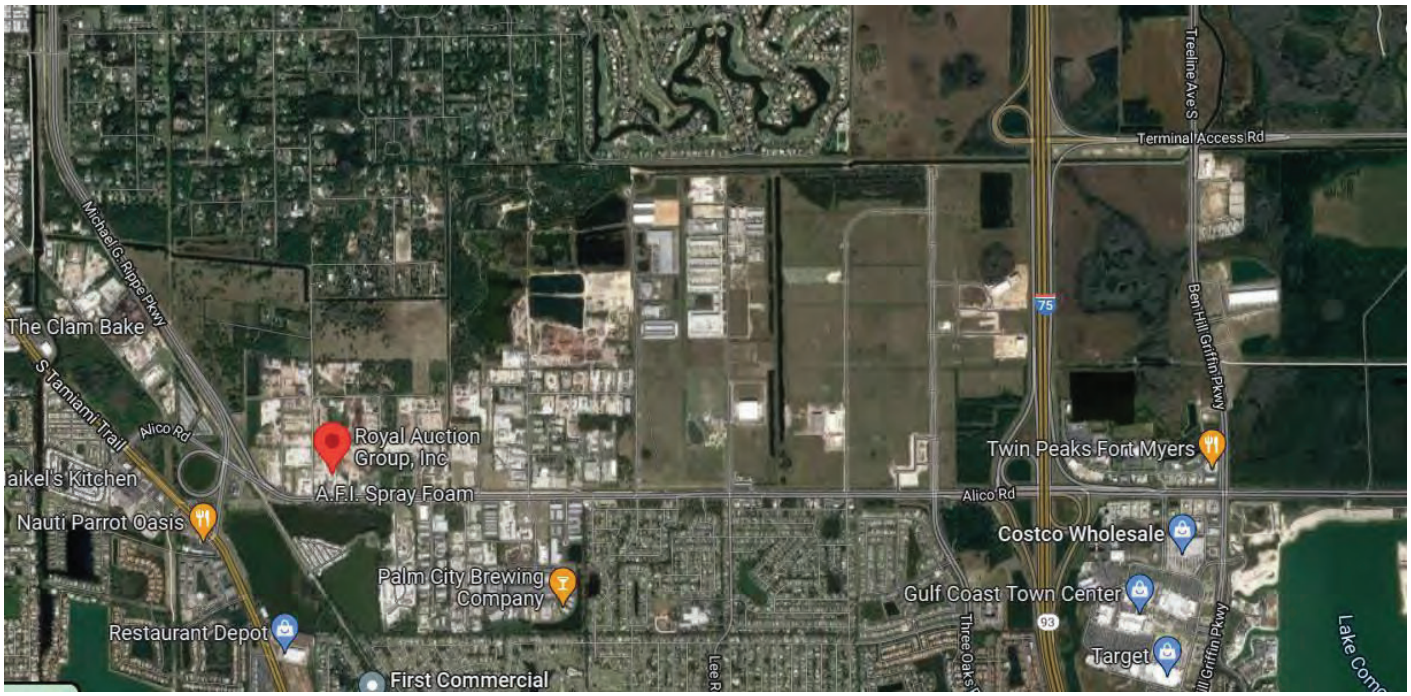
Ft. Myers auction site is a 14-acre site located at 7061 Alico Road. We have been at this location for over four years. Alico Rd. is a major commercial and business thoroughfare in Fort Myers. Alico Road is exit 128 off I75, one exit south of Southwest Florida International Airport. Our site is less than three miles from the exit. We have two entrances to our facility and a parking area on our property. The site is secured by gates, and we have security guards patrolling the site.

The Ft. Myers location has six forty-foot, dry storage, sea containers for keeping weather sensitive items safe and dry prior to auction day. Additionally, we have two additional 40ft dry storage box trailers, that can be utilized for storage as well.

Our new office space is a 3500 sq. ft building. This new building has more check in stations, a bigger lobby for our customers, and a small area to sit and enjoy the AC while the auction is shown live on the TV.

Royal has plenty of bathrooms to accommodate over 400 customers and more if needed, during live auctions and the week following. Our new office has ADA ramp access and room for up to 10 check-in check out stations. Royal Auction Group also has a food truck during the auction to keep our customers fed and hydrated during the hot summer months.

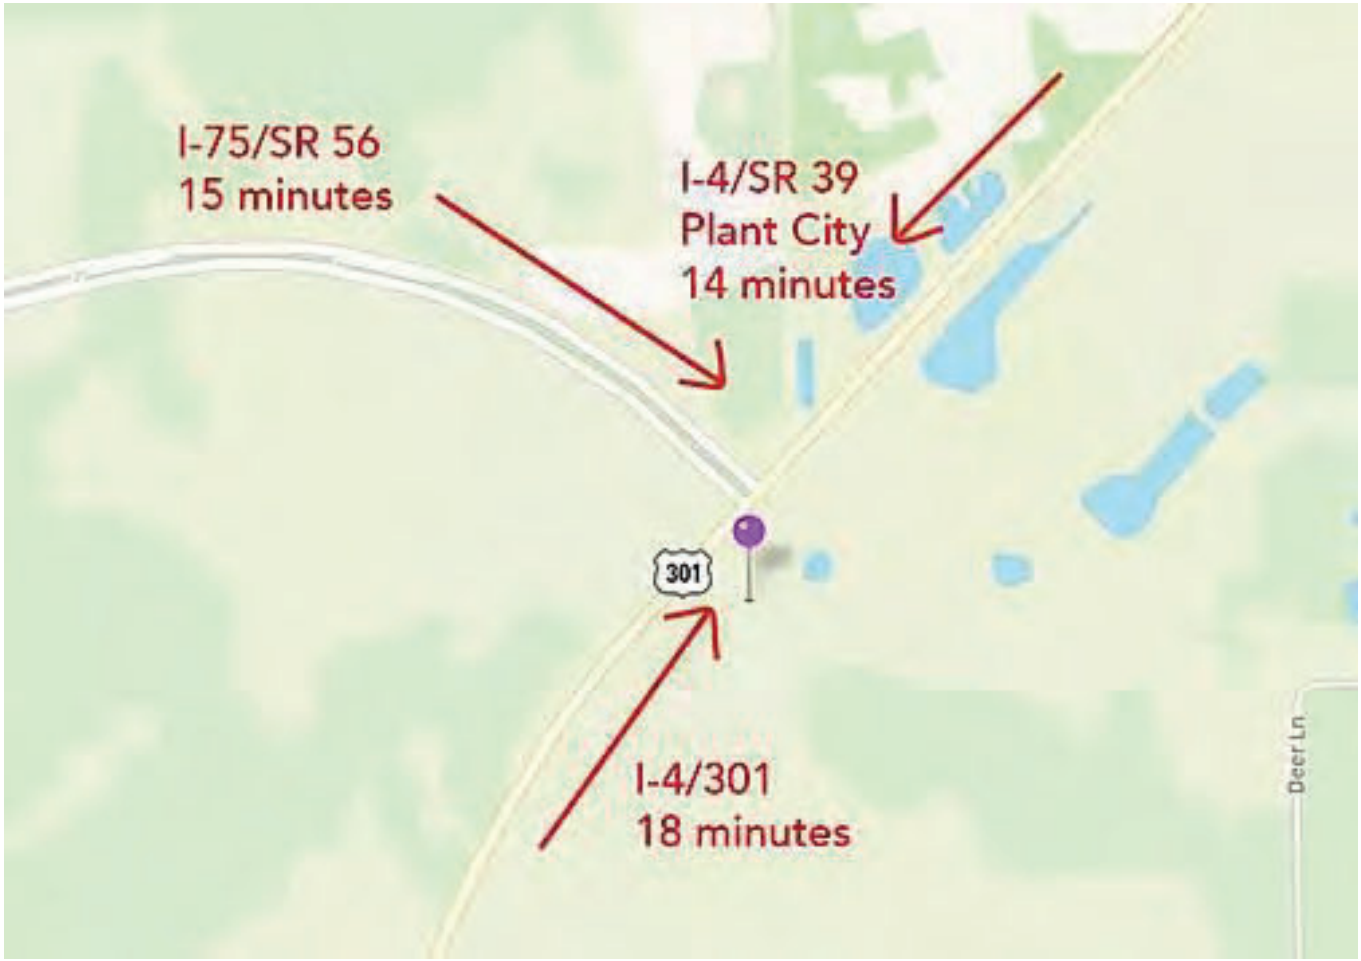
Ft. Myers location. Exit 128 off I75.



TAMPA BAY AREA:

Royal Auction Group's second location is at 2738 Gall Blvd in Zephyrhills. This new location was a vision to grow and expand the company into the Tampa Bay area where we can offer our unique style of auction services to the government entities in Pinellas, Hillsborough, Polk and Pasco Counties. Royal saw an opportunity and need for our services and decided to open just outside Hillsborough County in Pasco County. Since announcing our expansion, we have started servicing The City of Tampa, City of Orlando, City of St. Petersburg, Polk County Sheriff, Manatee County Sheriff, Pasco County Sheriff, Hillsborough County, Pasco County, Pinellas County, Sarasota County and others.

The site is located at Festival Park in Zephyrhills. We are at the southwest corner of Hwy 301 (Gall Blvd.) and the new extension of Hwy 56. Our location just outside of Wesley Chapel puts us in one of the greatest growth areas in the Tampa Bay region. The convenient location is in Pasco County, but we are 15 minutes from Hillsborough County, 40 minutes from Pinellas County and less than 20 minutes from Polk County. Furthermore, our location is located just ten miles west of I75 and ten miles north of I-4. The auction is convenient for customers in all four counties and gives us plenty of expansion plans.



The Tampa Bay location has over **30** acres of property that is totally fenced for security. Every acre except the one acre for retention and the two acres for the office are usable for storing auction items. We have an additional **10** acres beside our property that will be used for customer parking during the auctions so we do not give up any land that can be used for asset auctioning. The entire property is useable for your assets so we can accommodate any item that needs to be sold. Furthermore, we have an additional **20** acres offered to us for expansion in the future.

We share 24/7 security with our neighbors. A security guard is always on site and makes their rounds continuously after hours. Royal Auction Group brings in additional security the week before and the week after the auction. Also, we have private security services that patrol the site from close of business on Friday until opening on Monday. Furthermore, the days of the auction, we hire local Sheriff deputies to work with us at the auction. The Sheriff deputies help with traffic flow, employee and customer safety, and they also patrol the auction yard to ensure asset security. We typically hire three Deputy Sheriff Officers. Royal also has security cameras throughout the property that alerts the management staff of any activity after hours which in turn alerts the security officer on duty. We also record every auction and stream every auction live through our on-line auction portal. We take the security of our staff and customers very seriously.

Our current office space is just under 1000 sq. ft. but are in the process of applying for a building permit to construct a 10,000 sq. ft. building. Additionally, we have another office in Ft Myers that supports the Tampa site through calls, emails, and collections. Royal Ft Myers also assists in the on-line process for every auction. Our corporate office is in Ft Myers.

Royal has plenty of bathrooms to accommodate over 400 customers and more if needed, during live auctions and the week following. Our office has ADA ramp access and room for up to thirteen check-in check out stations. Royal Auction Group also has covered storage space for government assets that need to be stored out of the weather.

Every month during our live onsite auctions, we have food and drink concessions that begin at auction time and end about an hour before the auction wraps up. We are currently using several different food trucks who provide breakfast items in the morning and lunch/dinner items after breakfast. Our food trucks serve many types of food which may include hotdogs, hamburgers, chicken wraps, steak and cheese sandwiches, wings, fries, and much more. We are currently looking for additional food truck services to add options for our customers.

On-Line Auction Process & Experience

Royal Auction Group Inc. uses Auctioneer Software Services for our on-line website auction software. All inventory is inputted into our website software by either Royal Auction staff or the government entity selling the asset. The asset is immediately posted on-line for sale through our website. Royal Auction Group also uses two additional on-line auction platforms, Proxibid & Equipment Facts. Proxibid is the world's largest online auction platform who hosts up to 500 auctions daily. Proxibid customers can see all items for sale through Proxibid's partners like Royal Auction Group. Royal Auction Group is one of Proxibid's premier partners and we get top bidding for all ads and promotions. Equipment Facts is a leader in the sale of large construction equipment throughout the county.

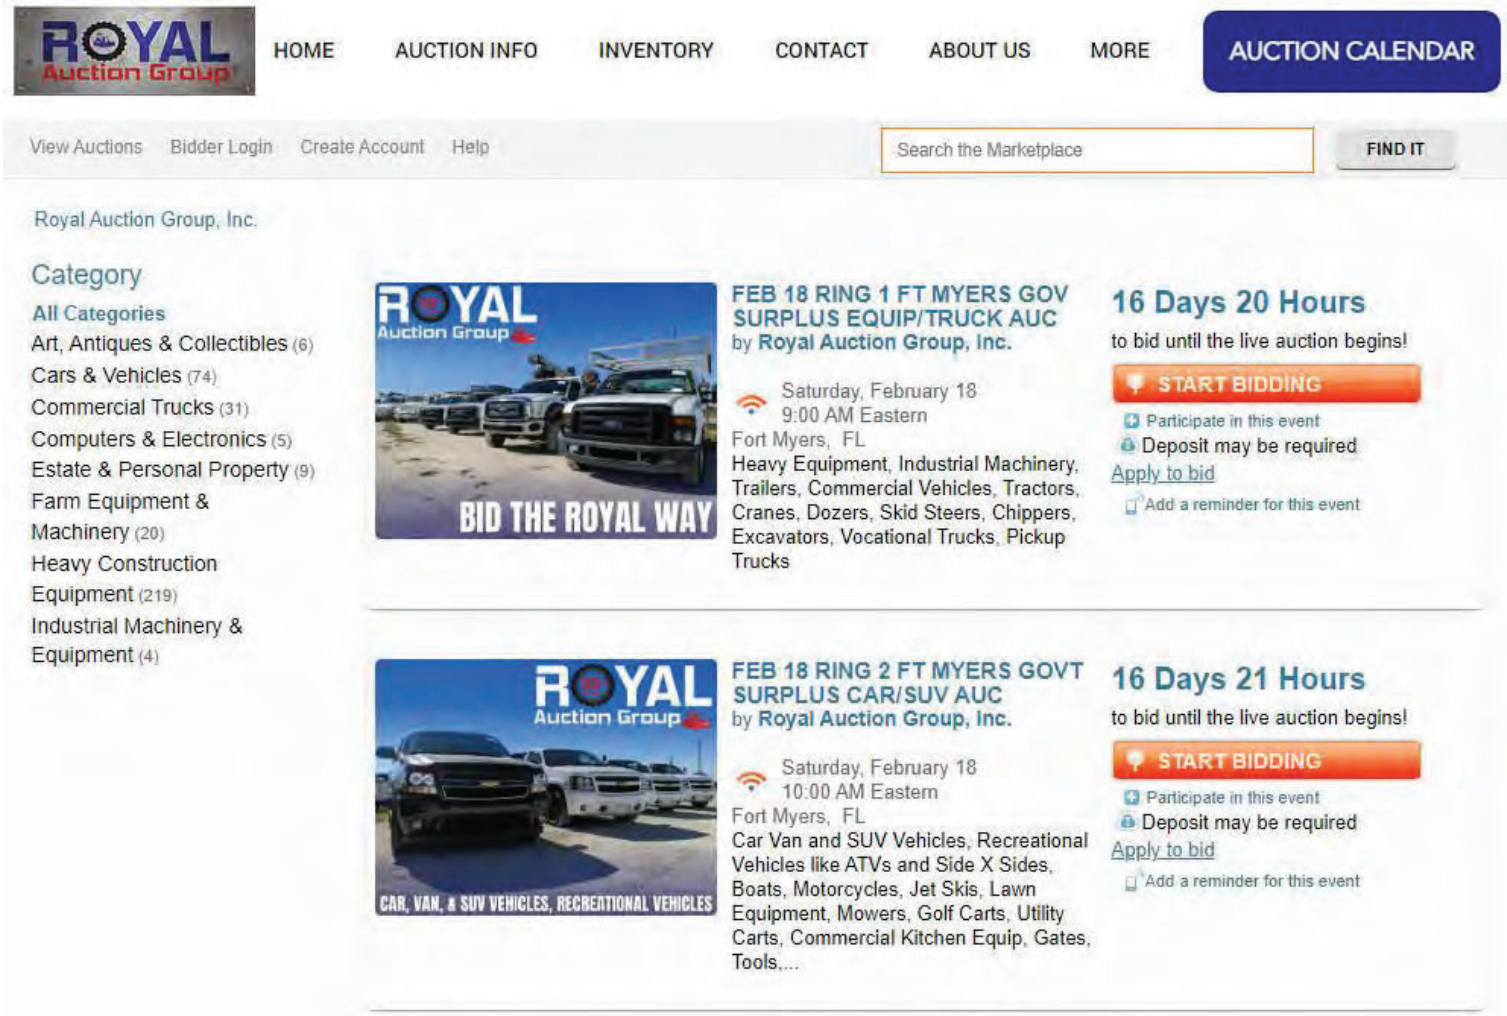
Proxibid supplies representatives to operate the platform during each auction. The representatives monitor and record all live bids received at auction time. Prior to the live auction, all customers have the option to register and pre-bid, 24-7, for any item at our site, on Proxibid. Those bids are official and recorded accordingly. The sooner an item is brought to our site, the sooner it is posted and the more exposure it has to potential buyers. All visitors are pre-screened by Proxibid by checking the customers buying history with research on their ability to pay. Royal Auction Group chooses tier three security through Proxibid, which is the most stringent background checks to ensure all buyers who register are viable buyers. All payments for on-line and on-site bidding are done through the Royal Auction Group office. Of course, all the public is welcome to register and bid at all of our auctions.

The major advantage of using an established on-line auction platform like Proxibid, is the established customer base they bring with customers locally, nationally, and internationally. Proxibid has allowed us to sell to every corner of the US as well as over 26 different Countries in the world.

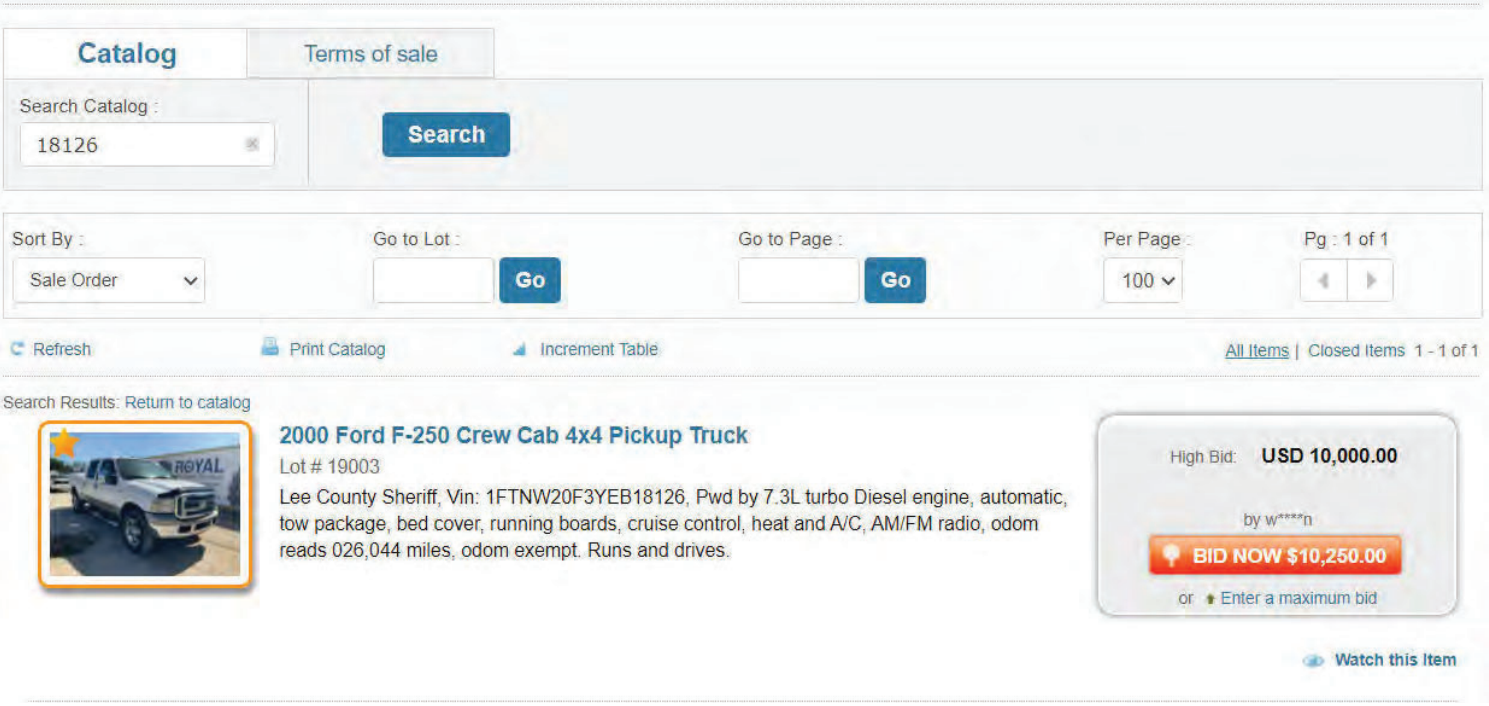
Royal Auction Group, Inc. gives our customers the option to also another very large auction platform, Equipment Facts. Equipment Facts is owned by Sandhills Group who owns and uses publications such as Equipment Trader and Truck Paper to advertise auctions such as ours. Using Equipment Facts gives us a large audience that focuses more on the large commercial trucks and equipment for all our auctions. Equipment Facts is used by many construction companies and industrial businesses when they are searching for quality used fleet.

Since Proxibid is the site most of our current on-line bidders use, the below screen shots are from that site.

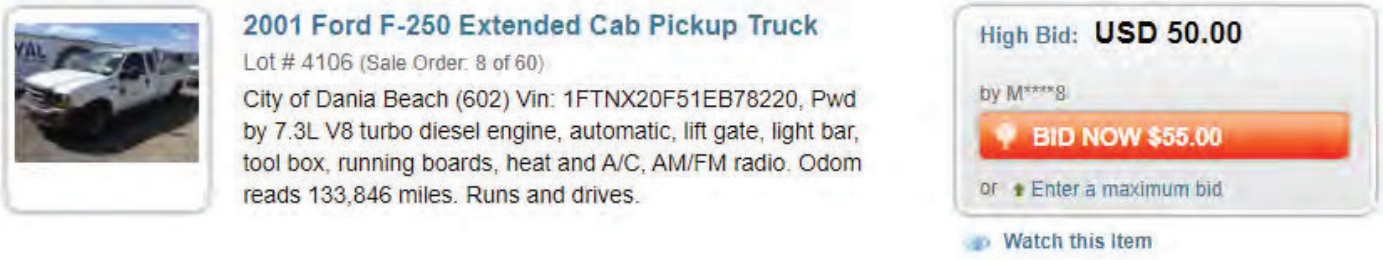
Once a customer clicks the Inventory tab on our website, they are brought to this screen where they can choose the Auction date and Ring they want to review and/or bid from.



Once a customer is inside the ring of choice, they can search for an item through the catalog search feature. Customers can search by any word that would be in the listing including by item name, description or even a government name. Once they find what they are interested in, they can bid with a simple click and confirm.



The following shows our listing on-line that allows buyers the option to pre-bid at least one month out from the auction. Royal Auction Group's description lists item title, selling government name, government identification number, item VIN number, engine and transmission, current odometer reading as well as additional features of the item plus any other information we may have. We also put the operational condition of the unit. The detail of the description is the most powerful selling feature other than the pictures of the unit. This unit was recently posted, and bids were just starting to come in.



Additionally, every item has a detail tab that potential buyers can go to. This screen shot shows the ability to see multiple pictures of the item. This Ford Ranger has many pictures that can be scrolled through, only four are shown on this screen shot, but this item has 17 pictures to look at.

When the auction is live, on-line bidders bid against each other as well as on site bidders. Every bid taken is inputted into Proxibid and shows up instantly for the buyer to know they are the high bidder or if they have been outbid so they can bid on the next increment.

2016 Ram 4500 4x4 Diesel Service Truck

Bids continue until the auctioneer is no longer taking bids and the "hammer drops" selling that item to the highest bidder. If the bidder is online, they are immediately notified they won that item. The buyer can then pay for their item immediately and pick up their item stating on Monday after the sale.

Below are a few of the functionalities on ProxiBid and how they are used.

How a bidder submits a bid

Response:

Bidders place a bid by following the below steps:

- If the buyer isn't registered, they would create an account by providing contact and credit card information.
- Next, the bidder would search for an item to bid on in the marketplace.
- Once an item is identified, the buyer would click "Place Bid" on the specific item. The buyer would be prompted to enter the amount of their bid. Once that step is complete, the bidder would be prompted by the system to confirm their bid. Once the buyer confirms the bid amount, the placing of the bid is complete.

Please note that throughout this process, MarketGuard®, Proxibid's proprietary fraud detection tool would be working in the background, running the buyer's information through a series of algorithms and checkpoints. MarketGuard® uses the data entered in the buyer's account and other third-party information to determine if the buyer will be a reliable customer. Buyers can only participate in a sale if they pass the MarketGuard®

What requirements a bidder must meet in order to qualify to bid on an item

Response:

Proxibid, through the use of MarketGuard®, allows sellers to determine how difficult or easy it is for a bidder to be approved to bid in a seller's auction. MarketGuard® is Proxibid's proprietary, bank-quality risk assessment tool. Proxibid is committed to providing sellers with as much control as possible over their respective auctions. As a result, the requirements a bidder must meet to qualify to bid on an item varies from auction to auction. However, the minimum requirements entail providing valid contact information (i.e. name, address, phone number, etc.), and a valid credit card associated with the contact information. MarketGuard® will use that information, plus other proprietary data, and vet the buyer before allowing them to bid on an auction.

Additionally, sellers may increase the requirements needed to bid on their auctions at their discretion. This may include requiring deposits before allowing a buyer to bid, or individually approving buyers before they can bid on an item. Proxibid's account managers will assist the Auction Company with determining the most appropriate approval criteria for each of their auctions.

Proxibid's comprehensive risk management system allows the seller to have unparalleled control over their auctions while providing the most trusted marketplace for buyers and sellers.

How Will we be Notified

Response:

Once a sale is complete, a seller is notified in several ways of the items sold:

• Winning Bidder Report – At the end of a sale event, a winning bidder report is automatically generated by Proxibid's system. This report lists all the items that were sold in the event, the sale price for each item, any buyer's premium that was charged to the buyer, and detailed information on each buyer, including: Name, Phone Number, Email Address, Billing Address, etc.

• Statistics Dashboard –For each sale event, there is a statistics dashboard created within Proxibid's system. After a sale is complete, a seller viewing this dashboard would be able to see the items that were sold, the sale price and relevant information on the winning bidder.

• Invoicing Page – For each sale event, invoices for the event would be automatically populated with the lot title, lot description, sale price, winning bidder name and contact information.

• Event Reconciling Page – The sale event reconciling page within AuctionBuilder™, displays each item that was up for sale for a particular event. A seller would be able to go item by item to determine if the item was sold, who the winning bidder was, and the sale price.

Proxibid's comprehensive seller information system composed of proprietary technology ensures our sellers are consistently aware of their sold items.

How a successful bidder is notified

Response:

Successful bidders are notified multiple times to ensure they are aware that they won an item.

• First, a notification email is sent automatically by the Proxibid system notifying the bidder that they have won an item.

• Next, the seller would initiate the invoice process and would be able to invoice the buyer directly from the system, which would result in a second email being sent to the winning bidder with all the relevant information they would need to make payment for the item won.

• Additionally, each bidder registered with Proxibid receives access to a section on the website called, "MyProxibid." MyProxibid provides a summary of account activity to the buyer. A bidder can review items to take action on, edit their account information, and more. Within the bidder's MyProxibid area, each item won by a bidder would show up in the "Purchased" items section.

• Finally, if the seller elects to invoice the buyer using the Proxibid system, a copy of the invoice that was sent to the buyer would show up in the bidder's MyProxibid area on the Proxibid website.

This comprehensive notification system facilitates an efficient and effective processing of transactions between buyers and sellers in the Proxibid marketplace.

Describe your customer support

Response:

Proxibid's customer support and client services teams deliver the best possible experience for sellers and buyers. Proxibid provides extensive training and on-going support to both sellers and buyers.

¬ Buyer Training and On-Going Support

Regarding buyer training, Proxibid was designed to be intuitive and easy to navigate, especially for bidders using it for the first time. Most buyers are able to register, search, bid, and buy items without contacting Proxibid for training or any other type of support. For those individuals that need more information, Proxibid provides the following resources:

• An experienced Customer Support team staffed 7 days a week from 7am to 10PM Central Standard Time, to support both buyers and sellers. Proxibid's department is not a scripted call center but a team of real-live experts on the Proxibid platform. The Customer Support department speaks both English and Spanish. Proxibid's dedicated customer support team is committed to providing the answers to any and all user questions, from first-time buyer questions to complex technical assistance. And because our customer support team is located at our Omaha headquarters, we are able to be more flexible than support departments at other providers. We have the capability to adjust staffing and hours to accommodate your events to ensure that even unusually scheduled auctions have support available.

• A dedicated buying site at http://proxibidcontent.com/buying that provides the following information:

o Information on how to create an account
o A video on how to bid on Proxibid
o Information on the various methods of searching on Proxibid
o Information on how complete a transaction and shipping items that were purchased.
o Various other buyer resources including a link to Proxibid's quarterly newsletter for buyers

• A detailed list of frequently asked questions ("FAQ's") regarding using Proxibid that are accessible 24 hours a day, 7 days a week by any user.

Security – Royal Auction Group will provide all security systems, anti-virus and firewalls capable of preventing the hacking of any auction information from the servers, capable of preventing the assimilation or distribution of viruses and other programs and capable of preventing any bidder from learning the identity of any other bidder.

Royal Auction Group uses a web-based accounting program for all of our auctions. Using web-based programs assures all of the data is backed up on the cloud and not lost during a power failure.

Reporting – Once an auction is complete, within three days of the auction, Royal Auction Group will share the results of the auction with each government agency. This initial report is intended to inform the government of the intended sales. Once all collection efforts are finalized, a final report will be sent out with the proceeds of the sale. Anytime in between, a report can be generated and sent out.

Our reporting system can generate reports with many different types of information. Our standard report will list the following:

- Date of the Auction
- Seller Name and Address
- Asset lot number
- Asset Description including year, make model, VIN, Government asset number, and general description of the asset.
- Selling Price
- Transportation Fees (if any)
- Auctioneer Commission Amount

- We can add a signature line or tracing information on the email from which the report was sent showing authorization.
- Any unsold items listed with original bid price. Items will be secured and held over for the next auction.

Our reporting is generated through our auction software called Auctioneer Software. Auctioneer Software is set up to have the ability to show more reporting functionality than listed above. If you would like additional information, we can investigate the possibility of adding that information to our report or we can send additional reports as desired.

If an alert is sounded, then a call to the buyer to verify the account is made and the bidder will not get a bidder number until all is verified. First time bidders and required to submit a $500.00 refundable deposit prior to receiving a bidder number.

All customer and seller information is stored on our server which is password protected, backed up nightly and stored in a separate office. Royal Auction Group also carries Cyber Crime Insurance.

Credit Card payments are made through Chase Bank. – Chase Bank is a reputable credit card processor that has all the security and confidentiality systems in place. Credit card numbers are secured according to the PCI DSS.

Minority/Women (M/WBE) Participation

Royal Auction Group Inc., does not qualify for Minority/Women (N/WBE) participation status. Royal Auction Group, Inc. is veteran owned company that provides a labor service for auctioning government surplus items. Royal owns very few items to conduct the service and does not use subcontractors. Therefore, it is very difficult for Royal to participate in Florida Stature 287.09451 which asks companies to purchase and contract from minority and women owned businesses.

However, Royal Auction Group, Inc. currently has 34 employees. In that 34 employees we have 9 women and 4 minority employees for a total percentage of 38% minority status.

Subcontractors

Royal Auction Group Inc., does not use any subcontractors for our auctions.

Community Development Memorandum

DATE: 4/14/2026

TO: Mayor and Commissioners

FROM: Ana M. Garcia, ICMA-CM, City Manager

VIA: Candido Sosa-Cruz, ICMA-CM, Deputy City Manager
Eleanor Norena, CFM, Director

SUBJECT: **OT-003-26:** The applicant, the First Dania Beach, LLC, owner of Dania 101 Apartments is requesting to establish and approved a license agreement to utilize one hundred thirty (130) parking spaces within the City Parking Garage.

Request:
The applicant, First Dania Beach, LLC is requesting to establish a license agreement to utilize one hundred thirty (130) parking spaces within the City parking garage located at City Hall.

Background:
As part of the site plan approval for Dania 101 Apartments, Phase 2 located at the northwest corner of SW 1st Avenue and SW 1st Street, the developer must provide additional offsite parking prior to Certificate of Occupancy.

Since last year, the developer has been negotiating for a large anchor tenant to help establish our growing downtown City Center. Recently, Dania 101 Apartments signed a lease with LA Fitness to occupy the ground floor of this development. Dania 101 Apartments is requesting to enter into a license agreement with the City to utilize a total of one hundred thirty (130) undesignated parking spaces. This license agreement will be similar to agreements made with other surrounding businesses in the area. The license will be temporary, revocable and not intended to permanently offset the project's development order.

Staff Analysis
The department has analyzed the City Hall parking garage availability and confirmed the requested parking spaces are available for lease.

The proposed rate of Ninety-Eight Dollars ($98.00) per space with an annual escalation of three percent (3%) is in line with the recently completed parking market rate assessment performed by Kimley Horn. The amount reflects the proportionate share of annual operation and capital costs, as well as estimated capital and operational reserves for each space in the garage.

The term of this license agreement shall continue for ten (10) years and five (5) months with up to four (4) additional renewal terms of five (5) years each.

The department supports LA Fitness and feels they would be a great addition to the downtown City Center and will further activate the surrounding businesses.

Budgetary Impact
The revenue to be collected by this licensed parking agreement is One Hundred Fifty-Two Thousand Eight Hundred Eighty Dollars ($152,880.00) annually.

Recommendation
Community Development's staff is recommending approval of the attached Resolution and license agreement.

RESOLUTION NO. 2026-_____

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF DANIA BEACH, FLORIDA, AUTHORIZING THE PROPER CITY OFFICIALS TO EXECUTE A LICENSE AGREEMENT WITH FIRST DANIA BEACH, LLC TO USE PARKING SPACES LOCATED IN THE CITY PARKING GARAGE UPON PAYMENT OF APPLICABLE FEES; PROVIDING FOR CONFLICTS; FURTHER, PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the applicant, First Dania Beach, LLC has requested to establish a License Agreement to utilize parking within the City Parking Garage located at City Hall; and

That License Agreement is attached as Exhibit "A", and it is made a part of and is incorporated into this Resolution by this reference.

LICENSE AGREEMENT FOR USE OF PARKING SPACES

THIS IS A LICENSE AGREEMENT (the "License"), and it is entered into on April ___, 2026, by and between the **City of Dania Beach**, a Florida municipality ("City"), and **First Dania Beach II, LLC**, a Florida limited liability company having a principal address of 2875 NE 191 Street, PH-4, Aventura, Florida 33180 ("Licensee").

RECITALS:

WHEREAS, City is the owner of a municipal parking garage with a street address of 49 Park Avenue East, Dania Beach FL 33004 (the "Garage") and more particularly described in **Exhibit A** attached hereto and made a part hereof; and

WHEREAS, Licensee is the owner of a parcel of land located at 46 SW 1st Avenue, Dania Beach, Florida (the "Development Parcel"), as more particularly described on **Exhibit B** attached hereto and made a part hereof, and Licensee is developing the Development Parcel pursuant to the approved amended site plan and development order, Resolution No. R-2024-181 (SP-025-22MOD) (the "Development Order");

WHEREAS, Licensee desires a limited right to use parking spaces within the Garage subject to the terms and conditions of this License; and

WHEREAS, nothing in this License is intended to satisfy, replace, or constitute compliance with any Development Order or zoning requirement, all of which remain the sole responsibility of Licensee.

WHEREAS, City has excess parking available in the Garage, and City is willing to license to Licensee the use of certain parking spaces subject to the terms and conditions set forth in this License; and

WHEREAS, The parties acknowledge that the Parking Spaces (hereinafter defined) shall be counted toward the parking requirements set forth in the Development Order, subject to the express limitations, revocability, and termination rights contained in this License.

NOW, THEREFORE, in consideration of the mutual promises contained herein, City and Licensee hereby agree as follows:

Recitals. The foregoing Recitals are true and correct and are incorporated herein.

ARTICLE 1.
LICENSE

Section 1.01 License. City hereby grants to Licensee and Licensee hereby accepts from City, a license to use:

• Sixty-five (65) administratively designated from time to time parking spaces within the Garage, which may be identified as reserved for the use of the Permitted Users (hereinafter defined), at Licensee's cost and option (the "Designated Spaces");

• Sixty-five (65) additional non-designated, unreserved parking spaces within the Garage available on a first-come, first-served basis (the "Non Designated Spaces"), it being agreed that at all times all of the Designated Spaces and Non-Designated Spaces (i.e., 130 spaces in total) shall be available for the use of the Permitted Users; and

• all of the other parking spaces located within the Garage on an unreserved, first-come, first-served basis (such additional spaces, together with the Non-Designated Spaces and the Designated Spaces, the "Parking Spaces").

The exact location of the Designated Spaces shall be approved and assigned by the City and may be contiguous at City's discretion. The designation or allocation of the Designated Spaces shall be administrative only, shall confer no property interest, and may be relocated, by the City at any time in its sole discretion without compensation.

Any administrative designation of the Parking Spaces as "Designated" or "Non-Designated" is for operational and management purposes only. Such designations shall not, by themselves, alter the economic terms of this License, including the Base Use Fee (hereinafter defined), escalation, or aggregate monthly charges payable by Licensee, except as expressly agreed in writing by the parties pursuant to Section 3.04.

Any reference to "designated" or "non-designated" spaces shall not be construed to create exclusivity, priority rights, or minimum availability obligations, and shall remain subject at all times to City operational control.

Section 1.02 Ingress and Egress. This License includes the use of the Parking Spaces and the right of ingress and egress through the Garage to the Parking Spaces by Licensee, Fitness International, LLC, a California limited liability company ("Fitness International"), Licensee's tenant for space within the Development Parcel, and Fitness International's employees, contractors, invitees, customers, service providers (collectively, the "Permitted Users"), subject at all times to this License and to all applicable Garage rules, regulations, and operational policies established by the City.

Except as expressly provided herein, nothing herein shall be construed to grant any Permitted User exclusive, guaranteed, or priority parking rights, nor to limit the City's authority to regulate access, circulation, enforcement, or use of the Garage in the public interest.

ARTICLE 2.
TERM

Section 2.01 Term of License. The term of this License (the "Initial Term") shall commence on the earlier of (i) date that Fitness International opens for business in the Development Parcel or (ii) April 1, 2027 (the "Commencement Date") and shall continue for a period of **ten (10) years and five (5) months** thereafter (the "Expiration Date"), unless sooner terminated in accordance with this License or extended as provided in Section 2.02. The Initial Term, together with any renewal or extension periods, shall be collectively referred to as the "Term." Notwithstanding the foregoing, if Fitness International has not opened for business within thirty-six (36) months following the date of this License, the City may, in its sole discretion, terminate this License upon written notice to Licensee, with no further obligation to Licensee.

Section 2.02 Option to Extend the License. Licensee is entitled to up to four (4) additional renewal terms of five (5) years each (each, a "Renewal Term"), provided that, at the time of commencement of any Renewal Term, Licensee is in full compliance with all terms and conditions of this License. Each Renewal Term shall automatically take effect, without the requirement of notice from Licensee to Licensor, unless the Licensee has provided written notice to Licensor not less than ninety (90) days prior to expiration of the then-current term that it has elected not to exercise a Renewal Term.

ARTICLE 3.
USE FEES

Section 3.01 Use Fees. Use Fees shall commence on the Commencement Date (as defined in Section 2.01), and no Use Fees shall be due prior thereto. For each and every calendar month commencing with the first month of the Initial Term and each month thereafter, Licensee shall pay to City, on or before 5:00 PM EST of the first business day of each month at City Hall, for the preceding calendar month, the following:

Ninety- Eight dollars ($98) for each of the Designated Spaces per month ("Base Use Fee").

Base Use Fee for a portion of the first month of this License shall be prorated on a daily basis and paid on the first day of the month immediately following the Commencement Date. Any Base Use Fee or other amount not paid when due shall accrue interest at the rate of 1.5 % per month (18 % per annum) or the highest rate permitted by law, whichever is lower, from the due date until paid in full.

The City acknowledges and agrees that Licensee's monthly payment of the Base Use Fee in accordance with this License shall be the sole charge for the Permitted Users' use of the Parking Spaces during the Term, and that at no time during the Term shall any of the Permitted Users be required to make any additional contribution to the City for the use of any of the Parking Spaces.

Section 3.02 Annual Escalator. Effective on each anniversary of the Commencement Date, the Base Use Fee shall increase by three percent (3%) per year. The parties acknowledge and agree that this fixed escalation is intended to provide predictability and administrative simplicity and shall apply in lieu of any adjustment tied to the Consumer Price Index or other inflationary metric.

Section 3.03 Intentionally deleted.

Section 3.04 Deposit. Licensee shall pay City a deposit of an amount equal to two (2) months of the then-applicable Base Use Fee for all of the Designated Spaces (initially, 65 × $98.00 × 2 = $12,740.00). The Deposit shall secure Licensee's obligations and be refundable consistent with this License.

Section 3.05 Administrative Designations; No Unilateral Economic Impact. The City may administratively reclassify or modify the designation of any of the Parking Spaces for operational purposes; however, no such designation or reclassification shall result in a change to the Base Use Fee or other economic terms of this License unless expressly agreed to in writing by the City and Licensee.

Any conversion of any of the Non-Designated Spaces to the Designated Spaces that would result in an increase to the Base Use Fee may occur only in the event of documented excessive or sustained use that materially interferes with public parking operations or garage safety, and only following:

(a) written notice to Licensee describing the condition;

(b) a reasonable opportunity for Licensee to mitigate such condition; and

(c) mutual written agreement of the parties regarding any fee adjustment.

In no event shall any administrative designation or conversion be used to impose a material or disproportionate increase in Licensee's total Base Use Fee without Licensee's written consent.

ARTICLE 4.
OPERATION OF LICENSEE'S BUSINESS

Section 4.01 Hazardous Substances. Licensee agrees that no activity will be conducted on, in, under or about the Garage and the Spaces by or through Licensee and any of its agents, contractors, subcontractors, employees, visitors, licensees, or invitees that will use, generate, release, store, dispose of, or produce any pollutants, contaminants, toxic or hazardous substances or wastes, oil or petroleum products, flammables, or any other substances, the nature or quantity of which are, due to their existence, use, release, manufacture, or effect, subject to federal, state, or local environmental, health, or safety laws or regulations, now or subsequently enacted or promulgated by any governmental authority or as a result of any court ruling.

ARTICLE 5.
MAINTENANCE OF SPACES

Section 5.01 Maintenance by Licensee. Licensee shall keep the Parking Spaces in a clean condition. Licensee shall have no duty, obligation, or liability whatsoever for construction, maintenance, replacement, or repair of the Garage and the Parking Spaces.

Section 5.02 Maintenance by City. City shall be responsible for the Garage structure and repair of all leaks, walls, electrical and mechanical systems, and any other capital component of the Garage structure. City shall use good faith efforts to notify Licensee in writing at least fifteen (15) days prior to the commencement of any reconstruction, repairing or repaving of the Garage or the Parking Spaces.

Section 5.03 As-Is Condition. The Parking Spaces and the Garage are accepted by the Licensee in an "as-is" condition, without warranty of condition or merchantability, expressed or implied.

Section 5.04 Services, Utilities and Security. The City is not obligated to furnish security, utilities, or services for the benefit of Licensee or any vehicle or person using the Garage. Any cleaning or security measures provided by the City are for general garage operations only and may be modified, reduced, or discontinued at any time. Notwithstanding anything to the contrary herein, the City shall cause the Garage to be well illuminated between dusk and dawn.

The City assumes no duty of care with respect to vehicles or individuals using the Garage, and shall not be liable for loss, theft, damage, injury, or interruption of use. Licensee acknowledges that parking is at its own risk and that no operational control, approval authority, or responsibility is assumed by the City.

Section 5.05 Limited Termination Right Related to Parking Interruption. Notwithstanding anything to the contrary in this License, Licensee may terminate this License if the lease between Licensee and Fitness International (or its successor) (the "Fitness International Lease") is terminated solely as a direct result of the City's material interruption or material impairment of access to the Parking Spaces in violation of this License.

This termination right shall not apply to interruptions or impairments arising from temporary closures, maintenance, emergencies, public safety actions, reconfiguration of the Garage consistent with this License, or any exercise of the City's termination or discretionary rights expressly reserved herein; provided that the foregoing do not result in the termination of the Fitness International Lease.

Termination under this Section shall be Licensee's sole and exclusive remedy for the circumstances described in this Section 5.05 and shall not give rise to any claim for damages, reimbursement, or compensation of any kind.

ARTICLE 6.
INSURANCE

Section 6.01 Public Liability and Property Damage. Licensee, during the entire Term, shall keep in full force and effect the following: Commercial General Liability Insurance naming the City as an additional insured, written with a carrier licensed to do business in Florida with an AM Best rating of A- or better. Coverage must include, at a minimum: (i) Spaces Operations, (ii) Products and Completed Operations, (iii) Blanket Contractual Liability, (iv) Personal Injury Liability, and (v) Expanded Definition of Property Damage. The minimum limits acceptable are $1,000,000.00 Per Occurrence, $2,000,000.00 Per Location Aggregate. The use of an excess/umbrella liability policy to achieve the limits required by this paragraph will be acceptable as long as the terms and conditions of the excess/umbrella policy are no less restrictive than the underlying Commercial General Liability policy.

Section 6.02 Workers' Compensation. Workers' Compensation Insurance shall be maintained by Licensee during the term of this License, or any renewal period of it, and it is to apply to all "statutory employees" of the Licensee (as that phrase is defined by Chapter 440, Florida Statutes), in compliance with the Workers' Compensation Law of the State of Florida and all applicable federal laws, for the benefit of the Licensee and its employees.

Employer's Liability Part B shall be in an amount of no less than One Million Dollars ($1,000,000.00) per occurrence.

Section 6.03 City Insurance. City acknowledges, confirms and agrees that it shall maintain insurance coverage for the Garage consistent with its municipal risk-management practices.

ARTICLE 7.
INDEMNITY AGAINST CLAIMS

Section 7.01 Licensee's Obligation to Defend. Licensee shall defend, indemnify and save harmless City, its elected officials, officers, employees, agents and contractors from and against all liabilities, obligations, damages, penalties, claims, costs, charges and expenses, including, without limitation, attorney fees (including those resulting from the enforcement of the foregoing indemnification), arising from, or which may be imposed upon, incurred by or asserted against City, by reason of:

(a) Any act, omission or negligence of Licensee or any Licensee Party (which includes but is not limited to any of Licensee's agents, contractors, subcontractors, employees, visitors, licensees, or invitees);

(b) Any accident, injury or damage whatsoever caused to any person or to the property of any person occurring in, on or about the Parking Spaces or occurring outside the Parking Spaces but within the Garage which is the result of the act, omission or negligence of Licensee or any Licensee Party;

(c) Any failure on the part of Licensee or any Licensee Party to observe or perform any of the covenants, agreements, terms, provisions, conditions or limitations contained in this License to be observed or performed by Licensee, including compliance with any governmental requirements applicable to the Garage and the Parking Spaces.

ARTICLE 8.
USE

Section 8.01 The Garage and Spaces shall be used solely for the parking of passenger vehicles in accordance with existing codes, laws, ordinances, rules, and regulations of all governmental authorities having jurisdiction over the Garage, including City. The parking or storage of commercial vehicles or equipment or materials, and repair and maintenance of vehicles of any kind is prohibited. The Parking Spaces shall not be used for any illegal purposes, nor in any manner which does or may create any nuisance or trespass, nor in any manner which may vitiate the insurance relating to the Garage and Parking Spaces. Parking of vehicles overnight or outside the normal operating hours of the Garage, as established by the City, is strictly prohibited without the City's prior written consent, except as expressly set forth in Section 8.02 hereof. Licensee shall not sublease, rent, or otherwise permit the use of any Parking Space by any person or entity not authorized under this License, nor shall Licensee charge any person or entity a rate greater than the rate paid by Licensee to the City for such spaces.

In the event the City determines that the Licensee has charged or collected from any user an amount greater than the rate paid by Licensee to the City, the City may, without notice, increase the Base Use Fee to match the highest rate charged by Licensee, retroactive to the date such higher rate was first charged. The retroactive increase shall be immediately due and payable to the City, in addition to any other remedies available under this License or law.

Access to and use of the Parking Spaces is strictly limited to the Permitted Users.

Section 8.02 Extended Access.

Notwithstanding Section 8.01, and subject to the terms of this License and applicable Garage rules and operational policies, the City agrees that Licensee and the Permitted Users shall be permitted access to the Parking Spaces on a continuous, twenty-four (24) hour basis, seven (7) days per week.

The City may temporarily restrict or suspend access to the Garage or any portion thereof due to emergencies, maintenance, repairs, or public safety needs, special events, or other operational requirements provided such restrictions are implemented in a commercially reasonable manner and are not intended to uniquely target Licensee.

Nothing herein shall be construed to guarantee uninterrupted access or to limit the City's authority to manage, regulate, or operate the Garage in the public interest.

Nothing in this Section 8.02 shall be construed to permit Licensee to sublease, rent, sell, monetize, or otherwise commercially exploit any Parking Space, or to permit use by any person not authorized under this License.

Section 8.03 Controlled Access and Credentials.

In the event the City installs gates, card readers, license-plate recognition systems, or other controlled access mechanisms for the Garage, the City shall provide Licensee with reasonable access credentials or authorization sufficient to allow Licensee and the Permitted Users to access the Parking Spaces in accordance with this License.

Such credentials shall be subject to the City's standard administrative procedures, security protocols, modification, suspension, or replacement, and may be revoked for misuse or noncompliance with Garage rules or this License.

Nothing herein shall be construed to grant Licensee exclusive access rights, guaranteed availability (except as expressly set forth herein), or control over access systems, nor to limit the City's authority to modify or discontinue access methods in the public interest.

ARTICLE 9.
ASSIGNMENT AND AMENDMENTS

Section 9.01 Assignment.

Licensee may not assign this License without the prior written consent of the City. In connection with a bona fide sale or transfer of all or any portion of the Development Parcel, the City's consent shall not be unreasonably withheld, provided that the proposed assignee:

(a) assumes in writing all obligations of Licensee under this License;

(b) demonstrates financial capacity and operational suitability to comply with the terms and conditions of this License reasonably acceptable to the City; and

(c) agrees to comply with all applicable Garage rules and City policies.

No assignment shall relieve the original Licensee of liability under this License unless the City expressly approves the assignment of this License. Any purported assignment in violation of this Section shall be void.

Section 9.02 Amendments. No amendment to this License will be binding on any party unless in writing and signed by all parties.

ARTICLE 10.
DEFAULT AND TERMINATION BY CITY

Section 10.01 Default. Each of the following events shall be a default by Licensee and a breach of this License and constitute an "Event of Default":

(a) any failure of Licensee to pay any Base Use Fee due as and when due, and failure to cure the same within ten (10) days following Licensee's receipt of written notice of nonpayment and demand for payment; or

(b) any failure to perform any other of the terms, conditions, or covenants of this License to be observed or performed by Licensee for more than thirty (30) calendar days after written notice of such default (except for a default in the payment of Use Fee and other monetary obligations) after notice shall have been received by Licensee (unless curative action cannot reasonably be accomplished within such thirty (30) day period, in which event the period to cure such default shall be automatically extended as long as Licensee promptly commences such cure and diligently uses Licensee's best efforts to complete curative action).

Section 10.02 Remedies. If any default by Licensee shall continue uncured upon expiration of the applicable curing period, City may exercise any one or all of the following remedies in addition to all other rights and remedies provided by law or equity, from time to time, to which City may resort cumulatively or in the alternative:

(a) The City may terminate this License in accordance with Section 10.03;

(b) The City may apply all or any portion of the Deposit toward the payment of any amounts then due and owing, or to cure any default or expense incurred by the City as a result of the Licensee's breach. Application of the Deposit shall not be deemed a waiver of any other right or remedy of the City, nor shall it relieve Licensee of its continuing obligations under this License; and

(c) The City may pursue any and all other remedies available at law or in equity, including specific performance, damages, or recovery of reasonable attorney's fees and costs.

Section 10.03 Section 10.03 Termination.

(a) Termination for Cause. If an Event of Default by Licensee has been established under this License and remains uncured after a thirty (30) day cure period, the City may, upon not less than thirty (30) days' prior written notice to Licensee, terminate this License for cause. Upon such termination, all of Licensee's rights in the Garage and the Parking Spaces shall immediately cease. The City may re-enter and take possession of the Garage and the Parking

Spaces, apply the Deposit to any amounts then due or outstanding, and pursue any other remedies available under this License, at law, or in equity.

(b) Effect of Termination. Termination under this Section shall not relieve Licensee from the payment of any sum then due to the City or from any claim for damages previously accrued or thereafter accruing as a result of Licensee's acts or omissions prior to termination.

Section 10.04 Fitness International Notice and Limited Cure Right.

The City shall provide a copy of any written notice of default delivered to Licensee to Fitness International for informational purposes.

Fitness International shall have the right, but not the obligation, to cure a default of Licensee that is reasonably capable of being cured by Fitness International within an additional period not to exceed fifteen (15) days following the expiration of Licensee's applicable cure period and Fitness International's receipt of written notice from the City of the applicable default.

If such default is not reasonably capable of being cured within such fifteen (15) day period, Fitness International may be afforded a reasonable additional period of time, not to exceed an additional thirty (30) days, provided that Fitness International has commenced cure within the initial fifteen (15) day period and is diligently pursuing such cure to completion.

In no event shall the total cure period afforded to Fitness International exceed forty-five (45) days, nor shall any cure right delay or limit the City's ability to exercise its rights and remedies under this Agreement beyond such period.

This Section does not create any third-party beneficiary rights in favor of Fitness International and shall not be construed to grant Fitness International any rights beyond the limited cure right expressly set forth herein.

ARTICLE 11.
LICENSEE'S RIGHT OF TERMINATION

Section 11.01 Licensee may terminate this License only upon a material uncured default by the City, after written notice and a thirty (30) day cure period. Termination may not be based on changes to garage operations, parking allocation, or City policy decisions.

ARTICLE 12.
SURRENDER OF LICENSE AND HOLDING OVER

Section 12.01 Surrender Upon Termination. At the expiration or termination of this License, Licensee shall surrender the Spaces in not less than the same condition and repair as existed on the Commencement Date of this License, reasonable wear and tear, casualty and condemnation excepted.

Section 12.02 Holding Over. Any holding over after the expiration of the Term of this License, without the City's written consent, shall be construed to be a month-to-month license only, terminable by either party upon thirty (30) days' written notice.

During any such holdover period, the monthly Base Use Fee shall automatically increase to two hundred percent (200%) of the then-applicable Base Use Fee, and all other terms and conditions of this License shall remain in full force and effect, so far as applicable. Any holdover use shall be deemed unauthorized and shall not be construed to create a tenancy, month-to-month or otherwise, or any continuing license or possessory interest in the Garage.

Acceptance of any payment by the City during a holdover period shall not be deemed a waiver of the City's right to recover possession or to enforce any other provision of this License.

ARTICLE 13.
ATTORNEY FEES

Section 13.01 Attorney Fees. If either City or Licensee shall, without fault, be made a party to any litigation by or against the other party, or if successful litigation shall be brought by either City or Licensee against the other because of the breach of any other covenant in this License to be kept or performed by such party, and a breach shall be established, the prevailing party shall pay to the other party all expenses the party incurred in connection with such litigation, including attorney fees and court costs.

ARTICLE 14.
NOTICES

In the event of concurrent causes, responsibility shall be allocated on a proportionate basis consistent with the relative fault of the parties.

The assessment of liquidated damages shall not prevent the City from exercising any other rights or remedies available under this Agreement or at law.

6.5 Assessment and Deduction

Liquidated damages may be assessed by the City without the necessity of proving actual damages. The City may deduct liquidated damages from any amounts due or that may become due to the Contractor, including progress payments, retainage, or amounts recoverable under the Contractor's performance bond.

6.8 Concurrent Remedies

The assessment of liquidated damages shall be in addition to, and not in lieu of, any other remedies available to the City under this Agreement or applicable law.

6.9 Contractor Responsibility for Acceleration

If the Contractor determines that it will not meet the required completion date, and such delay is solely attributed to the Contractor, the Contractor shall take all necessary actions, including additional labor, shifts, or resources, to accelerate the Work and restore the Project schedule at no additional cost to the City.

7. PAYMENT PROCEDURES

7.1 Lump Sum Contract

The City may approve, reduce, or reject any Application for Payment in whole or in part if the City determines that the Work is incomplete, defective, nonconforming, or otherwise not in compliance with the Contract Documents.

7.5 Retainage

Retainage shall be withheld from progress payments in accordance with Section 255.078, Florida Statutes. The City may withhold five percent (5%) of each approved progress payment.

The City may retain a portion of the retainage after Substantial Completion as necessary to ensure completion of remaining work, correction of defective work, resolution of claims, and satisfaction of all close-out requirements.

Final retainage shall not be released until Final Completion of the Work and acceptance by the City.

7.6 Withholding of Payment

The City may withhold payment, in whole or in part, if the City determines that any of the following conditions exist:

a. defective or nonconforming Work;
b. incomplete Work;
c. failure to maintain the project schedule, due in whole to the fault of the Contractor;
d. failure to maintain required insurance or bonds;
e. failure to submit required documentation;
f. failure to pay subcontractors or suppliers;
g. claims, liens, or disputes related to the Work;
h. failure to comply with safety requirements or applicable laws; or
i. any other breach of the Contract Documents.

The City may continue to withhold payment until such conditions have been corrected to the City’s satisfaction.

7.7 Payment Does Not Constitute Acceptance

No progress payment, partial payment, or release of retainage shall constitute acceptance of the Work or waiver of any defects in the Work.

The City reserves the right to reject any portion of the Work that does not comply with the Contract Documents, even if such Work has previously been included in a payment request.

7.8 Payment of Subcontractors

The Contractor shall promptly pay subcontractors and suppliers for Work performed under this Agreement.

The City may require evidence of such payments, including sworn statements and lien releases, prior to processing subsequent Applications for Payment.

Failure to pay subcontractors or suppliers shall constitute grounds for withholding payment or terminating this Agreement.

7.9 Final Payment

Final payment shall not be made until the Contractor has satisfied all of the following requirements:

a. completion of all Work in accordance with the Contract Documents;
b. correction of all punch list items;
c. delivery of all warranties, manuals, and required documentation;
d. submission of final releases of lien from the Contractor and all subcontractors and suppliers;
e. submission of as-built drawings if required; and
f. final inspection and written acceptance by the City.

8. CHANGES IN THE WORK AND CHANGE ORDERS

8.1 City Authority to Order Changes

The City reserves the right to order changes in the Work, including additions, deletions, or modifications to the Work, when such changes are determined by the City to be in the best interest of the Project. The Contractor acknowledges that changes ordered by the City within the general scope of the Project shall not constitute a cardinal change and shall be performed in accordance with the change order procedures set forth in this Agreement.

Changes in the Work shall be authorized only by a written Change Order mutually executed by the Parties prior to any change taking effect.

8.2 Written Change Order Required

The Contractor shall not perform any additional work or extra work unless authorized by a written Change Order mutually executed by the Parties.

No verbal direction, field instruction, interpretation, approval of shop drawings, response to requests for information or action by the City’s representatives shall constitute authorization for additional compensation or time.

Any work performed without a written Change Order shall be deemed included in the Contract Price and performed at the Contractor's sole risk.

8.3 No Constructive Change

The Contractor acknowledges that no action, inaction, interpretation, response to requests for information, review of shop drawings, observation of the Work, approval of submittals, or field direction by the City, the Engineer, or any City representative shall constitute a change to the Work or authorize any adjustment to the Contract Price or Contract Time unless such change is expressly set forth in a written Change Order executed by the Parties.

The Contractor expressly waives any claim for additional compensation or time based upon an alleged constructive change, implied change, or change arising from the conduct of the City or its representatives, unless such claim is evidenced by a written Change Order executed by the City.

8.4 Change Order Pricing

When a Change Order results in an adjustment to the Contract Price, the adjustment shall be determined by one or more of the following methods as determined by the Parties:

a. mutual acceptance of a lump sum price;
b. unit prices set forth in the Contract Documents; or
c. cost of the work plus a reasonable allowance for overhead and profit approved by the City.

The Contractor shall provide all cost documentation requested by the City to support any requested price adjustment.

8.5 Notice of Claim

If the Contractor believes that any event, directive, or condition may result in a change in the Contract Price or Contract Time, the Contractor shall provide written notice to the City within seven (7) days after the occurrence of the event giving rise to the claim.

Failure to provide such written notice within the required time period shall constitute a waiver of the claim.

8.6 Formal Claim Submission

Within thirty (30) days after providing notice of a claim, the Contractor shall submit a detailed written claim including:

a. a description of the event giving rise to the claim;
b. the contractual basis for the claim;
c. documentation supporting any requested adjustment to the Contract Price or Contract Time; and
d. all supporting cost records and schedules.

Failure to submit a timely and complete claim shall constitute a waiver of the claim.

8.7 No Damages for Delay

If a Change Order is issued for delay or disruption to the Work due solely to the actions of the Contractor, the Contractor's sole remedy shall be an extension of time. If attributed solely to the actions of the Contractor, the Contractor shall not be entitled to additional compensation or damages for delay, disruption, or interference with the Work.

8.8 Continuing Performance

Pending resolution of any claim or dispute, the Contractor shall continue performance of the Work in accordance with the Contract Documents and shall not delay or suspend the Work.

8.9 City Determination

The City shall review all claims and determine whether a Change Order is warranted. The City's determination shall control for purposes of directing the Work and maintaining project progress, subject to the Contractor's right to pursue a claim in accordance with this Agreement. Any adjustment to the Contract Price or Contract Time shall be authorized only by a written Change Order executed by the Parties.

The City shall review all claims and determine whether a Change Order is warranted. The City's determination shall control for purposes of directing the Work and maintaining project progress.

If the Contractor disagrees with the City's determination, the Contractor may submit a formal claim in accordance with this Agreement, and the City shall review and issue a written determination within a reasonable time. The Contractor shall proceed with the Work as directed pending resolution of such claim.

The Contractor's compliance with a directive to proceed shall not constitute a waiver of its right to seek an equitable adjustment to the Contract Price or Contract Time. Any such adjustment shall be determined in accordance with the claims process set forth in this Agreement and, if approved, memorialized in a written Change Order.

Nothing in this Section shall preclude the Contractor from other remedies available to the Contractor under this Agreement or by law.

9. CONTRACTOR RESPONSIBILITIES

9.1 Standard of Performance

The Contractor shall perform the Work in a good and workmanlike manner consistent with the highest standards of the construction industry and in strict compliance with the Contract Documents.

The Contractor shall be solely responsible for the means, methods, techniques, sequences, and procedures used in performing the Work.

9.2 Compliance with Laws

The Contractor shall comply with all applicable federal, state, county, and local laws, ordinances, regulations, and codes applicable to the Work, including all safety regulations and permitting requirements.

The Contractor shall obtain and pay for all permits, inspections, licenses, and approvals required for the performance of the Work unless otherwise expressly stated in the Contract Documents.

9.3 Supervision of Work

The Contractor shall provide competent and qualified supervision for the Work at all times during construction.

The Contractor shall designate a qualified project manager or superintendent who shall be present at the Project site whenever work is being performed and who shall have authority to act on behalf of the Contractor.

9.4 Subcontractors

The Contractor shall not engage any subcontractor to perform any portion of the Work without prior written approval of the City. The Contractor shall submit to the City the name, qualifications, and scope of work for each proposed subcontractor for review and approval.

The City reserves the right to reject any proposed subcontractor that the City determines, in its sole discretion, is not qualified, responsible, or suitable for the Work.

Approval of a subcontractor by the City shall not relieve the Contractor of any responsibility for the performance of the Work. The Contractor shall remain fully responsible for the acts, omissions, and performance of all subcontractors, suppliers, and persons directly or indirectly employed by them.

All subcontractors shall be bound by the terms and conditions of this Agreement and the Contract Documents to the same extent as the Contractor.

9.5 Safety

The Contractor shall be solely responsible for jobsite safety and shall implement and maintain all safety precautions and programs necessary to protect workers, the public, and property.

The Contractor shall comply with all applicable Occupational Safety and Health Administration (OSHA) regulations and all applicable safety laws.

9.8 Clean-Up

The Contractor shall keep the Project site reasonably clean and free from accumulation of waste materials, debris, and rubbish resulting from the Work.

Upon completion of the Work, the Contractor shall remove all construction equipment, tools, temporary facilities, and debris and leave the site in a clean and safe condition.

9.9 Coordination

The Contractor shall coordinate all aspects of the Work including subcontractors, suppliers, utilities, inspections, and testing required for completion of the Project.

9.10 Responsibility for Work

Until final acceptance of the Work by the City, the Contractor shall bear the risk of loss or damage to the Work and shall take all necessary precautions to protect the Work from damage.

10. WARRANTIES

10.1 General Warranty

The Contractor warrants that all Work performed under this Agreement shall be new, of good quality, free from defects in materials and workmanship, and performed in accordance with the Contract Documents.

The Contractor further warrants that the Work shall be suitable for its intended purpose and shall conform to all applicable laws, codes, regulations, and manufacturer requirements.

10.2 Warranty Period

Unless a longer period is required by the Contract Documents or applicable manufacturer warranties, the Contractor warrants the Work for a period of one (1) year from the date of Final Completion and acceptance by the City.

The parties acknowledge that a separate maintenance agreement governs routine service and upkeep; however, such maintenance shall not relieve the Contractor of responsibility for defective Work, improper installation, or failure of the system to perform in accordance with the Contract Documents.

Any portion of the Work that is repaired or replaced during the warranty period shall be warranted for a period of one (1) year from the date of such repair or replacement, **but such extension shall apply only to the repaired or replaced component and shall not extend the warranty for the Work as a whole.**

Notwithstanding the foregoing, if repeated failures of components or systems indicate a systemic defect in design, installation, or integration, the Contractor shall be responsible for correcting such condition at no cost to the City.

10.3 Manufacturer Warranties

The Contractor shall assign to the City all manufacturer warranties applicable to materials, equipment, and systems installed as part of the Work.

Manufacturer warranties shall be in addition to, and not in lieu of, the Contractor's warranty obligations under this Agreement.

10.4 Correction of Defective Work

If any defect in materials or workmanship appears within the warranty period, the Contractor shall promptly correct such defect at no cost to the City, unless such defect is not attributable to the Contractor's Work.

The Contractor shall begin corrective work within ten (10) days after written notice from the City or sooner if the defect constitutes an emergency or impacts the operation of the Water Treatment Plant, and shall complete such corrective work within a reasonable time acceptable to the City. City shall be liable to notify the Contractor if corrective work is required sooner than ten (10) days.

10.5 City Right to Correct

If the Contractor fails to promptly correct defective Work after notice from the City, the City may perform or cause the corrective work to be performed and the Contractor shall be responsible for all costs incurred by the City in performing such corrective work.

The City may recover such costs by deducting them from any amounts due to the Contractor or from the Contractor's bond.

10.6 No Waiver

Neither final payment, final inspection, nor acceptance of the Work by the City shall constitute a waiver of the Contractor's warranty obligations.

The City's failure to discover or reject defective Work prior to acceptance shall not relieve the Contractor of responsibility for defective Work.

10.7 Survival of Warranty

The warranty obligations set forth in this section shall survive termination or completion of this Agreement and shall remain enforceable during the warranty period.

11. INSURANCE.

The Contractor shall maintain insurance coverage in the types and amounts required by Invitation to Bid No. 25-027 and the Contract Documents. All insurance requirements set forth in the ITB are incorporated herein by reference and shall remain in full force and effect for the duration of the Work.

Prior to commencement of the Work, the Contractor shall provide certificates of insurance acceptable to the City demonstrating compliance with the insurance requirements of the ITB. The certificates shall confirm that the required policies are in effect and that the City is named as an additional insured where required by the ITB.

Commencement of any Work by the Contractor prior to providing the required certificates of insurance to the City shall constitute a material breach of this Agreement.

The Contractor shall maintain the required insurance throughout the duration of the Work and shall provide updated certificates of insurance upon renewal or replacement of any policy.

Failure to maintain the required insurance coverage at any time during the performance of the Work shall constitute a material breach of this Agreement and shall entitle the City to suspend the Work or terminate this Agreement.

12. PERFORMANCE AND PAYMENT BONDS

The Contractor shall furnish performance and payment bonds in the types and amounts required by Invitation to Bid No. 25-027 and the Contract Documents. The bonding requirements set forth in the ITB are incorporated herein by reference.

Prior to commencement of the Work, the Contractor shall provide the required performance and payment bonds in a form acceptable to the City and issued by a surety authorized to do business in the State of Florida.

The Contractor shall not commence any Work under this Agreement until the required bonds have been provided to and approved by the City.

Commencement of Work by the Contractor prior to providing the required bonds shall constitute a material breach of this Agreement.

The performance and payment bonds shall remain in full force and effect for the duration of the Work and until all obligations of the Contractor under this Agreement have been satisfied.

Failure to maintain the required bonds shall constitute a material breach of this Agreement and shall entitle the City to suspend the Work, withhold payment, or terminate this Agreement.

13. INDEMNIFICATION

13.1 Indemnification

To the fullest extent permitted by law, the Contractor shall indemnify, defend, and hold harmless the City, its officers, officials, employees, agents, and representatives from and against any and all claims, damages, losses, liabilities, causes of action, judgments, costs, and expenses, including reasonable attorney's fees, arising out of, resulting from, or relating to the performance of the Work under this Agreement, provided that such claim, damage, loss, or expense is caused in whole or in part by the negligent acts, errors, omissions, or misconduct of the Contractor, its subcontractors, suppliers, employees, or anyone directly or indirectly employed by them or anyone for whose acts they may be liable.

13.2 Scope of Indemnity

The obligations of the Contractor under this section shall apply regardless of whether such claims are caused in part by a party indemnified hereunder; however, the Contractor shall not be required to indemnify the City for damages caused solely by the negligence of the City or third-party. Where any such claim, damage, loss, or expense is caused in part by the negligent acts, errors, omissions, or misconduct of the Contractor and in part by the acts or omissions of the City or any other person or entity, the Contractor's duty to indemnify shall be limited to that portion of such claim, damage, loss, or expense attributable to the Contractor's proportionate share of fault.

13.3 Subcontractors

The Contractor shall require all subcontractors to assume the same indemnification obligations in favor of the City as set forth in this Agreement.

13.4 Survival

The obligations contained in this section shall survive the completion of the Work and termination of this Agreement.

14.1 Contractor Default

The occurrence of any of the following shall constitute a default by the Contractor:

a. failure to perform the Work in accordance with the Contract Documents;

14.5 Suspension of Work

The City may suspend the Work in whole or in part when the City determines that suspension is necessary or appropriate. The Contractor shall resume the Work upon written notice from the City.

15. CITY RIGHTS AND REMEDIES

15.1 Cumulative Remedies

The rights and remedies of the City under this Agreement are cumulative and in addition to any other rights or remedies available at law or in equity.

15.2 City Right to Correct Work

If the Contractor fails to perform the Work in accordance with the Contract Documents, the City may, after providing written notice to the Contractor, correct such Work or cause such Work to be corrected. All reasonable costs incurred by the City may be recoverable from the Contractor and may be deducted from any amounts due to the Contractor.

15.3 No Waiver

Failure by the City to enforce any provision of this Agreement shall not constitute a waiver of the City's right to enforce that provision or any other provision at a later time.

15.4 Withholding and Setoff

The City shall have the right to withhold payment or set off against any amounts due to the Contractor any costs, damages, or expenses incurred by the City as a result of the Contractor's breach of this Agreement.

15.5 Recovery of Costs

The Contractor shall be responsible for all damages, costs, and expenses incurred by the City resulting from the Contractor's breach of this Agreement, including reasonable attorney's fees and **costs** the extent permitted by law. The City reserves the right to add additional related equipment or system components to the scope of this Agreement upon the execution of a mutually executed written change order, provided such equipment is reasonably related to the chemical feed system infrastructure.

3. TERM

3.1 Initial Term

The initial term of this Agreement shall be three (3) years, commencing upon the date the City issues written Final Completion and acceptance of the Water Treatment Plant Chemical Feed System Rehabilitation Project (ITB No. 25-027) (the "Effective Date").

3.2 Renewal Options

The City may renew this Agreement for two (2) additional one-year terms by providing written notice to the Contractor at least thirty (30) days prior to expiration of the then-current term.

No renewal shall occur unless affirmatively exercised in writing by the City and accepted by the Contractor following receipt of the written notice.

Nothing in this Agreement shall obligate the City to exercise any renewal option. The City reserves the right to procure maintenance services from other vendors upon expiration of the initial term or any renewal term.

3.4 Funding Limitation

The City's obligation to pay under this Agreement is subject to the availability of lawfully appropriated funds. In the event funds are not appropriated or otherwise made available for the continuation of this Agreement in any fiscal year, the City may terminate this Agreement without upon written notice to Contractor.

Invoices that do not contain sufficient information for the City to verify the services performed may be rejected by the City and returned to Contractor for correction. The time period for payment shall not begin to run until the City receives a corrected and complete invoice.

The City shall review all invoices submitted by Contractor and shall pay only for services that have been satisfactorily performed and accepted by the City provided the services have been performed in accordance with this Agreement.

The City may withhold payment of any disputed portion of an invoice until such dispute is resolved. Withholding payment of disputed amounts shall not constitute a breach of this Agreement.

The compensation provided under this Agreement constitutes full compensation for all labor, supervision, tools, equipment, travel, materials, parts, and services necessary to perform the maintenance services required under this Agreement.

Contractor shall perform all maintenance activities necessary to ensure continued operational reliability of the equipment in accordance with the project specifications.

Only services that constitute a material expansion of the scope of services beyond maintenance of the chemical feed systems as installed under ITB No. 25-027 shall be eligible for additional compensation, and any such adjustment shall be authorized by a written Change Order executed by the Contractor and the City.

The City may direct Contractor to perform additional maintenance activities reasonably related to the proper operation of the chemical feed systems. Contractor shall promptly perform such services upon request by the City.

Contractor shall comply with such requests when reasonably related to the proper operation of the chemical feed systems.

5.5 Failure to Perform Scheduled Preventive Maintenance

If Contractor fails to perform any scheduled preventive maintenance service within the time periods required by this Agreement, the City may require Contractor to perform such service immediately at no additional cost to the City. In addition, the City may assess a service credit in the amount of five hundred dollars ($500.00) for each missed or delayed preventive maintenance visit. The assessment of a service credit shall not limit the City’s right to pursue any other remedies available under this Agreement.

SUBJECT: **APPROVAL OF MODIFICATION NO. 7 TO THE HAZARD MITIGATION GRANT PROGRAM AGREEMENT FOR THE POLICE SUBSTATION GENERATOR PROJECT**

Request:
Approval of a Resolution authorizing Modification No. 7 to the Hazard Mitigation Grant Program (HMGP) Agreement with the Florida Division of Emergency Management (FDEM) for the Police Substation Generator Project, increasing the federal funding share to one hundred percent (100%).

Background:
The City of Dania Beach previously entered into a Hazard Mitigation Grant Program (HMGP) agreement with the Florida Division of Emergency Management (FDEM), funded by the Federal Emergency Management Agency (FEMA), for the installation of a backup generator at the Police Substation, as authorized by Resolution No. 2019-135. The project was initiated to enhance the resiliency and operational continuity of critical public safety infrastructure during emergency events.

Following the grant award, the City proceeded with procurement of professional engineering services in accordance with federal and state requirements. After reissuing the solicitation to obtain sufficient responses, the City Commission approved Resolution No. 2022-147 authorizing a design agreement with Smith Engineering Consultants, Inc. for preparation of engineering plans and specifications.

Upon completion of design, the City advanced the project to construction and subsequently awarded a construction contract through a competitive bidding process, as approved by Resolution No. 2025-070.

At the time of the original grant award, the total project cost was $264,000.00, consisting of a federal share of $198,000.00 (75%) and a local match of $66,000.00 (25%), in accordance with FEMA funding requirements.

FDEM has since notified the City that FEMA has approved an increase in the federal funding

share for this project. Modification No. 7 revises the funding structure to one hundred percent (100%) federal participation, eliminating the City's local match requirement.

As reflected in the modified agreement, the total project cost remains $264,000.00, now fully federally funded, with no required non-federal contribution. In addition, the modification includes Sub-Recipient Management Costs (SRMC) in the amount of $13,200.00, which are also fully federally funded.

The project remains a Global Match Project, meaning the non-federal share is satisfied at the program level and does not require a local financial contribution for this specific project. The project scope remains unchanged.

Budgetary Impact
There is a positive fiscal impact to the City. The modification eliminates the previously required local match of $66,000.00, resulting in full federal funding of the $264,000.00 project cost. All eligible project costs, including $13,200.00 in Sub-Recipient Management Costs (SRMC), will be reimbursed through federal funding.

Recommendation
Staff recommends approval of the Resolution authorizing Modification No. 7 to the HMGP agreement with the Florida Division of Emergency Management (FDEM).

RESOLUTION NO. 2026-____

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF DANIA BEACH, FLORIDA, APPROVING MODIFICATION NO. 7 TO THE HAZARD MITIGATION GRANT PROGRAM (HMGP) AGREEMENT WITH THE FLORIDA DIVISION OF EMERGENCY MANAGEMENT (FDEM) FOR THE POLICE SUBSTATION GENERATOR PROJECT (PROJECT NO. 4337-201-R; CONTRACT NO. H0237) IN THE TOTAL AMOUNT OF TWO HUNDRED SIXTY-FOUR THOUSAND DOLLARS ($264,000.00); PROVIDING FOR AUTHORIZATION; PROVIDING FOR IMPLEMENTATION; AND PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the City Commission previously approved Resolution No. 2019-135 authorizing the Hazard Mitigation Grant Program (HMGP) Agreement with the Florida Division of Emergency Management (FDEM), funded by the Federal Emergency Management Agency (FEMA), for the Police Substation Generator Project; and

WHEREAS, the original project funding consisted of a total project cost of $264,000.00, including a federal share of $198,000.00 (75%) and a non-federal share of $66,000.00 (25%); and

WHEREAS, FEMA has approved an increase in the federal funding share to one hundred percent (100%), resulting in full federal funding of the total project cost of $264,000.00 and elimination of the required local match; and

WHEREAS, the Florida Division of Emergency Management (FDEM) has issued Modification No. 7 reflecting the revised funding structure; and

WHEREAS, the modification includes Sub-Recipient Management Costs (SRMC) in the amount of $13,200.00, which are fully federally funded; and

WHEREAS, the project remains a Global Match Project, whereby the non-federal share is satisfied at the program level and no local financial contribution is required for this project; and

WHEREAS, the City Commission finds that it is in the best interest of the City to approve Modification No. 7 to the HMGP agreement to reduce the City's financial obligation while maintaining the approved project scope.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF DANIA BEACH, FLORIDA:

Section 1. That the above "Whereas" clauses are ratified and confirmed, and they are made a part of and incorporated into this Resolution by this reference.

Section 2. The City Commission hereby approves Modification No. 7 to the Hazard Mitigation Grant Program (HMGP) Agreement with the Florida Division of Emergency Management (FDEM) for the Police Substation Generator Project.

Sub-Recipient shall ensure that all contractor/subcontractor bills, invoices, and/or charges are legitimate and clearly identify the activities being performed and associated costs.

Sub-Recipient Management Costs (SRMC) expenditure must adhere to FEMA Policy #104-11-1 HMGP Management Costs (Interim) signed November 14, 2018. FEMA defines management costs as any: Indirect costs, Direct administrative costs, and other administrative expenses associated with a specific project. Administrative costs are expenses incurred by a Sub-Recipient in managing and administering the federal award to ensure that federal, state requirements are met including: solicitation, development, review, and processing of sub-applications; delivery of technical assistance; quarterly progress and fiscal reporting; project monitoring; technical monitoring; compliance activities associated with federal procurement requirements; documentation of quality of work verification for quarterly reports and closeout; payment of claims; closeout review and liquidation; and records retention.

Any activities that are directly related to a project are not eligible under management costs. For example, architectural, engineering, and design services are project costs and cannot be included under management costs. Similarly, construction management activities that manage, coordinate, and supervise the construction process from project scoping to project completion are project costs. These activities cannot be included under management costs.

Due to Strategic Funds Management (SFM), SRMC Interim Policy requires management costs to be obligated in increments sufficient to cover Sub-Recipient needs, for no more than one year, unless contractual agreements require additional funding. FEMA has established a threshold where annual increments will be applied to larger awards, allowing smaller awards to be fully obligated. Obligations will be handled by the size of the total subaward.

The Sub-Recipient shall pre-audit all SRMC source documentation – personnel, fringe benefits, travel, equipment, supplies, contractual, and indirect costs. A brief narrative is required to identify what the funds will be used for. Documentation shall be detailed and clearly describe each approved task performed, hours devoted to each task, and the hourly rate charged including enough information to calculate the hourly rates based on payroll records. Employee benefits and tasks shall be clearly shown on the Personnel Activity Form, and all Personnel or Contractual SRMC shall be invoiced separately from all other project costs.

Project Management Expenses (only applies to disasters prior to August 1, 2017, all others adhere to FEMA Policy #104-11-1 for SRMC). The Sub-Recipient shall pre-audit source documentation such as payroll records, project time sheets, attendance logs, etc. Documentation shall be detailed information describing tasks performed, hours devoted to each task, and the hourly rate charged for each hour including enough information to calculate the hourly rates based on payroll records. Employee benefits shall be clearly shown.

The Division shall review all submitted requests for reimbursement for basic accuracy of information. Further, the Division shall ensure that no unauthorized work was completed prior to the approved project start date by verifying vendor and contractor invoices. The Division shall verify that reported costs were incurred in the performance of eligible work, that the approved work was completed, and that the mitigation measures are in compliance with the approved scope of work prior to processing any requests for reimbursement.

Review and approval of any third-party in-kind services, if applicable, shall be conducted by the Division in coordination with the Sub-Recipient. Quarterly Reports shall be submitted by the Sub-Recipient and received by the Division at the times provided in this agreement prior to the processing of any reimbursement.

The Sub-Recipient shall submit to the Division requests for reimbursement of actual construction and managerial costs related to the project as identified in the project application, and plans. The requests for reimbursement shall include:

a) Contractor, subcontractor, and/or vendor invoices which clearly display dates of services performed, description of services performed, location of services performed, cost of services performed, name of service provider and any other pertinent information;

b) Proof of payment from the Sub-Recipient to the contractor, subcontractor, and/or vendor for invoiced services;

c) Clear identification of amount of costs being requested for reimbursement as well as costs being applied against the local match amount.

The Sub-Recipient's final request for reimbursement shall include the final construction project cost. Supporting documentation shall show that all contractors and subcontractors have been paid.

B) Deliverables:

Mitigation Activities consist of providing protection to the Dania Beach Police Substation, in Dania Beach, Florida, by installing a permanent generator to provide emergency back-up power, as a Global Match-Recipient Project.

The generator shall be protected against a 500-year flood event by implementing specific activities or by locating the generator outside the SFHA and shall be protected against wind with a rated enclosure based on its location requirements. Activities shall be completed in strict compliance with Federal, State and Local Rules and Regulations.

Provided the Sub-Recipient performs in accordance with the Scope of Work outlined in this Agreement, the Division shall reimburse the Sub-Recipient based on the percentage of overall project completion.

If for any reason this match project is not completed or is otherwise rendered ineligible, the Sub-Recipient retains responsibility for the non-federal share/ of all projects utilizing the Global Match of this project/ if it wishes to continue with the project. Shall meet matching cost share rules and provide the same closeout documentation for the match projects as with regular federally funded projects

City of Dania Beach
City Attorney Memorandum

DATE: 4/14/2026

TO: Mayor and Commissioners

FROM: Ana M. Garcia, ICMA-CM, City Manager

VIA: Eve A. Boutsis, City Attorney

SUBJECT: Mid-Year Budget Adjustment

Request:
To approve a mid-year budget adjustment to fund pre-trial litigation expenses.

Background:
The City of Dania beach like several other adjoining cities entered into a Large User Waste Water Agreement with the City of Hollywood for Hollywood to provide waste water services for a fee. The same agreement was executed by the City of Pembroke Pines, Pembroke Parks, Hallandale Beach, Miramar and Broward County. The City believes that some of the charges imposed by Hollywood and paid by the City were improperly imposed and the City should receive those payments back from the City of Hollywood.

Pembroke Pines first filed suit against Hollywood for what it believed were improper charges. Pembroke Pines succeeded at trial and was awarded damages payable by the City of Hollywood. Hollywood appealed the judgment in the litigation known as *City of Hollywood v. Pembroke Pines,* Appellate case numbers: 4D2023-2252 and 4D2024-07l 5 (Fla. 4th DCA). The underlying appeal and litigation was ultimately resolved under a settlement agreement between the parties, in September 2025.

The City disputes the same charges imposed by the City of Hollywood under the City's Large User Agreement and initiated the government dispute resolution process authorized and required under Florida law. This process was initiated by Dania Beach before the Hollywood/Pembroke Pines settlement. In an effort to amicably resolve matters the City of Dania Beach and the City of Hollywood, on or about September 18 , 2024, approved resolutions authorizing a tolling agreement that stayed the City of Dania Beach's litigation against the City of Hollywood. The tolling agreement also extended the City's claims period so that the City can recover damages for a five year period back to 2018. The stay was designed to continue until a decision from the appellate courts in the *City of Hollywood v. Pembroke Pines*, with the parties agreeing to abide by the final decision of the appellate court. However, the appellate court never rendered a final decision on the appeals. Rather, in September 2025, the Cities of Pembroke Pines and Hollywood settled their damages dispute. The settlement and dismissal of the appeals then automatically ended the Dania Beach/Hollywood stay 30 days after the Appellate Court's

dismissal.

On or about December 29, 2025, the Cities of Dania Beach and Hollywood agreed to a short extension of the underlying stay that was expiring through January 21, 2026, in order to try and work on a settlement. Settlement negotiations failed.

As a result, to preserve the City of Dania Beach's claims back to 2018, the City had no choice but to file suit against the City of Hollywood, as the City of Dania Beach believes that it is owed damages exceeding $5,000,000.00, plus prejudgment interest, attorney's fees and costs in improper charges imposed by the City of Hollywood under the Large User Agreement, since 2018.

In 2024, the City hired Akerman LLP, which firm provides services to the City at a reduced government rate, and which counsel represented the City of Pembroke Pines in their success damages claim litigation against the City of Hollywood, as referenced above has proposed a pretrial litigation budget. Utilizing Akerman allows the City to utilize the firm's institutional knowledge from the Pembroke Pines litigation and also uses their expertise in bringing the underlying litigation. The City of Hollywood's outside counsel is the firm of Greenberg Traurig. The proposed Akerman, LLP budget through Pre-Trial litigation is $650,000.00, which should extend through the year, and therefore, requires an amendment to the fiscal year 2025-26 adopted budget to fund the litigation. The funding may extend into fiscal year 2026-2027, but the Office of the City Attorney seeks affirmation of the budget going forward to ensure proper funding of the underlying litigation.

Budgetary Impact
Funding from reserves of $650,000.00 will be placed in the Legal Department budget to fund the litigation.

Recommendation
Approve the budget amendment.

City of Dania Beach
Parks & Recreation Memorandum

DATE: 4/14/2026

TO: Mayor and Commissioners

FROM: Ana M. Garcia, ICMA-CM, City Manager

VIA: Cassi Waren, CPRP, Director of Parks & Recreation

SUBJECT: Amended Parks and Recreation Schedule of Fees and Charges

---

Request:
The Parks and Recreation Department is requesting the adoption of a resolution approving the amended Parks and Recreation schedule of fees and charges.

Background:
The Department of Parks and Recreation has a City Commission adopted fee schedule for the pier, marina, facility rentals, aquatic, fitness, camp and programming fees. The Department did a comprehensive review of our existing fees in comparison to the surrounding cities to determine if updates needed to be made to the current fees to remain competitive while ensuring that the city remains financially sound in line with the city's strategic plan while continuing to offer premier, top-tier recreational programming. As the City continues to invest in our community and parks, it is also important to ensure that our fees correspond to the level of quality and service we provide.

It is essential for staff to periodically review our fee schedule as we continue investing in the community, and to benchmark our pricing against neighboring cities to determine whether adjustments are needed.

The attached fee schedule, Exhibit A, provides a detailed outline of the recommended changes to our fee schedule in red. Below is a brief overview highlighting the areas in which changes are being made:

- Facility Rentals
- Athletic Fields/Court Rentals
- Fitness Center Fees
- Aquatic Center Fees
- Programming Fees

With these revised rates, both residents and non-residents will continue to benefit from high-quality facilities, memberships, programs, and camps at a fair and equitable price point, while enabling the city to remain competitive while continuing to provide first-class programming, camps and service in line with our strategic plan.

Budgetary Impact

Recommendation
It is recommended that the City Commission approve the amended Parks and Recreation schedule of fees and charges.

RESOLUTION NO. 2026-_____

A RESOLUTION OF THE CITY COMMISSION OF THE CITY OF DANIA BEACH, FLORIDA, ADOPTING THE AMENDED PARKS AND RECREATION SCHEDULE OF FEES AND CHARGES; PROVIDING FOR CONFLICTS; FURTHER, PROVIDING FOR AN EFFECTIVE DATE.

WHEREAS, the Parks and Recreation Department (the "Department") staff has evaluated the existing fees in order to recommend appropriate revisions for the City Commission to review and approve; and

WHEREAS, the Department reviewed the existing fees in comparison to the surrounding cities to determine if updates need to be made to the current fees to remain competitive and to ensure that the City better align with the city's strategic plan and being financially sound in order to properly run facilities, membership, programs and rentals; and

WHEREAS, the City adopted Resolution No. 2025-026, with the City's current fee schedule; and

WHEREAS, the proposed amended fee schedule, attached as Exhibit "A" (the "Amended Fee Schedule"), will put the City's fees on par with the fees charged by surrounding municipalities with comparable facilities and services; and

WHEREAS, the Amended Fee Schedule is reasonable and any fee not specific to the Amended Fee Schedule, a fee may be implemented or revised by the City Manager or Designee; and

WHEREAS, the City Commission deems it to be in the best interest of the City to adopt the Amended Fee Schedule, attached as Exhibit "A" and incorporated into this Resolution by this reference.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF DANIA BEACH, FLORIDA:

City of Dania Beach
Parks & Recreation Memorandum

DATE: 4/14/2026

TO: Mayor and Commissioners

FROM: Ana M. Garcia, ICMA-CM, City Manager

VIA: Cassi Waren, CPRP, Director of Parks & Recreation

SUBJECT: First Amendment to Marina Management Agreement

Request:
The Parks and Recreation Department is requesting the adoption of a resolution authorizing City Officials to execute an Amendment to the Agreement for the Assignment and Assumption Agreement with US Marina Group, LLC for the Marina Management of the Dania Beach Marina.

Background:
The City issued Request for Proposal Number 23-012 for Marina Management Services and entered into an agreement with Oasis Marina, LLC on January 6, 2024.

Oasis Marina, LLC notified the City on January 28, 2026, that they are no longer interested in third-party management agreements and recommended an assignment agreement to US Marina Group, LLC.

On February 24, 2026, the City Commission approved the Assignment and Assumption Agreement for the Marina Management with US Marina Group, LLC.

Upon approval, staff worked to execute the Assignment and Assumption Agreement with US Marina Group, LLC. US Marina Group, LLC notified the city that the cost to obtain the required insurance per the agreement was extremely high. Therefore, risk management, along with legal, discussed the current insurance requirements and determined that in order to be financially sound and in line with our strategic plan, while also maintaining safe insurance limits, we should modify certain insurance requirements based on updated risk evaluation and market conditions.

Based upon this, an amendment is needed to the existing Assignment and Assumption Agreement with US Marina Group, LLC to modify certain insurance requirements as listed in Exhibit A.

Budgetary Impact
A budget transfer is necessary from 415-72-09-575-99-10 (Ocean Park Enterprise-Recreation-Marina-Marina-Other Uses-Contingency) to 415-72-09-575-45-10 (Ocean Park Enterprise-

Recreation-Marina-Marina-Insurance-Coverage) in the amount of Forty-Two Thousand Two Hundred and Twenty-Nine Dollars ($42,229.00) to cover the cost of the insurance per the Marina Management Agreement.

Recommendation
It is recommended that the City Commission approve the resolution authorizing City Officials to execute an Amendment to the Agreement for the Assignment and Assumption Agreement with US Marina Group, LLC for the Marina Management of the Dania Beach Marina.

SUBJECT: AUTHORIZATION TO APPROVE A RESOLUTION ACCEPTING FISCAL YEAR 2025 EDWARD BYRNE MEMORIAL JUSTICE ASSISTANCE GRANT PROGRAM FUNDING IN THE AMOUNT OF $19,886 FOR THE CITY OF DANIA BEACH

Request:
The City Manager's Office requests approval of a resolution authorizing the City to accept Fiscal Year (FY) 2025 Edward Byrne Memorial Justice Assistance Grant (JAG) funding in the amount of $19,886. The City intends to allocate these funds toward the implementation of the Conveyance and Business Burglary Prevention Initiative.

Background:
A number of municipalities within Broward County annually apply for and receive grant funding through the United States Department of Justice (DOJ) Edward Byrne Memorial JAG Program. The City of Dania Beach has consistently been awarded JAG funding to support a range of law enforcement initiatives aimed at reducing and preventing crime throughout the community.

As the lead agency, the Broward Sheriff's Office (BSO) will serve as the fiscal agent, responsible for the administration and distribution of all funds awarded under the JAG Program. This year's allocation will support the following objectives:

- Reduce conveyance and business burglaries and support the identification and apprehension of offenders.
- Enhance monitoring of known offenders to deter recidivism.
- Provide real-time data and analytics to support law enforcement operations and decision-making.

While the City has experienced a measurable decline in property crimes, particularly auto thefts and conveyance/vehicle burglaries, these grant funds will help sustain and further this positive trend.

The Conveyance and Business Burglary Prevention Initiative is designed to proactively address areas experiencing elevated levels of such crimes. Efforts will include targeted surveillance of

high-risk locations, as well as direct engagement with business owners to conduct security assessments and implement “target hardening” strategies for facilities and parking areas.

Budgetary Impact
Funding for the FY 2025 JAG Program in the amount of $19,886 has been allocated to the City of Dania Beach. These funds will be administered by BSO, serving as the designated fiscal agent.

Recommendation
The City Manager’s Office recommends that the City Commission adopt a resolution authorizing acceptance of the FY2025 JAG funding, with BSO designated as the lead agency responsible for administering the program.

RESOLUTION NO. 2026-_____

WHEREAS, the City of Dania Beach (City) is eligible to receive funding from the United States Department of Justice (DOJ) under the FY25 Edward Byrne Memorial Justice Assistance Grant; and

WHEREAS, the deadline to apply was scheduled for April 3, 2026 to BSO, and final application deadline of April 17^{t}, 2026, and the Administration has authorized the application proceeding forward and now seeks City Commission retroactive authorization to apply for the grant.

NOW, THEREFORE, BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF DANIA BEACH, FLORIDA:

SUBJECT: **TX-002-26:** The applicant, the City of Dania Beach, is requesting several text amendments to the City's Code of Ordinances, Land Development Code (LDC) (First Reading).

Request:
TEXT AMENDMENT

1. To amend Section 110-20, entitled "List of Permitted, special exception and prohibited uses" clarifying permitted used in the PRD-1 zoning district and eliminating the Mixed-Use Districts from the table.
2. To amend Section 110-190 entitled, "Uses subject to minimum separation distances" to add separation requirements for Kava and Vape uses.
3. To amend Section 302-10, entitled "Permitted, special exception and prohibited uses" within the Regional Activity Center adding uses previously identified in the commercial permitted use table.

PUBLIC HEARING NOTICE
This item was duly advertised, posted and noticed pursuant to Article 610 of the LDC.

Background:
On September 14, 2010, the City Commission approved the City's new Land Development Code (LDC) referred to as OneCode. As staff continue to use the new regulations, scrivener's errors, inaccuracies and vague, imprecise or ambiguous language continues to emerge, some of which staff is proposing to address at this time. In addition, over time any set of regulations becomes antiquated unless periodically updated.

Staff Analysis
The following amendments are proposed to identify permitted uses within the Community Redevelopment Area (CRA) in one location. Today the CRA Form-Based zoning districts are identified in the commercial permitted use table as well as the form-based CRA permitted use table. This duplicity is confusing. Overtime, as changes are made, the two tables do not align,

making administration complicated and confusing for staff as well as the public.

Staff is also taking this opportunity to clarify uses within the Planned Residential Development (PRD-1) zoning district and to specifically identify where kava and vape uses are permitted within the city.

1. *Commercial Permitted Use Table.*

This amendment deletes the Mixed-Use zoning districts, which are also identified in the in the permitted use table provided in Subpart 1 – Community Redevelopment Area (CRA) Form-Based Zoning Districts, within the City's Land Development Code. This will eliminate the duplicity that currently exists.

Kava and vape uses are added as new conditional uses with a 1,000-foot separation. Outdoor Restaurants, bars and outdoor dining have been added to the PRD-1 zoning district, which were inadvertently eliminated when the district was added to the permitted use table in 2025.

2. *Separation of uses.*

This amendment identifies the conditions of use being a one-thousand-foot (1,000') distance separation between similar uses for kava and vape businesses. This separation is similar to separation requirements for the sale of alcohol. This separation requirement will prevent a concentration of similar uses in an area which frequently adds to a decline of an area.

3. *RAC Permitted Use Table.*

This amendment will consolidate the permitted use table for form-based zoning districts found in the Regional Activity Center, adding clarity for staff and the public. Kava and vape uses are also added as prohibited uses.

This application requires two (2) public hearings by the City Commission.

Budgetary Impact
These proposed amendments will have no budgetary impacts to the City.

Recommendation
Planning and Zoning Board Recommendation
On March 18, 2026, the Planning and Zoning Board recommended approval of these text amendments.

Department Recommendation:
Staff requests the City Commission to approve the Text Amendments on first reading.

City of Dania Beach
City Attorney Memorandum

DATE: 4/14/2026

TO: Mayor and Commissioners

FROM: Ana M. Garcia, ICMA-CM, City Manager

VIA: Eve A. Boutsis, City Attorney

SUBJECT: Creating the City's Code of Ethics Ordinance

Request:
To adopt the City's new ethics ordinance.

Background:
Commissioner Lewellen requested that we update the City's code to include certain ethics provisions recommended by the Office of the Investigator General and other clarification provisions. The ordinance provides:

1. All the ethics regulations are supplemental to state law, addressing areas not clarified or addressed in state law.
2. Defining Commissioner, autonomous personnel, quasi-judicial personnel, department personnel, employees, immediate family member and contract staff.
3. Provide a prohibition against gifts to or offers of employment to members of selection committees.
4. Specifically authorizes the City to seek gifts on behalf of the City (Donations) by the elected officials, city manager, and department directors.
5. Rules relating to vendors – precluding bid rigging, collusion, etc.
6. Rules prohibiting vendors from providing misleading information.
7. Authorizing debarment of vendors for violations.
8. Prohibiting commissioners, board members, employees and contract staff from appearances on behalf of a third party in front of the City (unless an exemption applies).
9. No city personnel may recommend personal services to avoid collusion concerns.
10. City attorney is to provide opinions on ethics concerns upon request. The opinion shall not have any names, and be made available to public.
11. Addresses voting conflicts for Advisory Boards and Quasi-Judicial actions.
12. Requires the person with a voting conflict to announce the conflict, file appropriate state forms, and to leave the room for discussion and deliberations.
13. Vendor is precluded from paying any travel expense of employees, or elected officials.
14. Individual Commissioners and City employees not participate in settlement negotiations unless authorized by City Commission.
15. Process for remedies of violations of contract provisions and procurement regulations.

16. City disclaims any responsibility for unauthorized purchasing.
17. City can debar vendors, can charge $500.00, as a fine. The City Commission is empowered to adopt procedures by which any such officials of the City found in violation of this article shall be removed from office.

The vendor/procurement provisions are modeled after Broward County Code for its vendors. The remainder of the ordinance is modeled, but simplified, after the provisions of the Miami-Dade County Code of Ordinances, which applies to all Miami-Dade County cities. Both of these policies follow best practices.

Budgetary Impact
No budgetary impact

Recommendation
Pass on first reading of the ordinance and schedule second reading, public hearing of the ordinance. The ordinance provides for transparency and additional ethical safeguards.

(1) Gifts shall be as defined under Florida Statutes, Chapter 112 and Broward City Code ($100.00 or more). In addition to any other prohibition contained in this section, any person, or their immediate family members, appointed to serve on a competitive selection committee for a procurement shall not accept, solicit, or demand any gift of any value from any proposer to such procurement. Proposers to a procurement shall not offer, give, or agree to give any gift of any value or offer future employment to any member of the competitive selection committee for such procurement or to their immediate family members.

(2) Any person who has accepted a gift of any value from a proposer to a procurement in the two years preceding the issuance of the solicitation for such procurement shall not be appointed to the competitive selection committee for such procurement; and, if appointed, shall, in addition to any other penalty provided for in this section, be immediately removed from such competitive selection committee. For purposes of this subsection, the term "proposer" shall mean any person, firm or corporation that submits a response or proposal to a solicitation, including any owners, principals, corporate officers, managers, employees, agents, and lobbyists of such person, firm, or corporation and their immediate family members.

(d) *Gifts solicited on behalf of the City.* The solicitation and acceptance of gifts on behalf of the City for use solely by the City in conducting its official business is permissible. It is provided, however, that soliciting and accepting such gifts shall be undertaken or authorized only by Commissioners, the City Mayor, City Manager, the assistant to the elected officials or department directors.

(e) *Ethical Standards in Procurement.*

(1) *Employees and Elected Officials.* In connection with any matter covered by this Code, those identified as (b)(1) – (6), and (9), must comply with this and the City's Procurement Code.

(2) *Vendors.* Any vendor who seeks to do business with the City must comply with the ethical standards stated in this section. Any vendor that violates any of these ethical standards shall be subject to suspension and debarment as provided in Chapter 18 of the City's Procurement Code. They may also face revocation of their contract, and penalties as provided below at Section (n) through (q).

(3) No vendor shall discuss or consult with any other vendor intending to compete for the same or a similar City contract for the purpose of bid rigging, collusion, or other activities that are illegal, unethical, or are intended to or will result in limiting competition.

(4) No vendor may submit any false or intentionally misleading information to the City in connection with or in response to any procurement.

(5) No vendor may perform any action in connection with any procurement by the City if such action would violate Section 287.133, Florida Statutes (the Public Entity Crimes Act), Section 287.134, Florida Statutes (Discriminatory Vendors), Section 287.135, Florida Statutes (Scrutinized Companies), or Section287.055, Florida Statutes (Consultants Competitive Negotiation Act).

(6) Any vendor doing business with the City, which services valued over $250,000.00, in any one year, shall have at least one employee or representative participate in Ethics training, whether from a private organization, from the City, County or State. Said training shall be completed within a year of receiving a contract from the City. Failure to complete the training and providing the City with timely proof of same shall result in termination of services.

(7) In all procurement for professional services (Request for Qualifications) or any procurement valued over $250,000 in any one year, shall be required to execute an affidavit as a response to an ITB, RFQ, RFP, etc., affirming the ethical obligations under subsection (e)(6), above.

(f) *Certain appearances and payment prohibited.*

(1) No person included in the terms defined in subsections (b)(1), (5), (6) and (9) [Commissioners, Board Members departmental personnel, employees and contract staff] shall appear before any City Commission or agency and make a presentation on behalf of a third person with respect to any license, contract, certificate, ruling, decision, opinion, rate schedule, franchise, or other benefit sought by the third person. Nor shall such person receive compensation, directly or indirectly or in any form, for services rendered to a third person, who has applied for or is seeking some benefit from the City or a City agency, in

connection with the particular benefit sought by the third person. Nor shall such person appear in any court or before any administrative tribunal as counsel or legal advisor to a party who seeks legal relief from the City or a City agency through the suit in question.

(2) No person included in the terms defined in subsections (b)(2), (3) and (4) [autonomous personnel, quasi-judicial personnel, and advisory personnel] shall appear before the City Commission or agency on which he or she serves, either directly or through an associate, and make a presentation on behalf of a third person with respect to any license, contract, certificate, ruling, decision, opinion, rate schedule, franchise, or other benefit sought by the third person. Nor shall such person receive compensation, directly or indirectly or in any form, for services rendered to a third party, who has applied for or is seeking some benefit from the City Commission or agency on which such person serves, in connection with the particular benefit by the third party. Nor shall such person appear in any court or before any administrative tribunal as counsel or legal advisor to a third party who seeks legal relief from the City Commission or agency on which such person serves through the suit in question.

(3) The City may authorize waivers of subsection (f) for professional services contracted for by architects, engineers, and lawyers due to public policy or public procurement needs.

(g) *Recommending professional services.* No person included in the terms defined in subsections (b)(1) through (6) may recommend the services of any lawyer or law firm, architect or architectural firm, public relations firm, or any other person or firm, professional or otherwise, to assist in any transaction involving the City or any of its agencies, provided that such recommendation may properly be made when required to be made by the duties of office and in advance at a public meeting attended by other City officials, officers or employees.

(h) *City Attorney to render opinions on request.* Whenever any person included in the terms defined in subsection (b)(1) through (6), (b)(8) and (b)(9) is in doubt as to the proper interpretation or application of this Conflict of Interest and Code of Ethics Ordinance as to himself or herself, or whenever any person who renders services to the City is in doubt as to the applicability of the said ordinance as to himself or herself, he or she may submit to the City Attorney a full written statement of the facts and questions he or she has. The City Attorney shall then render an opinion to such person and shall publish these opinions without use of the name of the person advised unless such person requests the use of his or her name. Any person included in the term defined in subsection (b)(1) (i.e., Mayor or Commissioner) who is employed or retained by an entity that receives City funds or is under contract with the City shall, within sixty (60) days after (a) being retained or employed by the entity, or (b) becoming aware of the entity's receipt of City funds or of the entity's contract with the City, whichever is later, seek an opinion from the City Attorney regarding the applicability of the Conflict of Interest and Code of Ethics Ordinance. Any person included in the term defined in subsection (b)(1) who is employed or retained by an entity that receives City funds or is under contract with the City and has received an opinion from the City Attorney prior to the effective date of this ordinance regarding the applicability of the Conflict of Interest and Code of Ethics Ordinance to himself or herself shall not be required to seek another opinion from the City Attorney.

(j) *Voting Conflicts.* Members of Advisory Board and Quasi-Judicial City Commission actions. No person included in the terms defined in subsections (b)(3) (quasi-judicial personnel) and (b)(4) (advisory personnel) shall vote on any matter presented to an advisory board or quasi-judicial City Commission action on which the person sits if the will be directly affected by the action of the advisory board, or quasi-judicial decision of the City Commission on which the member serves, and the member has any of the following relationships with any of the persons or entities appearing before the City Commission: (i) officer, director, partner, of counsel, consultant, employee, fiduciary or beneficiary; or (ii) stockholder, bondholder, debtor or creditor.

(k) Any person with a voting conflict under this Code or pursuant to Fla. Stat. Section 112.3143, entitled "Voting Conflicts" shall disclose the conflict during the meeting and leave the room during deliberations and voting. He or she shall return upon the conclusion of the item.

(l) *Prohibition on acceptance of travel expenses from City vendors.* Notwithstanding any other provision of this section, no person included in subsections (b)(1)(Mayor and Commissioners), (b)(5)(departmental personnel) or (b)(6) (employees) shall accept, directly or indirectly, any travel expenses including, but not limited to, transportation, lodging, meals, registration fees and incidentals from any City contractor, vendor, service provider, bidder or proposer.

(m) *Prohibition on participation in settlement negotiations.* Neither the Mayor, a City Commissioner nor any member of their staff shall participate in settlement negotiations of claims or lawsuits, including but not limited to contract scope or compensation adjustments involving the City without prior approval of the City Commission.

(n) *Remedies Prior to an Award of Contract or Procurement.* If it is determined prior to award that a solicitation or proposed award of a contract is in violation of law, this Code, or the City's Procurement Policy, the solicitation or proposed award shall be canceled or revised to comply with the applicable law, Code or Procurement Policy. The City staff receiving this information of a violation shall share same with the Procurement Department and City Manager. Any investigation shall be as provided under the City's Procurement Policy. Once a determination is made by the Manager the procurement shall be canceled or revised.

(o) *Remedies After an Improper Contract/Procurement Award.* The City staff receiving this information of a violation shall share same with the Procurement Department and City Manager. Any investigation shall be as provided under the City's Procurement Policy, which may provide for a hearing before the City Manager, or his/her designee. If it is determined that an award of a solicitation was made in violation of law, this Code, or the City's Procurement Policy, then:

(1) If the vendor awarded the contract has not acted fraudulently or in bad faith, as determined by the Procurement Division:

The contract may be ratified and affirmed by the City Commission or City Manager, as may be applicable; or

may be applicable, in a manner designed to eliminate or minimize any damages to the vendor.

(2) If the vendor awarded the contract has acted fraudulently or in bad faith, as determined by the City Manager under the City's Procurement Policy:

The contract may be terminated by the City Commission, or City Manager, as may be applicable; or

The contract may be ratified and affirmed by the City Commission or City Manager, as may be applicable, if the City Manager, in consultation with the Procurement Department, determines that such action is in the best interest of the City without prejudice to the City's right to seek damages or other relief as the City deems appropriate.

(p) *No Responsibility for Unauthorized Purchasing.* The City may disclaim responsibility and liability for any expenditure or contract arising from a solicitation or purchase made in the name of the City or any City Agency, by any person who lacks the authority to make such expenditure or contract under the provisions of this Code or applicable law. If the expenditure or contract is disclaimed, the liability and expense of such disclaimed expenditure or contract shall be the personal obligation of the individual who acted without authority.

(q) *Provisions for violations.* Any person who knowingly violates any provision of this article shall, upon conviction, be punished by a fine not to exceed five hundred dollars ($500.00). Where applicable, violation of this article shall constitute grounds for dismissal or removal from office. The City Commission is empowered to adopt procedures by which any such officials of the City found in violation of this article shall be removed from office.

(r) Construction. The construction of this Article shall be considered as supplemental to and not in substitution of any requirements of Chapter 112, Florida Statutes, or any rules and regulations promulgated thereunder.
